Washington Letter.

Secretary Noble in coming back this week, and again there are all sorts of rumors about his early retirement or change to another branch of the government service.

Bellevue college will be known hereafter as University of Omaha, the change in the name being recently made by the trustees.

The people living in Bonanza precinct, Nance county, are greatly worried over Mr. Edwards, who was bitten by a mad dog a few days ago.

There are over 300 students now in attendance on the summer session of the Fremont Normal school and President Clemmons says the number will reach 400.

Fremont's Young Men's Christian association is making arrangements for out-door sports. Tennis courts will be laid out and other games will be provided.

Douglas, a small town fifteen miles west of Talmage, Otoe county, reports thirteen cases of small-pox. The disease was taken there by a man visiting from near Omaha.

Al. Livengood of Grand Island, while out hunting Sunday, accidentally dropped his gun, and the contents of one barrel was received in his abdomen, many of the shot penetrating the bowels.

Mr. Zeuss Dickinson, who lives about ten miles southeast of Atkinson, had the misfortune to have five head of cattle struck by lightning and instantly killed during the storm Sunday night. One stroke did the work.

A Mr. Wavley lost a feed barn in Schuyler Wednesday night about 2 o'clock. The property was vacant, and it is doubtful if the insurance will be recovered. The fire is supposed to be the work of an incendiary.

William Culbertson, aged twelve years, was drowned Saturday, while bathing in a pond in the Gage county fair grounds. He was with a companion on a raft and jumped off in fifteen feet of water. He could not swim and sank at once.

High water in the Platte river has rendered the bridge at Fremont impassable for teams. The approach at the north end was washed out, and a new span fifty feet long will have to be built. The washing was stopped by ripping the bank.

A little seven-year-old boy of Mr. Warner at Stuart fell from the bumper of a box car upon which he was playing last Saturday, striking with his side across one of the rails. He received internal injuries and has been in a precarious condition ever since.

C. O. Henry, one of Furnas county's substantial farmers, exhibited at Beaver City, one day last week, a sample branch from one of his peach trees containing a number of fine peaches. The peach crop this year promises to be the largest ever raised in Furnas county.

Besides old soldiers, there were more than a thousand Sons of Veterans in camp at Genoa last week. David City has the distinction of having the best camp in Nebraska; although second in numbers, Omaha being first, D. C. is first in uniforms, drills and equipments.

D. E. Doty of David City has been awarded a contract for completing twelve miles of the irrigating canal in Red Willow county, for the construction of which bonds were recently voted. The canal will be twenty feet wide and deep enough to carry four feet of water.

Miss. Anthony Pajman, near Clarkson, Otoe county, committed suicide by taking strychnine, June 8. She was 24 years of age, seemed to be happy and none of the neighbors knew of any family trouble. She leaves a husband and four children, the oldest 12, the youngest 5 years of age.

The Adams county alliance met last Monday to consider the advisability of forming a mutual insurance company under the provisions of a law passed by the last legislature. A committee was appointed to investigate the matter and report at the regular meeting on the last Saturday in June.

An unknown man, about 25, weighing about a hundred and sixty pounds and dressed in working man's clothes, was horribly mangled near Bushnell station Sunday morning. It was supposed he was riding on the brake beam. There were no papers or other articles on his person by which he could be identified.

Fifty-five years ago Mrs. Bridges (now of Fairfield), then a girl of eight, in the excitement due to fright swallowed a pin. No inconvenience was felt from it until a short time ago. Last week Dr. Spate of Fairfield removed the pin from the right arm pit. The pin, an old-fashioned steel pin, is all right save one corollary.

L. W. Colby of Bellevue has been appointed assistant to the Federal Attorney General. The democrats are saying that this is his reward for his little speech against Blaine that he tried to make in a state convention, when the crowd sat down on him with the chorus, "Blaine, Blaine, James G. Blaine, and also another like Lansing, when he tried to pull Colby out of the hole."

The mad dog that was at large in the vicinity of John Harbottle's farm was finally poisoned with a piece of meat seasoned with a dose of strychnine. Four hogs belonging to Peter Horvy have died from the effects of being bitten by the dog; also a cow and three hogs belonging to John Harbottle have died from a like cause. The hogs bitten by the dog would attempt to bite others in the pen.—Newman Grove News.

There was quite an excitement at Burrill Tuesday night over the arrest of a man who came there in the evening driving a very superior looking team of mules with a lumber wagon. He put the mules in a feed barn and registered at Brown's hotel as James Collins. He was out rustling some of the ardent when the city marshal received a telegram from Pat McDonald, a saloon keeper at Atkinson, to arrest him for stealing his outfit. Accordingly the arrest was made and Collins, whose right name it appears in Corral, owned up immediately that he was a sinner and had got drunk on McDonald's whiskey and stole the team. It is presumed that Pat having secured his team all right, will not prosecute the fellow. The team when it arrived at Burrill was thoroughly fagged out, Corral having driven about eighty miles in twelve or fourteen hours over muddy roads and through the sand hills.

