NEARLY every article sold is cheapened n cost of production, at expense of quality. Dobbins' Electric Soap is exactly to-day what it was in 1865, absolutely pure, harmless and uniform. Ask your grocer for it. Damp .r Cold Beds.

According to medical protest against damp or cold beds, warming pans should come into fashion again. One medical writer says: "Not only the guests, but the family suffer the penalty of sleeping in cold rooms and chilling their bodies at a time when they need all their bodily heat, by getting between cold sheets very best quality of the crop, because was reported to Patrolman Jordan the Even in warm, sunny weather a cold, she pays more for it than the growers other night that an unknown man was damp bed will get in its deadly work. It is needless peril and the neglect to provide dry rooms and beds has in it the elements of murder and suicide.
