#### COMPELLED TO RESIGN.

Hall Officials Depose Somerby's Son-in-Law. INDIANAPOLIS, Ind., Aug. 22 .- The examination of Chief Justice Somerby of the Iron Hall was resumed vesterday. He said that Mr. Stockwell, to whom the Philadelphia bank made an assignment last Monday, was solicitor the bank and accountant of a local branch of the Iron He is also interested in the Iron Hall Building association, which, however, had not erected any building. He is said that the Iron Hall held \$88,000 or \$90,000 of stock in the Philadelphia bank, in addition to the \$170,000 which had been donated to it from Iron Hall funds. It also developed from Somerby's testimony that Cashier Davis and Secretary Hayes had compelled the resignation of his son-inlaw, McMeacham, from the executive committee on account of irregularities,

before Davis would transfer the money. Charles Morrison, clerk for Supreme Cashier Davis, was again on the stand in the afternoon. He said the \$10,000 cash check held for two years in Davis' desk as the supposed basis of a building fund had been carried back into the treasury about two weeks since and the account closed. When asked to give the total deposits July 28 he responded that on that day there was in Fletcher's bank \$144,814.12; Meridian National, \$284,687.25; Capital National, \$106.733.93: Mutual Banking company, Philadelphia,\$720,843.28; cash on hand, \$8,200, and other small amounts, making a total of \$1,315,415.74.

An Extra Session Called.

FRANKFORT, Ky., Aug. 22.-Gov. Brown has issued a proclamation calling upon the lately adjourned Legislature to reconvene in extra session next Thursday, Aug. 25. The necessities which the Governor sets out as existing for this extraordinary proceeding are the questioned validity of the new revenue law, the election law, and, in fact, all important bills passed at this session, it being alleged that they were not constitutionally passed. The work of the Legislature will, it is expected. cover a period in all extending from next Tuesday to June, 1893, or the longest session ever held in the State

#### AWED BY THE TROOPS.

GEN. CARNES IN POSSESSION AT COAL CREEK.

The War Thought to Be Ended for the Present-Minage &dvised by Their Leaders to Keep Quiet-No More Troops Will Be Sent.

COAL CREEK Tenn., Aug. 22-Although there have been no further outbreaks on the part of the miners, things this morning are ominously quiet, and it is not unlikely that there will be more trouble before the day is out. Reports come in that the surrounding hills are bristling with armed miners. Camp Anderson and the stockade, as well as the town, are in complete possession of Gen. Carnes and the troops, and the commander expresses himself as confident of his ability to fully protect them with the present force, which will soon be augmented by the troops on the way. There was an engagement in the northeastern part of the town last night between Col. Sevier, in command of the Chickasaw guards, and about three hundred Yellow Creek miners, whom they encountered on the hills. The miners were routed and several wounded. Two of the Chickasaw guards were also wounded. Two men were shot by miners at the camp yes-

terday and another wounded. KNOXVILLE, Tenn., Aug 22.-All miners in the Jellico district, including those from Middlesboro, Ky., are massed at Jellico. A great deal of whisky is being drank and the leaders are endeavoring to organize a force sufficient in size to take Coal Creek. About eleven hundred of them held a meeting last night. The meeting was very enthusiastic until volunteers were called for to make the attempt tonight, when only 200 volunteered. Less than 300 guns were found in the place and they will not attempt further trouble unless they get re-en-

forcements. While the miners had control of the Knoxville and Ohio telegraph line it was worked for all there was in it. Rank forgeries were committed hourly and much of the confusion in the press dispatches from that section was due to their censorship. The most serious forgery committed was that of a message sent Gov. Buchanan purporting to be signed by the Knoxville Iron company, and giving twenty days notice of the abrogation of the lease of the convicts. Acting on what he believed to be an authoritative statement the Governor entered into correspondence with the Tennessee Coal and Iron company and the Knoxvicts as long as the State authorities

NASHVILLE, Aug. 22.-It is announced that no more troops or volunteers will be sent to Coal Creek until further orders, as the latest information from that place is that the miners have dispersed and all is quiet.

