it is necessary now for the various solicit your patronade. establishments to maintain a force of traveling salesmen, at an average cost of not less than \$3,000 a piece. Hereafter one set of traveling men will cover the whole territory for the combine. In many other ways expenses are to be reduced: for illustration, in the purchase of supplies. Supplies are to be bought by the general agent of the trust, in very much larger quantities, and therefore at a larger discount than any member of the combine has been able to purchase heretofore; the amount purchased to be aft rward distributed among the different memters according to their demands. The same policy will be pursued in the purchase of all kinds of supplies. It is apparent that a large saving in expenses can thus be effected. A correspondent has ascertained a number of additional interesting points in regard to this most import-

Victums of Mad Dogs. -CALL ON-The seven persons who were bitten by a mad dog recently in St. Joseph. Ill., have arrived in New York. They were taken at once to the New York Pasteur institute at No. 188 West Teath street, where they received prompt attention from Dr. Paul

swelling the number of patients to 12. The course of treatment requires a daily inoculation for two weeks. This makes 37 patients in all that have been treated at this institution since it was opened, and all have met with success. Dr. Gibier is certain he will have sati factory results from
