It pictures Nebraska and those portions of Kansas and Colorado adjacent to it, not as they might be, but as they are.

Francis, General Passenger and Ticket Agent, Burlington Route, Omaha, Neb., who will take pleasure in forwarding, postpaid, to such addresses as many copies as desired.

The Burlington & Missouri River Railroad has prepared and has now ready for distribution a new hand book, treating of the opportunities which Nebraska, Northwestern Kansas and Eastern Colorado offer to farmers, business men and investors.

This book has been gotten out for the information of eastern people, particularly those who have friends west of the Missouri; it is written in a pleasant, easily understood style, by one who thoroughly knows his subject, and is confidently recommended as likely to stimulate immigration to a very considerable extent.

It is thought that the best method of distributing these hand books is as follows: Parties in Nebraska, Kansas and Colorado, having friends in the east who are likely to be interested in such literature as this, are invited to send the names and addresses of these latter to Mr. J. Francis, General Passenger and Ticket Agent, Burlington Route, Omaha, Neb., who will take pleasure in forwarding, postpaid, to such addresses as many copies as desired.