German Kriegerbund Reunion. KANSAS CITY, Mo., Aug. 22.-The welfth annual reunion, or "kriegerest." of the German Kriegerbund, which is the association in the United States of the veterans of the German army who can show an nonorable discharge therefrom, began here to-day. Although this is the first day of the reunion there was really no program beyond the meeting of arriving members at the depot and an informal reunion which will be held at Turner hall in the evening.

Fatal Accident at St. Paul. St. PAUL, Aug. 22.-The earth in the rear of the Wagner block on East Seventh street caved in to-day and was precipitated against some of the shanties in Swede Hollow, where many squatters lived. Two of the shanties were demolished and a 2-year-old boy named Patrick Whalen was killed. Two little girls were badly injured. The Wagner block is in danger of toppling over into the hollow, seventyfive feet below, and the occupants are moving out.

Savage Attack on the Jews. MONTREAL, Aug. 22.-Jewish immigration was attacked vigorously by Judge Dugas from the bench of the Police Magistrate's court yesterday. The judge stated that in proportion to their population the Jews occupied more of the attention of the court than any other nationality. Continuing he said that they were the most undesirable class of immigrants, and that if their condition did not improve he would ask the government to restrict this class of immigrants.

Pushing Work on the "Soo" Canal. OTTAWA, Ont., Aug. 22.-It is understood that the work of constructing the "Soo" canal, which is now being vigorously pushed, will be continued energetically during the coming winter. The contract calls for the completion of the canal in 1894, but as the resull of the minister's recent visit of inspection and a general survey of the ground it is understood that the contractors have given assurance to the department that the canal will be ready for use by July 1, 1893.

Awful Heat in Vienna. VIENNA, Aug. 22.-The hot weather is causing terrible suffering. An inquiry has been opened at Pesth into the | Chicago, where they will be placed in conduct of an officer who ordered the troops out on an assault drill, the result of which was that two soldiers died and six became unconscious. It is supposed to have been the result of a de ranged mind caused by the heat. The hot sun caused five deaths in Vienna to-day, and a number of persons have gone insane from the same cause.

Idaho Republican Ticket Completed. Moscow, Idaho, Aug. 22.-The Republican State convention reconvened yesterday and proceeded to complete the ticket as follows: Lieutenant-Governor, F. B. #### THE KNIGHTS ARRIVING

Kausas City Is Gay With Decorations Welcome the Knights of Pythias, KANSAS CITY, Mo., Aug. 22.- The gay decorations. the bright colors, the flut tering flags, the occasional glimpse of a sir knight in uniform, the increased crowds on the streets and the unusual

animation on all sides prove that the city is on the eve of a holiday. The advance guard of the uniform rank has arrived and right in its wake came the foremost division of an immense army cof sightseers which is

moving upon Kansas City. Already the trains are pulling into the depots filled to their utmost capacity, the hotel corridors are crowded with many strange faces, which are signs that convey to the observant a slight conception of what the city will be next week. The rush, however, will begin to-morrow.

The immense throng of people which is marching toward Kansas City may make its appearance at any momen with the assurance of finding everything in readiness for its reception. I L. Woodson, chairman of the Pythian accommodation committee, has given out the news that the information bureau has secured quarters for 100,000 people, and this is considered a fair estimate of the number which may be expected.

#### ANOTHER HOMESTEAD STRIKE

Non-Union Men Discharged Join th Strikers and Seek Vengeance. PITTSBURG, Pa., Aug. 22.-Another strike may take place at Duquesne within the next few days.

