The call for the people's county central committee to meet at Platte Center, Saturday, June 20, 1 p. m., has been issued by J. C. Swartz, chairman.

If you wish to be a candidate for office, don't be backward about it—there is nothing disgraceful in the fact that you wish to serve your fellow citizens.

For Harrison wagons and Courtland Spring wagons and buggies, call on J. A. Palmer, opposite Dwyer's drug store. He is sure to satisfy you in price and quality.

There is more wickedness emanating from one badly house than there is from a dozen of the worst other evil institutions that you can think of, no matter what they are.

The Truman alliance have resolved that they cannot give the people's party their support in 1892, unless they will favor government ownership of railroads and telegraphs.

Children's day was observed by appropriate services by the pupils of the Sunday School at the Baptist church Sunday morning. There was quite a crowd present.

We have just received our spring stock of parasols and sun umbrellas, the best line in the city, at Galley Bros.

House and lot, with good barn and new out houses, for sale cheap for cash. With addition. Inquire at Arnold & Johnson's real estate office or at THE JOURNAL'S OFFICE.

Earnest Workers of the United Brethren church will give a strawberry and ice cream social at W. G. Lohr's grove in the southeast part of the city, tomorrow evening.

Zinnecker Bros. have purchased a valuable property, parts of lots 1 and 2, next to the southwest corner of Olive and Thirteenth, on which they expect to build in the near future.

The first origin of children's day may be found in Matthew xviii, 1-6, 10-14—"Except ye be converted, and become as little children, ye shall not enter into the kingdom of heaven."

Wm. S. Motter died in Genoa Tuesday, the 9th, the funeral took place the following Sunday. Mr. Motter has lived in Genoa since '82 and is well known in the western part of Platte county.

We have just put in a fine line of bookshelves, business desks and parlor cabinets and miscellaneous furniture, also some of the latest novelties in picture frame mouldings. F. W. Herrick.

W. R. Nason, advance agent of Child's family baby brass band and juvenile comedy company, was in the city Friday making arrangements for the entertainment here Friday evening next.

We learn that Mr. James Baker has one strawberry plant upon which are eighty-four well grown berries with more blossoms and yet this is not an extra good year for crops, so far.—[Looking Glass.]

Rev. Worley, while at Lincoln last week heard addresses by Bishop Newman and the new chancellor of the state university, Canfield, the subject of each address being individuality—both very able and interesting.

J. C. Comstock, delegate to the Sons of Veterans encampment, returned Thursday from Geneva. It is understood that the encampment next year will cost David City about \$600. Geneva took the prize this year.

Children's day was observed at the Methodist church Sunday evening with a program of music, recitations, etc., closing with a tableau, a christian warrior and guardian angel. The house was crowded to overflowing.

Owing to an unusual amount of business on hands the past week, the county clerk has not been able to furnish as a summary of the proceedings of the board of supervisors, which we hope to give in full next week.

Mrs. J. G. Becher is improving from the diphtheria. The family have had quite a siege, but it must be a great satisfaction to them to know that their extreme care has prevented the spread of the disease from their premises.

Henry Loske, one of the oldest and best farmer citizens of Platte county, called at the headquarters on business Thursday, accompanied by his son. He reports the small grain in his neighborhood as looking extra well this spring.

The alumni have postponed their banquet until the 23d. It will take place at the Thurston hotel. There are a number of speeches and music arranged for, and the evening will undoubtedly be an enjoyable one for those present.

No self-respecting city in these times is without a public library. David City has added herself to the list, the council having passed an ordinance for the establishment of a library, a levy having been and library trustees appointed.

Arthur Ryan, the 11-year-old son of Mr. and Mrs. T. C. Ryan, a former resident of this city, won the two prizes at Wisconsin state temperance convention, at Whitewater, Wis., June 3-4. The first prize was a gold medal, the second a silver pitcher.

We understand that there is, in the Council chamber, a very fine specimen of the joiner's handicraft, the combined product of the genius and ability of Gna. Falgout and I. Glack. By actual sight of our own, we know not what it is, but it must, from all accounts, be something out of the usual.

