REORGANIZED CHURCH OF LATTEF-DAY

Saints hold regular services every Sunday

at 2 p.m., power meeting every Saturday

at North street and Pacific Avenue.

All cordially invited.

Elder H. J. Hussey, President.

— Insure with Heinrich.

— Hay for sale. Inquire of M. K. Turner.

— Dress goods, shoes and slippers, at the Racket.

— Hamburg oela, clam juice, and cures at E. Pohl's.

— Two days after the encampment

Watch how time flies.

— Coming from New York this week,

new goods for the Racket.

— Old newspapers by the hundred, 25 cents at the JOURNAL office.

— P. W. Heinrich is so busy this week he has no time to write local.

— Don't forget that cash delivery, is our motto at the Racket.

— Subscription can begin at any time for the JOURNAL and Nebraska Family Journal.

— The county board of supervisors began their regular session yesterday afternoon.

— Remember that Schaeffroth & Plath make specialties of well boring and tubular wells.

— An itinerant band Monday enlivened the streets of the city with some excellent music.

— No wonder we don't have any thunder storms when Heinrich is here to insure our property.

— The celebrated Quick-Meal, and Monarch gas stoves, the best in the market. For sale by A. Boettcher. 44

— The season for tornadoes is now at hand and property owners should secure a policy at once, with G. G. Becher & Co.

— The JOURNAL is on sale, each week at the book and news stores of E. D. Fitzpatrick and J. Heitkemper, at 5 cents a copy.

— H. G. Reeder, recently in the employ of the B. & M. R. R. Co. as telegraph operator, is now with the U. P. Co. in a like capacity.

— The Union Pacific base ball club passed through the city Friday morning on their way to Norfolk, where they were to play ball.

— Charlie Fields of the Telegram force was compelled to quit work last week on account of the formation of an ugly felon on his right hand.

— A fine shower Sunday night was a big blessing to this region of country. A rain was greatly needed and came just in the nick of time.

— Among marriage licenses issued we note the following: Charles S. Smith to Miss Rena Marston and Charles C. Johnson to Miss Mary A. Breed.

— The Looking Glass notes as a fact that cats bring ten to fifteen bushels more to the acre on fall plowing than on spring plowing, or in corn stalks.

— Prof. W. H. Clemons, president of the Normal school at Fremont, has been engaged as one of the instructors at the Platte County Teachers' Institute.

— The child of Feifer's reported as lost last Friday, was found in the neighborhood of the Catholic church about 11 o'clock Friday night, and restored to her parents.

— The Congregationalists expect their new minister, Rev. George Morton, to preach for them next Sunday. He is from Willard, N. Y., and comes highly recommended.

— J. E. Mathewson had a fine display at the fair grounds during the encampment, of the work done with the Goethes fence machine, and many farmers were interested by it.

— The ladies' band of Fullerton came down Saturday in a special car, returning the same evening. They treated our citizens to some very good music during their stay.

— The wind Sunday night broke a good many young limbs on the shade trees around town. Limbs which grew too rapidly should be cut back and allowed to thicken up.

— While A. C. Weisnthal of Duncan was unloading a few hogs Monday, one of them getting over the front of the wagon frightened the horses, causing a runaway; no damage done.

— All the school directors in Platte county but six have forwarded their reports to the superintendent. The time is growing short and those behind in this work should hurry matters up.

— A number of people expected to have an address by Gov. Thayer, but were disappointed. We understand that the Governor made a few brief remarks in one of the tents on the camp ground.

— Miss Anna Koester has sued the city of Madison for \$15,000 damages, claimed to be the result of a fall on a defective sidewalk in that city, causing a broken nose, with some other injuries.

— When in need of job work give us a call. All kinds of commercial work done.

— The best and cheapest cultivators made—the Golden Eagle, for sale at A. Boettcher's.

— Schaeffroth & Plath have the best of harvesting machinery and can furnish any kind of farm implements, at reasonable rates.

— Wanted, two Columbus city lots as a site for a residence. Address, next ten days, A. B. care of JOURNAL office and state lowest cash price.

— Those who are going to winter a large number of stock should be looking out for provender. Hay will not be so abundant as last year, and it is not altogether too late to grow millet.