The Carnegie company is said to be systematically discharging the men who led the late strike, as many as eight being thrown out of employment in one day. All those turned off rejoin the Amal-

#### IRON HALL INVESTIGATION. Testimony Showing That Money Was Used in the Maryland Legislature.

INDIANAPOLIS, Aug. 22.-The developments in the Iron Hall case to-day were not as sensational as expected. most interesting testimony that of Amos K. Hosmer of Baltimore, supreme vice-justice, and regarded as Somerby's man Friday. He stated that the only money he got out of his office was \$800. This sum, he said, was partly expended in the Maryland legislature and he reluctantly admitted that \$155 was given to an attorney named Jovce services. The money was to Joyce by Joseph Harris, supreme watchman of the order. With equal reluctance and after many evasio s Hosmer said that Joyce was a member of the Legislature, and that the services were in defeating the passage of a bill to pat endowment orders under the control of the Bank commissioner. The case is dragging slowly and may not be finished for a

Cruelty to Italian Soldiers. ROME, Aug. 22 - Great indignation is manifested by the press over the long marches required of the troops during the present tropical heat. Fourteen hundred men were on the road from Traviglio to Meant from 2 o'clock in the morning until 4 in the afternoon. Fifteen were sunstruck and one became delirious and shot himself. On another march from Venice to Nolo, a hundred soldiers were disabled and sixty had to be sent to the hospital.

#### STRIKE MAY SPREAD.

MANY SYMPATHIZERS WITH THE STRIKING SWITCHMEN.

The Withdrawal of Troops to Be Insisted On-A New York Control Offcial Does Not Think the Trouble Will

BUFFALO, N. Y., Aug. 22.-Since sun set yesterday the most important movements in the strike situation are the practical determination of the locomotive firemen to make a sympathetic strike probably to-night, and the proposal of Mr. Sweeney to the reads to arbitrate. The leading considerations to-day

must be how much freight the companies handle with full protection, and the action to be taken by the firemen. To the development of these lines of action attention is to be given. As the darkness settled down along the Niagara river frontier last night the glitter of the sentries' rifles could be distinctly seen by the passengers on the Grand Island boats that slowly pushed their way cityward against the swift current.

The events of the day had not been alarming to the railroad people, still the feeling of the men on the Grand Trunk had manifested itself so strongly upon several occasions that it was considered wise to place the vast railroad interests at that point under a military guard. The military line was consequently

extended until its extreme left rested on the Niagara river at the point where the great international bridge touches the American shore. The population of Black Rock is in-

dustrious and naturally in the most hearty sympathy with the striking switchmen. The inflammable character of the people is well known to the railroad officials, who have good reason to fear the serious results should an outbreak occur. It is doubtless with these things in view that the lines were advanced from Cross-cut junction and reinforced by troops from the eastern section of the city.

#### WANT TROOPS REMOVED.

The Committee on Law and Legislation to Most This Morning.

BUFFALO, N. Y., Aug. 22.-The supervisors' committee on law and legisation held a special meeting this morning to consider the propriety of calling a special meeting of the board of supervisors to take action against retention of the troops.

Vice-President Webb said early this morning that the situation at the open- ington, his team ran away throwing ing of to-day was about the same as him as yesterday. The only thing that had occurred since the early hours of morning was an attack, by strikers perched on the Lackawanna trestle, on the non-union men handling cars at the Ohio street freight yards of the Central.

Four workmen were driven out of the companies' yards at Suspension Bridge last night by a gang of men said to have come from Buffalo.

Firemen Have No Grievance TERRE HAUTE, Ind., Aug. 22 .- Not one word has passed between the subordinate lodges in New York State and the grand officers of the Brotherhood of Locomotive Firemen relative to a strike at that point. Grand Master Sargent is still confined to his home by illness and will not be able to travel for a week. E. V. Debs, grand secretary, said that nothing had been heard from the Buffalo lodges and declared that they would not strike out of sympathy.

#### He Hes No Feer BUFFALO, N. Y., Aug. 22.-Mr. Buchanan, superintendent of motive power on the New York Central, is here to aid the other officials in unraveling the snarl.

Speaking of the expected firemen's strike, he said: "I know nothing of the contemplated strike. I have heard no complaint from the men, either engineers or firemen, and do not believe there is anything in that story. In fact. I have no fear that there will be a strike among the men in my department."