Charles W. Savidge, late of the Methodist church, and quite a noted preacher, joined the Salvation Army at Omaha, Monday evening. F. W. Ware, formerly president of the Central City college, succeeds Mr. Savidge.

At Al Arnold's are two very handsome specimens of taxidermy; one by Dr. Harry Arnold, a great honor, with some feathers almost as fine as the ostrich, the other, by Bert Arnold, an adjunct orna, a regular dandy dude of a bird.

We learn of a new candidate for sheriff, his initials being S. O. Raymond. "Sheep" is a rustling independent, smart, active and sane; he held important public offices, and would, doubtless, if nominated and elected, make a good sheriff.

The Grand Pacific Hotel, corner of Tenth and Tenth streets, is now open for the accommodation of the public. J. W. Watkins, proprietor. The house has been thoroughly overhauled and refitted, and will be conducted in first-class style in every respect.

Frank A. Coleman and Anna D. Freeman, of Columbus, were joined in the holy bonds of matrimony by Judge Allen, at the residence of Mr. and Mrs. Charles Waka, in this city, on Wednesday, June 10, 1891.—[Schuyler Quill. THE JOURNAL adds its congratulations.]

We are in receipt of a pocket map of Nebraska published by Rand McNally & Co., of Chicago, which shows in detail the entire railroad system and accurate locations of the chief towns, post-offices, etc., the quickest system of finding any name on the map of any published.

All the G. A. R. posts in Nebraska are receiving invitations to attend the district re-union comprising Antelope, Pierce, Cedar and Knox counties, to take place July 1-4, at Creighton. The speakers secured are C. H. Van Wyck, Capt. W. C. Henry, and W. V. Allen of Madison.

George Naeser, a lad of 17 years, a native of Boycot, spoke in the Methodist church Sunday morning after the sermon, and in the Presbyterian church in the evening. He speaks four languages, is being educated for mission work, and is a bright, intelligent, ambitious lad.

There are a number of hoodlums in town that will surely meet their reward in a short time at the hands of an increased husband or father. We hear of another instance to a lady on Sunday evening. If the husband had been at hand, the couple of ruffians would not have fared well.

Friday was the first steady warm day we have had this year, and it did seem as though the cold weather had set in. It had been moist before that, and our great grain has been making splendid root; now it is just jumping towards the ears, and if there is no lack, there will be a tremendous crop of corn.

Rev. A. Henrich arrived in Columbus Monday evening and not being able to make connection for Platte Center, he stopped over with his son. He reports his son J. S. in Denver, who had a hard spell of sickness, getting gradually better. In Denver he found a good deal of mud. They had a great deal of rain there.

When at Cedar Rapids, Boone county, last week, we passed a very agreeable hour at the home of Mr. John S. Wolf; while there we were shown some very fine horses, the get of "Gen. Garfield," who is a splendid looking animal of sixteen years. "Kittie Bird," a five-year-old mare, owned by T. E. Bird (Mr. Wolf's father-in-law) was being put through her paces. She is a splendid looking animal, and it is expected she will be in the race at Alton on the fourth. An honest, fair trotter, it is a delight to see her go, and reminded us of Hamley's Hissig. Mr. Wolf has a number of fine horses most of them the property of Garfield, who has been owned by Mr. Wolf for the past fourteen years, costing him \$6,000. Dark Knight, four years, and Harry, three years, are among the most promising, and have remarkable strength of limb, compared with size of body. After seeing such horses close at hand, it is little wonder that men become enthusiasts after the remarkable speed, endurance and strength that they exhibit.

Staturday night, we are told that a number of men were at the house kept by the notorious Hattie Perry, that they became boisterous and she ordered them out of the house; once out, they began to call her ugly names, when she opened the door, and immediately, without further parley, shot one of the men, named Frank Trumbull, the ball going through his clothes and inflicting a flesh wound on his side, he was at work as usual Monday. Up to the hour of writing this item, we have heard of no arrests being made. We suppose that the man shot, and the crowd shot at are very thankful that they escaped with their lives, and we have not seen the chief of police to ask him what policy he purposes to pursue as a conservator of the peace of the city. Among decent people in this city there is but one opinion as to the house kept by Hattie Perry, and that is that it is an unmitigated nuisance of the worst kind, and should have been abated months and months ago.

