Parties of Nance county have made the experiment of shipping fat cattle to Scotland, and have found it so success ful that they have determined to continne it. There is more talk right along of using the water ways, and THE JOURNAL of 2001 may be able to chronicle the transportation of live stock on the tributaries of the Platte and Loup, to the Missouri and thence to the gulf of Mexico and Europe. The government must own the railroads and operate them at nominal cost; railroad rates must come down, or else the water courses must be made use of for the shipment of heavy articles. The ingenuity of all the people must some day be sufficient to settle the question to better satisfaction than is
