but it will only take a minute in which to state a few facts, that, if heeded, will prove invaluable to many. It's well-known that the press teems with advertisements of sarsaparillas and other liver, blood and lung remedies, for which great claims are made. They are generally represented as sure cures. But there is one medicine, and only one, the claims for which as a cure for all lingering diseases arising from Torpid Liver or Biliousness, or from impure blood, are backed up by a positive guarantee! If it don't do just as represented in every case, the money paid for it is promptly refunded. This peculiar method of business, it will readily be seen, would bankrupt

TALK IS CHEAP.

the manufacturers of the ordinary medicines in the market. Only a marvelously efficacious medicine, containing the most positive curative properties, could sustain itself under such trying conditions as these.

This peculiar medicine sells beyond all others throughout the civilized world. And why should it not? "Talk is cheap," but when it's backed up by a positive guarantee, by a house of long established reputation, for hon-esty, integrity and sound financial standing, then words mean business ! And that's just what the World's Dispensary Medical Association, of Buffalo, N. Y., mean in guaranteeing their Dr. Pierce's Golden Medical Discovery to do all that it is recommended to do, or refund the price paid for it.

Dr. Pierce's Golden Medical Discovery checks the frightful inroads of Scrofula, and, if taken in time, arrests the march of Consumption of the Lungs, which is Lung-scrofula, purifies and enriches the blood, thereby curing all Skin and Scalp Diseases, Ulcers, Sores, Swellings, and kindred ailments. It is powerfully tonic as well as alterative, or blood-cleansing, in its effects, hence strengthens the system and restores vitality, thereby dispelling all those "tired feelings" experienced by the debilitated. Especially has it manifested its potency in curing Tetter, Eczema, Erysipelas, Boils, Carbuncles, Sore Eyes, Goitre, or Thick Neck, and Enlarged Glands.