SPECIAL CASES.

S. E. Clifford, New Cassel, Wis., was troubled with neuralgia and rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and he is able to travel. He was driven north of the city, examining a portion of the ditch and looking over the smooth, level plain which promises to become the richest and most productive plain of any in the great state of Nebraska. They all expressed themselves highly pleased with the present condition and thought Culbertson, in the matter of irrigation, had the bulge on the rest of Nebraska. After examining the forty acres of land donated by the city for the station, the location was pronounced perfect and the station was finally and formally located on the land.

LEGAL NOTICE. To all whom it may concern: The special commissioner appointed to view and report upon the feasibility of locating a public road commencing at E. E. corner of S. E. 1/4 of said section, thence west on section line 1/2 mile and terminating at N. W. corner of S. E. 1/4 of said section, 1/2 mile, thence south 1/2 mile and connecting with the "Jackson Platte River Road" and to be known as the "Duncan Road," has performed that duty and filed his report in this office, favoring the location as above set forth.

Now all objections to the location of this road as above described, or claims for damages caused thereby, must be filed in the county clerk's office on or before noon, August 24, A. D. 1918, or said location may be made without reference thereto.

Dated Columbus, Neb., June 5, 1918. G. W. FARRAR, County Clerk.

Good corn weather, isn't it? You bet it is. Little Mamie Mercer who has been quite low with diphtheria, is improving fast.

Gene Nieholls' father is here from Ill., spending the summer.

Misses Ella Byrnes, Ella Browner and Mary Griffin left the first of the week for Fremont, to attend the normal.

Mrs. Michael Erb and heirs of Michael Erb's estate went to Schuyler, Saturday to be present at the sale of 240 acres of land which lays on Shell creek. The land brought \$23.15% per acre. Andrew Konopik making that bid, he being the highest he received the land.

Henry Engle was in Schuyler court- ing. Why, we thought Henry was married!

Hay seems to be very scarce in the country. Some of the farmers have found it necessary to go to town and buy hay.

Miss Emma Erb had a strawberry and cream festival Saturday afternoon, Gus Kohler being the principal guest.

W. T. Ernst has purchased a peacock. So far, the weather prognosticator of Omaha has been correct.

Grand Prairie. Plenty of rain and mud during the past week, but crops are looking splendid and the farmers are busy as bees.

The alliance in this neighborhood met at the Sperry school house last Saturday night and secured a new member, Robert Jenkinson.

The creamery is rushing business of late so much as to require a little additional help in running the separator; D. L. Drown has been acting as assistant for the last few days. Several new patrons are bringing their milk and others are likely to follow. The test plan seems to give good satisfaction.

Rev. Pierre, the German Evangelical pastor of Madison, will preach at the Sperry school house next Sunday.

Little Lulu Coleman, grand daughter of Mr. and Mrs. J. S. Freeman, is sick with measles.

Mrs. Wm. Lawrence bought a stand of beer of D. L. Brunen last week.

Mr. Stevenson, proprietor of the Columbus creamery, was on Grand Prairie yesterday looking after his creamery interests.

Question. EDITOR JOURNAL:—By what authority or under what law does the Columbus school board invade the public fund in school board and live on the public fund?

C. H. W. DIETRICH. Mr. Dietrich should not be too cautious about the expenditure of money by the school board for ice cream and bus fare on pic-nic day. A little harmless recreation and even fun once in a year is a good thing, and must cost a little, of course.

In almost every neighborhood there is some one or more persons whose lives have been saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy, or who have been cured of chronic diarrhoea by it. Such persons take special pleasure in recommending the remedy to others. The praise that follows the introduction and use makes it very popular. 25 and 50 cent bottles for sale by C. E. Pollock & Co. and Dr. Heintz, druggists.

ENGEL'S Special Liniment removes all hard, soft or calloused lumps and blemishes from horses, Blood Spavin, Curbs, Splints, Ring Bone, Sweeney, Stiffness, Sprains, Sore and Swollen Throat, Coughs, etc. Save 50c by use of one bottle. Warranted the most wonderful Blemish Cure ever known. Sold by C. B. Stillman, druggist. 25c/50c/1.00.

Chautauque Assemblies. Prices, June 23 to July 6th; Croft, June 23 to July 10th; and Fromont, June 23 to July 6th. The Union Pacific will sell tickets at an open rate of one fare for the round trip. See your nearest Union Pacific agent.