Paul Soehren has his right index finger bandaged as the result of a bite by a cat. Paul boards with mine host McCoy of the Lindell. Some of the boys had been out fishing, and, returning, left the pole, line, etc., all ready for business, on the fence near the hotel. The cat seeing the luscious bait, made a lunge for it and took it in, and finding the pain of the hook, yowled out. Paul, in pity for poor pussy, undertook to hold her of the hook in her throat, which he did, but the holder didn't hold quite long enough, and pussy, after relief of the hook, fixed her teeth in Paul's finger, so that he had to pry her jaws apart. The swelling in his arm has gone down, and the doctor thinks it can be managed now without amputation.

Ex-Governor R. W. Furnas of Brownville and E. McIntyre of Seward were the guests of R. H. Henry Friday for supper. He was at work as usual from their trip, as members of the state board of agriculture, to the western part of the state, where they were in the interests of irrigation. They took a trip to Denver and up the mountains past Georgetown, over the famous loop to Silver Plume, a wonderfully picturesque country, where the train of cars winds around the rocks like a long and sinuous snake—a sight worth a trip to Colorado to see. Mr. Henry says that Colorado has had abundant rain this season; they have a thorough system of irrigation, however, and do not mind the cost, compared with the great benefits derived from it.

Capt. Miles Warren of Bellwood, died at his home in that town at five o'clock this morning, of heart failure, a dropsical condition. Capt. Warren was sixty-five years old, and leaves a wife, two sons and three daughters—the children all having arrived at the age of maturity. Deceased has always been a man of influence in the community in which he lived. He has resided in Butler county for nearly a quarter of a century. He was a leader in the democratic party for many years; he was postmaster at Bellwood under Cleveland's administration, and had received the appointment to the commandship of the soldiers' home when Governor Boyd was ousted.—[David City Press, June 10.]

Dohany's opera house, Council Bluffs, was crowded full last evening, the attraction being the performance of the Child's Comedy Co. and Baby Brass Band under the auspices of the Women's Christian Association. The fair was in every way a splendid success, and the ladies are to be congratulated upon securing such an attraction. The evening's entertainment consisted of the father, mother, and son, and a number of other little plays, all of which were very well received, and the simple announcement of their coming to the future will be sufficient to insure a crowded house.—[Norfolk Daily News.]

Columbus has never yet been bothered much by the "hoodlum" element, and it is to be hoped that it will not be. An incident of Thursday night has come to our attention, and we are requested to say that if the like occurs again there will be trouble to the perpetrators, no matter who they may be, whether Columbus tramps, or tramps from some other place.

Union services of the Presbyterian, Congregational and Baptist churches will be held at the Presbyterian church Sunday evening next, under the auspices of the Woman's Christian Temperance Union, in which the ministers of the churches named will assist. An interesting feature of the entertainment will be nine young ladies draped in flags of different countries.

Sunday evening between 8 and 9 Philip Vetter, a farmer living a mile and a half west of Humphrey, while returning home was struck by lightning and instantly killed. When found his clothes were burning and one arm was badly burned. One of his horses was killed. Ang. Polkhus, six mile west of Humphrey, was also struck but not fatally. Both his horses were killed.

And yet, Judge Hensley and Sheriff Caldwell do not divulge to which political party they are just now pinning their faith; whether they will hereafter, as heretofore, cling to the rigging of the old democratic hull, or whether they will get aboard the clipper alliance. Come, men, don't be so backward about coming forward; the conventions are near at hand, and "delays are dangerous."

We notice by the Genoa Pipe of Peace that Byron Dieffenbach and wife are happy over the arrival at their home of a boy. Also, that to James Pearsall of this city has been awarded the contract for erecting the new buildings at Grant Institute; as Mr. Pearsall had the other contracts there, their commendation of him means something—that there will be "an honest compliance with the terms of the contract."

