Mr. Van Schoik is very much taken with much from 20 acres of land there as from 160 acres here, and land is sold at \$5 an acre. The country is just being found out, he says, and numerous northern people are moving there. And thus it goes-some like it, and others come back more than ever pleased with Nebraska.

-Ole was in charge of the boat: his friend Hans had gone up town for a few minutes, was to be promptly on hands at time of starting, and had not yet arrived though Ole had waited quite a long while for him. Finally, Ole concluded he would pull out, just as Hans showed up in the dim distance. Hans gestionlated wildly, and yelling at the top of his voice for Ole to stop the boat, ran as fast as his breath would allow him, to reach the wharf. Ole finally looked around. from the bank, and said: "Yump, Hans, yump. I tank you mak it in about two

-Paul Hagel and F. N. Stevenson entered into partnership February 1st. and will conduct together the lines of business that each has been managing separately for years. The new firm will buy and sell butter, eggs and produce: also manufacture creamery butter and conduct a general cold-storage business. Paul Hagel's name has been a household word in this region the past thirteen years, and for eight years F. N. Stevenson's business career has been a straight line. Both have commended themselves to the business community by fair treatment and true business worth. The office of the new firm is located at the

Melchoir Jenny of the firm of Jenny Bros., proprietors of the cheese factory in Sherman township, tells us that the firm have contracted with Felix Wolchleger for a complete system of water works to be erected on their premises The well will be dug and walled with brick. A windmill will be used to put the water into a reservoir on the hill overlooking their premises. The water will have a fall of 40 feet, and will be conveyed by pipes, to their dwellings, factory, barns, etc. For every pair of stalls for the cows there will be one iron water tank, so that they can drink when they wish-the water flowing automatically into the troughs when not full. The windmill tower, all steel, will be forty feet high. With this arrangement they think that in seasons when needed they will have water enough to irrigate

to our waterworks system, gives a sug is that the farther you go down for water the less of alkali there is in it, and the and as a consequence, the freer would be every man, woman and child in the state. first deep well (80 feet) in the city, and he knows the water is free from alkali. Any one can make an easy test of the water commonly used from shallow wells, by dashing it against glass and noticing the effect, or by looking into the family tea-kettle after weeks of use, and noticing the deposit, which, of course, comes from the water. The meshes of wire on the points are filled with this alkali in a short time, and when a power pump is used, the flow into the tubes through the meabes is not sufficient for easy pumping. The proprietors of the packinghouse found the same difficulty, precisely, that the city now finds. Mr. Gerrard feels confident that by going down to the depth mentioned we will have water free from alkali, in abundant quantity. and free flow through the meshes of the points. We may add to this that Mr.

Relief Work.

The relief committee had a meeting to eport progress, in the council chamber. Thursday evening. All the ladies appointed to solicit were present, but one, and prove they have taken a lively interest in finding the needy, who are not so numerous as had been expected. The First ward found five in real need, the Second ward seven families were report- Gray: ed, and the Third ward only three. Besides these, there are some who need help in the way of clothing. There are several widows with large families, who make their living by washing, who need necessary clothing for their children

that they can be sent to school. The ladies who solicited from the bus ness men and their families found nearly every one willing to help, and many promised to do more if it was found ecessary. The cash collected was, from the First ward, \$30, Second ward, \$78, and the Third ward, \$25, making a total of \$133, and still there are many who have not yet been called upon, and considerable clothing, flour and other provisions have been donated.

Mrs. Herrick was elected treasurer and Mrs. Meagher secretary of the committee. business on a large scale this coming all who have clothing to spare, send season. They will put in about 25 them to the store of F. W. Herrick. where they will be properly disposed of. -Mr. and Mrs. J. A. Van Schoik left Bedding and women's and children's

Among the worst cases found was that of a mother and children living in a little the country; he says a man can raise as hut with no floor, and the children without shoes and stockings. In another the bed was of straw with but a very thin comfort over it. Several families are in

need of coal. Those who are in real need of the necessaries of life and especially those who have had sickness in their families should not hesitate to see the ladies of the relief committee and make known their condition.

-Until a community is developed in the art of advertising far enough to justify, there is little use for a daily paper of anything like decent pretensions to seek a foothold there. Where "the field" is occupied by three or more weeklies eking out a scant subsistence and giving the community double value for all they receive, it is foolishness to not being able longer to pretend that he start up a daily, unless, indeed, the prodidn't hear, the boat being now fifty feet prietor knows that he has plenty of money to do him for a while, with facilities and faculties entirely beyond his contemporaries, so that he can overshadow them, and absorb their business from them. The gentleman whose agent canvassed this city some months back for subscribers, has been having some experience at Seward. He concluded not to start up in Columbus, but from the following, which we clip from the Reporter, we do not believe that he has found fair sailing down there: "The Daily Press has ceased to appear since last Saturday, and the indications are that it will not again shed light and gladness over the hearts of the people of Seward. Col. Mahaffey says, however, that the suspension is only temporary, and that his paper will soon blosson cold storage building, corner of Eleventh forth again, in better style than before. printed with type of his own, on a prese of his own, and in an office of his own. Which leads to a very strong suspicion

that the fools are not all dead yet.' -John Tannahill suggests that it would be well if every post-office in Nebraska could have on exhibition (enclosd in a glass case so that no seeds could escape), a sample of the Russian thistle. which is such a pest to the farmers of Dakota, and becoming so to many farmers in the northern tier of counties in Nebraska. If it gets the start of wheat sown on the same ground, the grain has no chance for its life at all, and he has een field after field of wheat choked out by this weed. When dry, it bears some esemblance to the tumble weed, but has different look when growing, the leaves being larger, so that you cannot see the ground through the bushy growth. It commences to bloom early in the season and keeps it up until late. John says Columbus than Creighton, and north of there, you will find it spreading along the tracks of the railroads. The first thing towards the destruction of the less the points would be clogged by it. pest is to make its appearance known to and enjoin upon them the duty of destroying it at once.

COLUMBUS, Nebr., Feb. 10, 1894. consequence of the action of the Omha Clearing House and the banks in other cities of the state of Nebraska, it becomes necessary for the banks of Columbus to adopt some uniform course of action in regard to exchange charges. Therefore it was agreed at a meeting the banks of Columbus that on and

after February 20, 1894, the following

rate of exchange on all drafts issued by

said banks will be charged: On each draft for \$100 or under, ten 10) cents. On each draft for over \$100. ten (10) cents for the first \$100, and five (5) cents for each additional \$100 or fractional part thereof. THE COLUMBUS STATE BANK,
