IRELAND.

Hr. J. H. Roed Gives Some Interes Considering the prominence it h eld, especially in these later years, Ireand is but a small country. The entire res is only 32,000 square miles about two-fifths that of our state of Nebrasks A small island to command the attention now has of the civilized world. We ave not far to seek the cause. A sturdy ittle nation, loving liberty, and bravely if not always wisely, insisting upon her rights from a great nation, wickedly op- tempt for a government that would pressing her.

Though the area, including her stretches of mountains and bog lands which cover one-seventh of the island is so limited, it has a population of over 5,000,000, and, before the great famine of '46 and subsequent large emigration, had that I did not think America wished to without warning to any one. His griefover 8.000,000.

It will best serve my purpose, before entering upon the more descriptive parts. to speak briefly of the political troubles that have so long and sorely disturbed the country. It was my desire, during my visit, to learn real facts, whether they accorded with my sympathies and reconceived opinions or not, and I tried to study both sides fairly and carefully, both while in Ireland and afterward during my longer stay in England. Time will not permit me to discuss the natter at length, but some general facts, as I learned them while on the ground. and some incidents which I shall refer to, further along, may be of use to those Irish home rule, and so, against us for of you who care to have a clearer notion sympathy with them. Had I gone to of the much discussed Irish question. England, as most tourists do, without First, the conservative party in Eng going into Ireland, I should have return-

land profess to believe, at least, that

home rule for Ireland means entire sepa-

ration from Great Britain, at least, they claim, it would result in that, and say the Secret Service Bureau, Treasury De that under the circumstances, the island partment, this morning received a tele- is too near for a separate government. Nelson Driggs and his confederate, Ger- they claim that the Irish have no just counterfeiters in this country, had been quietly obey the laws, trouble would pared for home rule, which means local government, they cite the resistance to laws, and especially to the disturbances riots and bloodshed, so frequently oc curring in connection with evictions In short, they claim the Irish to be a rebellious, troublesome race, needing to be restrained and governed by the most stringent laws. Let us look for a mo ment at their grounds for these claims. In Ireland, the land is not tilled by

those who own it as with us but held by

larger estates which are divided into

parcels, cultivated by those who lease

them. Leases are usually for a series of wife and baby and Mrs. Mary Brown to quently occupied the same farm or holding for several generations. When our cheaply raised grain and meat began to find their way across the water, prices of Irish produce declined and it became more difficult for the Irish tenants to pay their large rents. In many instances, entirely impossible. The result. evictions. That is the delinquent tenant was forced to leave the farm which may have been their home for years, and on which he expected to spend the re mainder of his life. He may have put valuable improvements upon it, fo which he will get no remuneration. has not money enough to get to America. Has no place to go, except he take the place on another estate from which some other delinquent like himself ha telligence had been received from Hong been driven. He imagines, at least, that Kong that early in the morning of the he is wronged, and when the agent comes 2d ult, that the Chan Cing and Pong to order him away he refuses to go Yuen districts were flooded by the burst- peacefully. Sometimes a score of ten ing of a water spout or tornado, and the lants on the same estate have notice to level country flooded with nearly thirty. leave at the same time. They talk over six feet of water. The villages of Chae their grievances. The result is, combined resistance, which, when the tim district and Cueong Tam, Hop Lui. Ngai comes, is often encouraged by the pres Ku, Sam Chan Kiu and Sam Po Hui in ence of large numbers of sympathisin Chan Ping district were overflowed and neighbors and friends. Not unfrequent many houses wholly swept away, while ly the priest and member of parliament others were inundated. Upwards of six are present. Then come the scene cited as showing the rebellious character of the Irish peasantry, and their unfitness for self government. If it is but a Senator Paddock is expected to arrive single family or two, to be evicted, the in Washington again Tuesday or Wed- police make easy and quick work of it needay, and it is believed that his return If a number of strong handed farmers will be followed by a number of addi. are ordered to leave the same estate, the tional changes among the land officers resistance is often long and bloody. in the Nebraska districts. There are Sometimes the scenes at these evictions several cases ready to be acted upon, are quite pathetic. I remember one inand as soon as the two senators from stance where a sick woman not expected Nebraska say the word the changes will to live, was roughly carried out on her used, ostensibly for the purpose of assistbe made. Assistant Secretary Chandler, bed and left in the street. The crying ling the tenants to buy lands, by making of the interior department, under whose of women and children on being thrust loans to them, but really in the interest charge these land offices come, does not from their homes is often touching, of the landlord who wants to sell his Sometimes the scenes are desperate and lands at prices greater than could be bloody, but the final results are always otherwise obtained. I cannot go into point republicans instead of democrats the same. Soon or later the tenants this matter here but to one giving it
