Coffins and Metallic Cases!  
Best of all kinds of Upholstered Goods.

## NEBRASKA NEWS.

### STATE EXHIBITS.

The fall term of Hastings college opened with fair attendance. There will be a large average of fall wheat sown in Buffalo county. Mrs. Croy of Lincoln, was killed last week on a toboggan at Burlington beach.

Nebraska City don't want any cholera in here and will inaugurate a general clean up.

The corner store of the new Lutheran Swedish church at Oakland was laid last week.

The late state fair was an improvement over all others, both in exhibits and attendance.

It is reported that the Rock Island is going to build a line from Lincoln to Jewett, via DeWitt.

Fire caused a loss of \$1,000 in DeWitt when the insurance on the buildings burned had expired.

The 12-year-old son of John Livingston, of Broomfield, fell across a picket fence and tore out his entrails.

Omaha has Chinamen who can sing and pray and who attend Sunday school as regulars. It will be built of blue sandstone and work upon the same will probably commence very soon.

A South Omaha saloon keeper named Fallon bet his entire drink establishment that Sullivan would lick Corbett in short order. Another man is now behind the bar dispensing drinks and Fallon has gone west to grow up with the country.

Major Mayone, nearly eighty years old, walked into Omaha last week, having traveled the entire distance from Jay City, Oregon, on his feet. He is walking to Chicago, where he expects to arrive in time for the world's fair directory exercises.

Between the hours of 1 and 4 burglars broke into the Mangold & Glauk store in Bennington. They were evidently quite new at the business, for although they were undisturbed, they did not succeed in opening the safe, only managing to knock the knob off the door.

Frank Langer of Plattsmouth kidnapped his wife and flew the town early in the morning. Langer was jealous of his wife's attentions to a boarder, having recently had considerable trouble on that score, and it is supposed he took the boys along as a matter of revenge. Officers are on his trail.

Mrs. Lyncher, the wife of one of Pawnee City's citizens, took an overdose of morphine. Soon afterward she informed one of her neighbor women and requested her to see that her child should be taken care of. The doctor was called at once, and it is believed she will live. No reason is known for her rash act.

"There was never a fair held in Nebraska," said Secretary Furnas, "in which exhibitors appear to be better satisfied from start to finish. Every exhibitor went away feeling that he had been fairly and generously treated, and all volunteered a promise to come again. As to the finances, it is safe to say that we will come out all right."

"Nebraska will equal Kansas in raising winter wheat," confidently predicts J. A. Connor of the Omaha board of trade. He adds that in and about Stanton county the farmers are buying wheat drills and preparing to put in a great deal of winter wheat. Some of them have harvested it to the tune of forty-five and fifty bushels to the acre.

Two young men employed at the cotton mill came into Kearney and made some purchases, including a revolver. On their way home at a late hour they began shooting, ostensibly for amusement, resulting in the loss of two fingers, carried away by a bullet, which lodged in the lungs of the other. Carrigan, the injured man, is reported dying.

Joseph Montgomery, landlord of the Montgomery house at Table Rock, died last week after a lingering illness. He had been in poor health for some time and went to Hot Springs, Ark., last spring, and in the latter part of May while there was stricken with paralysis. His illness, time he has been confined to his bed. He had grown to be a mere skeleton.

George Stone has commenced a suit for damages against S. M. Barker, a member of the State Board of Agriculture, placing his damages at \$10,000. Barker caused Stone's arrest for selling watermelon near the entrance to the state fair grounds and afterwards the case against him was dropped. He thinks his character has been damaged to the extent of the amount claimed.

The Murphy triplets of Fremont were at the state fair, two boys and a girl, named respectively Leonard, LeRoy and Leona. The little ones are 7 months old fat and rosy cheeked. The boys at birth, each weighed eight and a half pounds and the girl seven and a half. They took their first premium at the baby show—a barefoot baby, but Secretary Furnas made it three barrels.

E. M. Holcomb, a brakeman on the Union Pacific fast mail train, had an encounter with tramps at Fremont, and was quite seriously injured. The brakeman was ejected from the train and was brutally assaulted and left for dead near the water tank. One of the crew of a freight train following the mail discovered Holcomb and gave the alarm. Doctors were sent for and after considerable work succeeded in reviving him.

Charles Easley, for twenty years a resident of Cheyenne county, has been declared insane. Twelve years ago he shot a cowboy in a quarrel about cattle, since which time the matter has been pending on his mind. Politics and elections are his hobbies.

## OVER FIFTY INJURED.

Strange Accidents Happen in Columbus, O., Celebration.

COLUMBUS, O., Sept. 17.—Over 500 people attended the fair yesterday and last night the city was overrun and the streets crowded in every direction for squares about the capitol to witness the display of fireworks which had been provided by the citizens. Several people were more or less seriously injured by falling pieces of rockets and taken to their homes before their names or extent of their injuries could be learned. Immediately after the close of the fireworks a great crowd was congregated on High street near the capitol. In front of the Neil house a miniature freak named James Leach of Fairfield county was giving vocal imitations of the song "The Old Maid."

He was singing a crowd was gathered about him. A section of pavement gave way and over fifty persons were precipitated into the excavation below, a distance of about ten feet. It created a panic, so that the work of removing the injured was slowly accomplished. They were sent to their homes and to the hospitals as fast as rescued. It had not been discovered at 10 o'clock that any one had received fatal injuries. Leach, the freak, who attracted this crowd, is probably the worst injured of any who were precipitated into the cellar way. His ribs are broken and it is thought he cannot recover.