— The game of ball played at the encampment grounds Wednesday afternoon last between Clarke and Columbus was very interesting and resulted in a score of 7 to 8 in favor of the home nine.

— "Deacon" Smith of Genoa is imprisoned here because he could not give bail of \$300 for his appearance before the district court for Sioux County, on a charge of selling liquor without a license.

— The JOURNAL received a very pleasant call Friday from P. A. Gatchell, assistant adjutant general, department of Nebraska G. A. R. of Lincoln. He is thoroughly in earnest in his work as a comrade.

— For Buford plows and cultivators, for harrows, seeders, wagons, Plano binders and anything else needed on the farm in the way of machinery, call on Joseph A. Guttmann on Olive street opposite Henry's corner. 48-1/2

— The Gilt Edge Wind Mill Co. had one of their handsome wind mills on exhibition at the encampment grounds, and it was the admiration of all who examined it, and noted with what ease it worked and governed itself in the wind.

— Mrs. J. A. Battles, a talented Nebraska lady who has charge of that part of the work of W. C. T. U. known as Health and Heredity, will speak on that subject next Sunday evening at the Presbyterian church. All are invited.

— A special train left here at eight o'clock Saturday evening for Norfolk and got back by twelve, stopping some time in Norfolk. Coming back between Madison and Muscatine there was a herd of cattle on the track, and about eight killed.

— Speke & North will have the sale of lots, at reasonable prices, in the new addition to Columbus, now being laid out in the southeastern portion of the city. The addition is owned by J. M. Hoffman Esq. of Lincoln, and is now being surveyed by R. L. Comister.

— Remember that Bowirk Bros. keep a general merchandise store on Eleventh street and as they are going to stay wish to build up a trade here, so only keep the best goods, groceries a specialty. A full line of groceries at rather low prices. Try them.

— Robert Welch, a son of Jonas Welch, fell from a tree he was climbing on Fourteenth street Monday evening and broke one of his arms. It was thought he might be otherwise injured, as he fell about forty feet. Drs. Schug and Stillman waited on him and set his arm.

— Superintendent Cramer is making arrangements for the coming institute in August. Several instructors from abroad are expected and lectures on subjects of general interest will be arranged for. Full announcement will be made next week and circulars of information sent out.

— Isn't it somewhat of a shame that stock buyers at Monroe have been compelled to haul water in wagons, as the railroad has put in no pump at their stock yards? Monroe is in Platte county, and THE JOURNAL wishes to see every burg has its rights and privileges. All these things make business for the railroad companies.

— The following table from Platte county's democratic organ, the TELEGRAM, is interesting mainly because it is a table, and applies to something else than hotels: "With the sweet balmy breezes of June there comes a refreshing reminder that a \$75,000 hotel would fill a long-felt want in Columbus. We only have six with two more in sight."

— Mr. Jones who recently returned from the west, says that Platte county is the best place he knows of. He mentioned a number of cities in the west where crowds of men were jostling each other for work or a meal's victuals, and where the latter came not regularly, and that will miss him very much, indeed.

— The Columbus Telegram informs the third party people that the non-partisan prohibition movement in this state is only a scheme to hoodwink them, and that is the child of the republican party. The Telegram does not boast of its strength, nor is it so poverty that cannot hide them nor riches add luster to their names, men who shall stand as a bulwark against the hordes of sin, men of purpose, men of action, men of nerve, men that will do and dare for the rights of this nation, not on the battle field, thank God, but in the small matters of self-government of home and home surroundings."

— Rev. H. L. Powers starts next Monday morning with his family for Lincoln and Omaha. Mrs. Powers will visit with the families of her brothers at Tekamah, Burt county, for ten days, and returning will visit her father, B. C. Hopwell, at Central City. Mr. Powers will proceed east via Chicago, Johnstown, Pa., Cumberland, Md., Petersburgh, W. Va., on his return he may visit Niagara Falls. During the month of his absence the pulpit will be occupied as follows: 21st by Rev. T. B. Hilton of Fremont; 28th, by Rev. H. G. Pittenger of Albion; August 4th, by Rev. S. W. Martin of Norfolk; August 11th, by Rev. H. A. Crane President Central Nebraska College. Mr. Powers' congregations here have always been large and they will miss him very much, indeed.
