What is CASTORIA

Castoria is Dr. Samuel Fitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrup, and Castor Oil.

Castoria is an excellent medicine for children. Mothers who repeatedly told me of its good effect upon their children.

Castoria is the best remedy for children of whom I am acquainted. I hope the day is not distant when mothers will consider the interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones.