A very serious accident befell Nelson Moore while he was assisting his son in driving posts on his farm north of Holdrege. Mr. Moore, who was supporting the post, told the son not to strike it again, at the same time putting his hand on top of the post. The son misunderstood him and brought the sledge hammer down upon Mr. Moore's hands, smashing two fingers to a jelly. It is thought a small portion of each finger may be saved.

The peremptory symptoms of the annual rash of new students to the state university have already commenced, says the Lincoln Journal. A number of the new students have already reported and are hunting rooms. In this the Christian associations of the university are lending valuable aid by keeping a register of rooms and investigating the accommodations offered. They have also published a neat hand book, giving all the information a new student desires about the university.

F. A. Gardner and Richard Holcomb were both employed by the Widow Nason, who resides on a ranch twelve miles north of Greeley. Last week Holcomb returned to the ranch intoxicated, and drove Gardner and the widow from the house, and attempted to shoot Gardner with a rifle. Gardner succeeded in evading the bullets, and after Holcomb had fired five shots, Gardner raised his revolver and shot Holcomb through the head, killing him instantly. The officer went to town and gave himself up.

Paul Endera, alias Simms, who was taken in by Officer Sullivan at Omaha the other night, proves to be well worth looking after. In response to inquiries made by Chief Searl, Chief Searl of Kansas City gives in prison a character which will make Omaha an uncomfortable home for him in the future. He was thirteen months in jail in that city, charged with murder, when the jury disagreed. He left the city for some time, and was arrested as a vag, in Omaha, and given one hour to leave the city.

The dairy exhibit at the state fair, says the Lincoln Journal, was undoubtedly a feature, constituting as it did the first exclusive dairy exhibit in the history of the exposition. Superintendent Bassett, of Gibson, has added largely to his reputation as a dairyman and interested visitors sent specially from the state of Illinois were particularly complimentary in speaking of the exhibit. Mr. Bassett has been superintendent of this department for eight years in succession, besides enjoying a high position in the state dairyman's association since its organization.

Never was the prospect for the farmer brighter here than at present, says an Arapahoe dispatch. The price of lumber is daily going into the country around for houses, barns, cribs and granaries. The remnant of last year's corn crop is being marketed at 32 to 33 cents, while from all sides come glowing accounts of this year's crop of corn and wheat, the former being largely safe from frost and now immense in yield. Wheat is all good, especially winter wheat, the actual yield running from thirty to sixty bushels per acre.

The decision of the state fair judges as to premiums on county exhibits was: Burt, first; Kearney, second; Dundy, third; Douglas, fourth; Gage, fifth; Red Willow, sixth; Hitchcock, seventh; Hayes, eighth; Perkins, ninth; Madison, tenth; Fox, eleventh; Sioux, twelfth; Harlan, thirteenth. Only fourteen counties were represented and not entered. E. L. Vance of Pawnee, superintendent of the agricultural department, assisted by E. L. Bennett of Pawnee, W. J. Hanna of Lancaster and H. J. Rosakrans of Johnson, awarded the premiums on county exhibits.

D. C. Bowman, an insane man living about five miles from Rising City, committed suicide by cutting his throat. He mysteriously disappeared a few days ago and was brought home by a neighbor. He has heretofore seemed to be harmless, and for the first time he showed a disposition to do injury. He was carefully watched during the night and would have been sent to the asylum soon. He was not alone more than five minutes when it was discovered that he was dead. He had cut his throat with a razor. Bowman leaves two children—a divorced wife. He was highly respected and a member of the church.

The state fair committee on the awards of the county agricultural societies exhibiting in the names of the respective societies the best displays of agricultural products of any and all kinds, reported as follows on premiums to which the respective societies were entitled: First—Burt county, \$250. Second—Kearney county, \$230. Third—Dundy county, \$210. Fourth—Douglas county, \$190. Fifth—Gage county, \$170. Sixth—Red Willow county, \$150. Seventh—Hitchcock county, \$130. Eighth—Hayes county, \$110. Tenth—Madison county, \$90. Eleventh—Box Butte county, \$70. Twelfth—Sioux county, \$50. Thirteenth—Harlan county, \$30.

## WHY WE DO BATTLE.

THE REPUBLICAN CAUSE IS ONE OF PRINCIPLE.

The American Doctrine of Protection Must Be Sustained—Salient Features of the Republican Declaration of Principles at Minneapolis.

New York Press: These are the salient features of the platform on which the Republican party proposes to carry the coming election: We believe in the American doctrine of protection.

We believe that articles, except luxuries, which can not be produced in the United States should be admitted free of duty.

We demand that on all imports competing with the products of American labor duties should be levied equal to the difference between wages here and abroad.

We ask the people to pronounce a verdict upon the cowardly course of the Democrats in attacking the tariff piecemeal.

We believe in reciprocity, which has opened new markets for the products of the workshop and the farm.

We believe in the use of both gold and silver money.

We demand that every dollar, whether of gold, silver, or paper, shall be equal to every other dollar.

We believe in an international conference to secure a parity of gold and silver throughout the world.

We demand that every citizen, rich or poor, native or foreign born, white or black, shall be permitted to cast one ballot and have it counted as he cast it.

We propose to keep on fighting till we have honest elections in every State.

We favor the revival of our foreign commerce in American ships.

We demand a navy to protect our interests and maintain the honor of our flag.

We demand that arbitrary combinations of capital to control trade conditions shall be rigidly regulated.

We believe in wise and consistent civil service reform.

We believe in admitting all the Territories into the Union as soon as they are qualified for entrance.

We reaffirm the Monroe doctrine.

We demand the restriction of criminal, pauper, and contract immigration.

We demand that the employes of railroads, mines and factories shall be protected against all needless dangers.

We sympathize with the oppressed in every land.

We demand freedom of speech and of the press.
