The meeting of farmers at Fitzpatrick's hall Saturday last at two was fairly well attended. The main business done was the adoption of a constitution as reported by the committee, whose chairman, Wm. Mayes, was present.

The election of permanent officers was postponed until Saturday next, when a full attendance of all farmers of Platte and adjoining counties who are interested in the welfare of the association is desired.

The committee on program was authorized to notify those whom they expect to take part in the Farmers' Institute to hold themselves in readiness. O. P. Bick presided over the meeting, R. S. Dickinson acted as secretary. Wm. Mayes was appointed to read a paper at the next meeting setting forth the prominent features of the Farmers' Alliance.

It seems to be a dangerous thing to treat a gripe as a "cold" merely, fatally dangerous it has certainly proved to be in many cases. Deaths, by the score, have occurred of those who supposed they were nearly well of their "colds" and proceeded to go about their ordinary business trusting to "work off" their colds. The disease seems to deteriorate the blood; it certainly aggravates any chronic lung troubles and for this reason, the utmost precautions should be taken by persons thus affected, against a first attack and especially against a relapse. Doctors differ in their treatment of the complaint, but common sense dictates the precautions we speak of.

On Wednesday of this week Superintendent Backus opened the proposals for the construction of a new government dormitory at Genoa. There are eight bids for the work, the lowest being those of J. A. The highest bid was \$8,325.00. - [Genoa Leader.]

Then, every plow, harrow, cultivator,

seed, wagon, etc., has been accounted for and the tax paid over and over again this year. Add to the first cost, the interest on the money and the tax and then tell us what machinery costs the farmer to the country and each man interested in it; it is not a class subject for it falls alike on all.

Our fathers were willing to sacrifice their lives because of unjust taxation. We shall not be called upon to resort to such straight, but respectfully ask the county supervisors or whoever makes out the taxable list to leave from it all persons of the class mentioned, and to rate land and stock only high enough to cover the expense of the county.

Bismark Township. Sleighs are in demand now.

The past week has given us the idea that winter has not entirely forgotten us. Walter and Sybil Butler returned a short time ago from their visit to Leavenworth, Kas.

George Hodel has shelled and hauled away part of his corn; Otto Mueller ditto, Redobest boys furnished the motor power.

Unless news turns up in better shape soon, we will have to abandon the occupation of news writing; how would a license do, boys?

Quite a number of the families of this neighborhood were attacked by the influenza; among them are the families of Frank Lutschinger, J. C. Swartzley, John Sanfield and at present Messrs. Jacob Schwank and John Conroy are both down with the disease. No serious results in any of the cases.

James McKenzie returned a short time ago from a visit to friends and relatives at Stanton, this state. While there he purchased a fine team of horses, to replace his nules, which he sold to Ed. Goldman before leaving.

CHARLES. Good Judgment and Masculine.

ED. JOURNAL: - Exchanging thoughts on farming, how to receive the most benefit from our farmers, etc., I would say first it takes good judgment and most men lack it frequently, take more than they can manage and the result is their farms become seeded with burrs, or something else to supply the neighborhood with, and of course ruin the farm. (This burr question would be a very good one to bring before the farmers in their meetings). Nearly everyone knows how to raise pigs and corn. Books are very good but we don't require them in these cases. It is good judgment, what we want in Nebraska, and better prices for what we do raise.

A FARMER.

SCHOOL FINDS.

Apportionment to the Various Districts in Platte County.

The following shows the sources of the school fund apportioned by the state superintendent to the several counties:

Table showing sources of school fund apportioned by the state superintendent.

The number of minutes lost by tardiness is decreasing in every department, except the High school. The total number of minutes lost by tardiness is only about 50 per cent of what it has been in preceding months.

The number of cases of corporal punishment in only about one-half as many as what it has been in previous months.

Miss Ransdell's school is entitled to the half holiday for highest per cent of attendance and fewest minutes lost by tardiness.

Miss McClath's room being second. The High school having the lowest on the list.

The order in all the schools is very good.

The amount of work done by the pupils and teachers is far in excess of any school I have ever known.

The grade of scholarship as shown by the term examination of the pupils is good as a rule but the advancement of the pupils is not as uniform as it should be.

Just, however, that this defect will soon be overcome, as all our efforts are being directed to this end.

Yours respectfully, J. M. SCOTT.

Supplies for the County.

It was suggested at the last meeting of the board of supervisors that the officials, if so minded, might purchase the county blind, between that time and the next we suppose the contract was let.

We suppose the contract of Gibson, Miller & Richardson, E. D. Fitzpatrick and W. Saunders are similarly worked with ours, and if so, they read that they shall furnish the supplies that they respectively are under contract for, "until the county board of said county shall let or award the contract for county supplies for the year 1890." So that Judge Hensley was not right in ordering else where his letter heads and envelopes.

Ex-Senator Kellogg, like most southerners, regards Senator Morgan's scheme of sending the negro to Africa as government expense as a very foolish one, and says the solution of the problem will have to be looked for in other directions.

The tariff hearings before the house committee on ways and means have included about every industry intended, but Chairman McKinley says nobody shall be excluded, and hearings may be had on application until the bill is reported to the house.

Mr. Wanamaker seems to have the proper ideas of the relations that should exist between a member of the cabinet and the people, as represented in the house of representatives. He told the members of the house committee on post offices and post roads, who paid him a social visit, that he hoped they needed information on postal matters, and that there was nothing private in the business of his department.

The senate committee on territories will not report an omnibus bill. The majority is opposed to the admission of New Mexico, but will report separate bills admitting Idaho and Wyoming.

Mr. Gen. U. S. Grant is spending a few days with friends here. He is looking better in his old years, and doing remarkably well, and says he health is excellent.

DIED.

SCHMITZ - January 15th, 615 a. m., of pneumonia, after a short illness, Peter Joseph Schmitz.

He was born in Germany, July 18th, 1848. Came to this country with his parents, locating in Wisconsin. In 1872 he moved to this county, where he has since remained. He leaves a wife and five children, two boys and three girls, to mourn his departure.

He was an affectionate husband, an indulgent father, a kind and obliging neighbor, and had very many warm friends who sincerely mourn his loss.

The funeral took place Friday at 10 from Boss Ventura, Catholic church, the Rev. Father, of which he was an active member, taking charge.

He says he only applied it three times until his feet were entirely well and free from itching and swelling. For sale by all druggists.

The public schools at Creighton and Stanton were closed last week on account of a gripe.

Language is hardly strong enough to express my admiration of the merits of Chamberlain's Cough Remedy. It is the best remedy for cough and whooping cough I have ever used. During the past eighteen years I have tried nearly all the prominent cough medicines on the market, but say, and with pleasure too, that Chamberlain's Cough Remedy is the best of all.
