The republican nominee for county attorney, was born in Schoharie county. N. Y., Aug. 28, 1856. His youth was passed on the farm, and he obtained his education in the public schools. He worked out from home on a farm, purchased an interest in a grocery and from 1880 to '82 he was in that business. After disposing of his business, he removed to Nebraska in December, '82, locating at Humphrey, this county, where he has since resided. On the 1st day of January, '83, he was married. The first year and a half, he worked for Newell South in the hardware business: in the fall of '83 he was elected justice of the peace, and in the discharge of the duties of this office he acquired a fondness for the study of law, which he then began to study with Judges Bowman and Sullivan. His law practice began with his study and has increased ever since. He has been a member of the board of trustees of the village of Hum-

That Money-Lending Scheme.

In the last issue of The Journal an attack was made by Mr. Spoerry upon an assertion which appeared in the Argus some time ago, stating that the pioneer republic of Switzerland was loaning money to the people upon land securities for the last 50 years. Whether Mr. S. calls the said assertion a falsehood ignorantly or wilfully is hard to tell, yet we take the privilege to ask Mr. Spoerry what sort of an institute the so-called Eidgenoessische Hypothecarcasse in Bern was. The said casse was inaugurated soon after the new money system in 1851, took place, and since that time millions passed through that channel and has proved to be a blessing to the great little republic, which has one of the best governments under the sun financially as well as otherwise. It is a poor reflection on Mr. Spoerry to wilfully ignore such a famous act passed by the Swiss government about forty years ago, being a native of Switzerland and a graduate of the school of that country, which ranks among the best in the world.
