nany centuries, sailing majestically and erenely towards her Utopian harbor; That Blood Again.

ED. JOURNAL:-Concerning the blood found in my stable last week. I see in the daily Telegram a sketch making came from the horse's nose. If this the light of it, and saying that the blood

so, how came the blogd on ble, and how came the pitchfor proken from the handle, and it on the outside I those interested, will state that "In of the stable, too, and blood on the hantimber culture final proof for entries dle of it? The horse and cow were tied about 10 at night, and were tied in the morning as they had been left at night. With great pools of blood all around in the stable, will the writer of the Telegram explain this and tell us how the blood came outside the stable and into the alley, and how came the pitchfork broken from the handle? Neither the

otchfork nor the alley were in the stale, and the horse was inside the stall. tied. It can't be that his nose would in the alley when he was inside the stable and tied there. Now there is good proof of the blood being in the stable and in the alley, and on the fork handle, and of the fork being left on the outside that night, and of the horse being tied on the inside of the stable. These facts cannot be reconciled on the Telegram's theory. MIKE WELCH.
