reased \$40,000; that instead of be ources, inexhaustable in its possinely friendly towards them, by

Every nation must foster and develop proportion the three fundamental preferred to deal with them through the Bureau of Missions. There is no trouble detween the Commissioner and the Catholics. Both sides have been diswas the largest in our history, amount-ing to \$1,729,330,996; it also shows that under the first nine months of the Me-ise to the value of \$630,206,005, while for the same period in the year before our imports amounted to only \$598,769,-cour imports amounted to make the McKinley law

our imports amounted to only \$598,769, 905; also that under the McKinley law the goods admitted free of duty amount-ed to \$295,960,005 against \$208,983,873 for the same period in the year before. How the democratic lies by which they secured control of the house of repre-sentatives last year are going home to roost. Just let the policy of reciprocity be kept to the front as it has been the past year and the next twenty years would see a most wonderful change in the commerce of this country. Our chine will be abundant in every are Calhoun, protection to the manufactur-ed products of cotton, because it prom-ised local advantage, and while these products entered largely into the neces-sary expenses of every household, more heavily upon the poor than the rich, and comparatively few seemed directly ben-efited at the time, yet who will say that the few years of burden that has secured the blessing of lower prices than ever before and the supremacy in that line of manufacturing, to our own conntry inmanufacturing, to our own country in-stead of continuing to depend upon a rival and to pay tribute to her as she might demand for all time to come, was not a judicious sacrifice. We are young

as a nation, our resources are too vast, we know too little of what nature has MR. THOMAS BATTE, editor of The locked in her embrace, for us to refuse Graphic, Texarkana, Arkansas, has found what he believes to be the best remedy in existence for the flux. His experience is well worth remembering Clay was the means of securing the tariff of 1824, an average of 50 per cent; from that time 'till 1830 it fluctuated, as He says: "Last summer I had a very severe attack of flux. I tried almost the selfish or liberal element prevailed every known remedy, none giving refrom which it was gradually reduced lief. Chamberlain's Colic, Cholers and till the panic of 1837, when the system succumbed to the narrow-minded sel-Diarrhosa Remedy was recommended ishness of the southern element, and so to me. I purchased a bottle and re continued while they held the power. How dearly they paid for this contracted policy during their unholy struggle, is a ceived almost immediate relief. I continued to use the medicine and was en natter of history. For a nation to unfit tirely cured. I take pleasure in recitself for war is to render itself incapa-ble of one of the highest functions, and ommending this remedy to any person suffering with such a disease, as in my often a duty to its people and the world in general that it has no right to evade. opinion it is the best medicine in existence. 25 and 50 cent bottles for sale A broad-gauge statesmanship will generally prove wise in the end. Does by C. E. Pollock & Co. and Dr. Heints, the farmer who advocates free trade druggists. realize that such basis would reduce

wages and prices to correspond with THE Chicago, Milwaukee & St. Paul competitive countries, and would not the sile of the Western Hemmysfere to reduce fixed values; such as the mort- Br is the only line running solid vestgage on the farm and money obliga-tions? The very object he is seeking, iblied electric lighted and steam heated trains between the Missouri river and Chicago, consisting of new palace sleepleave when he gets in bed and shuts his thus comparatively reduce these obliga- ing cars, elegant free reclining chair tions, would be defeated, and his mort- cars, luxurious coaches and the finest gage would be increased to correspond dining cars in the world. The berth with the debasement of labor and other values. Think you the poor farmer and is patented and cannot be used by any holder would reap the benefit of such a other railway company.
