"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

Da. G. C. Oscood, Lowell, Mass. "Castoria is the best remedy for children o which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending

them to premature graves."

Children Cry for

Waverly, Iowa, Nov. 15, 1892,

Dear Sir:—After wearing your glasses three weeks I feel I cannot say enough for them, nor for your special method of skillful fitting.

For the past eighteen years I have been a constant sufferer from defective sight (Compound Myopic Astigmatism). Nothing I could get was satisfactory until your examination which I noticed was strictly scientific, and inspired me at once with confidence in your ability.

I now have no trouble in reading the finest print by night or day; and to all those in need of glasses I most cheerfully recommend you as a Scientific Optician.