H. T. Sperry and W. W. Rice, members of Baker post G. A. R., attended the funeral of Capt. Miles Warren at Bellwood, Saturday, at two o'clock. The funeral was conducted by G. O. R. Post of Bellwood and David City, and there were about a hundred comrades present. We learn that the name of Capt. Warren's death was epilepsy, and that he died Thursday. He was greatly admired for his generous disposition, by all his acquaintances.

The public school system is of such importance to all of us that it becomes us to guard it from everything calculated to impair its usefulness. Any species of incompetency or jobbery; any sort of deception practiced for merely personal and selfish objects should not be allowed a place in the conduct of the schools. If there should be the clearest light and the most open and fair conduct in any species of public functions, it should be in those charged with the education of our youth. Once selected and installed in their places, objections to teachers should not be lightly made, neither should they be too long withheld, when they are vital to the interests of the school, or to the cause for which schools are instituted.

The school law furnishes to school board, teachers and all, the guiding principles of our so-called, public, free-school system—the powers, the duties of each and all, the motive and also the method; the school board nor the teachers have a legal or moral right to assume to know their duties otherwise than as they are laid down in the law. Executive officers are not in any manner bound to obey their own individual whim as to what the law should be, but they are in duty bound to use their best endeavor to enforce the law as it is. If not the school, the people will find it out, and apply the remedy.

This matter incidentally. In a system of graded schools, the entire corps of teachers should be thoroughly competent, adapted to the position selected for them to fill, and animated by the spirit which should characterize all good teachers. There should be a teacher selected for each school with special reference to success in that particular school. There is every good reason for this, and it is here with the same force that in the employment of clerks in the stores, hands on a farm, in a factory and so on. We cannot afford to be careless, thoughtless or set in power over our children, petty tyrants, incapable of any sort; those who, for the time devoted to study, take the place of their parents in the government of the child, should be selected by at least fairly good motives, and should be so manifestly able in their work, and just and fair in their treatment of pupils, as to challenge their good will at least, if not evoke their affection and admiration.

The recognized head of the schools should have all the qualifications of a teacher in a pre-eminent degree, and it is at this point in the school system of Columbus that the time has fully come to say something, and say it loud enough for all to hear. There seem to be a number of things not known to the public generally that they ought to know, in order to fully appreciate the full situation of affairs, and we ask that all who have any information touching this phase of our local problem come forward and present it to the editor of THE JOURNAL, in the interests of our schools.

Knights of Pythias. Occidental Lodge No. 21 K. of P. held memorial services Sunday afternoon at their Castle hall on Eleventh street, at 2:30. A number of Knights from Schuyler, Genoa, and Platte Center were present, and the program as previously announced was followed to the letter; the chief addresses were delivered by Chancellor Commander W. B. Dale, and by Prof. Hughes of Schuyler, the latter occupying most of the time and attention of the audience, and evidencing considerable preparation on the part of the author, and it was highly appreciated by those present. Memorial services by the lodge were very impressive, especially to non-members of the order, and the short speeches of the various officials were very well rendered, some of them with more than usual fervency and effect. The exercises were interspersed with music by the choir of the M. E. church. After the services at the hall, the procession formed with Columbus Cornet Band in the lead, followed by the Sons of Veterans under Capt. Tannhaill, then the Knights in uniform, and citizens. At the cemetery services were held at the graves of E. G. Becher, J. W. Early and A. D. Davis, the first dresses being made at the first two graves by W. A. McAllister and J. G. Becher, respectively, with ritualistic services at the grave of A. D. Davis. The procession re-formed, and marched to the hall where the closing ceremonies of the day were held.

We learn that there are some cute, would-be candidates on the democratic Platte county ticket who are working their best to secure the nomination of some of the weakest men mentioned as alliance candidates, in opposition to them. As the Irishman says: "This is a fine scheme!" It may work all right, however, if the alliance are not watchful, and it is certainly one of the surest ways of securing absolute success. It can only be done, however, through treachery, and in this campaign, for the first time in the history of the state, is a disturbing element, which is the Australian ballot law. In the opinion of THE JOURNAL it will prove to be the greatest blow ever struck against King Caucus. Party nominations will not count for so much as they have been doing. A petition,
