The comparative figures at once show that Russia is one of the greatest producers of live stock among the nations.

WENT OVER A DOLLAR.
A WILD RUSH IN THE PRICE OF WHEAT.

On 'Change at Chicago 50¢ has taken on the price of wheat at 1.00. The news of wheat at a dollar a bushel had spread far beyond Board of Trade circles, and when the Board opened the following morning the galleries were crowded to suffocation. Speculation on 'Change was interesting even at ordinary times, but when the price of wheat advanced to a dollar a bushel there was no more reasonable indications where it would stop in a wild upward rush.

THE GREAT NORTHWEST.

THE LATEST NEWS OF GENERAL INTEREST.

Small flock of cranes and curlews in South Dakota. Inauguration of the Exposition of the Commonwealth. Various events of more than usual importance.

The following interesting facts relating to the work of the South Dakota state board of assessment and equalization are furnished by Public Examiner Blanchard. The board has confined itself to equalizing the assessments between the various counties of the state in the past week. In moving up the valuation of real estate three counties were classified and a value fixed on each in proportion to its relative value, which is the average of the assessments. The assessment was taken and a percentage added or deducted from each county to bring it up to the average. Horses averaged \$24.71, sheep \$1.07, swine \$1.07, cattle \$2.21, and stock in like proportion. There were several other personal property classes of property in the several counties. Pianos averaged \$100.00, \$20 to 100 per cent, horses from \$25 to \$50, sheep from 99 cents to \$2.50, and other stock in like proportion. There were several other personal property classes of property in the several counties.

Prohibition Law Upheld.
Judge E. G. Smith of the First Judicial circuit court, rendered an important decision in chambers at Yankton, Iowa, being of the opinion that the prohibitory law is not unconstitutional under the provisions of the constitution.

The decision is of great importance, as it is not only the constitutional validity of the general prohibitory law, but the constitutionality of the specific provisions. The matter came up on a motion to dissolve the injunctions granted in the several civil actions brought against the defendant, a saloon keeper, on the ground that the law is unconstitutional.

THE NEWS IN NEBRASKA.
Events Great and Small of Interest All Over the State.

The Omaha smelters came within an ace of suffering from a riot Monday night. The day gang of 200, who went to work in the morning, was preparing to knock off and the night gang was getting ready to go on. They had a quarrel with a Bohemian leader of anarchist views, who was an impassioned haranguer. In the midst of it two men, a Hungarian and an Italian, started for the crowd to go to work. Fifty excited men surrounded them and commenced to beat and kick them, when big Jim Hackett, who had heretofore been recognized as the leader of the strikers, rushed in to their rescue. Apparently a platoon of police, which was called to suppress another disturbance, was present at the scene and what might have been a serious riot was nipped in the bud. The men were taken to the station, where they will have no further serious trouble, having granted the demand for eight hour shifts.

THE SOUTHERN SUMMARY.

SEVEN convicts have made their escape from the stockade at Briceville, Tenn. It is charged that when a convict manages to get away from the stockade he dodges and hides until he gets into the woods, he has no trouble in finding some one who will provide him with citizen's clothes. Fourteen escaped from the same place.

The Texas state alliance, after an exciting contest, has ratified the Ocala platform. Evan Jones was elected president. The anti-sub-treasury delegates were barred from the meeting, called a meeting of their own. Nearly all the delegates were for the third party.
