IN FAVOR OF YIELDING.

Voorhees Says the Senate Should Make Concessions.

DEMOCRATS TO HOLD A CAUCUS.

Neither Speaker Crisp nor Chairman Wilson were consulted—Call Not Indorsed by Conference—New Japanese Minister a Guest—Cambridge Law School—House Proceedings—National Capital News.

WASHINGTON, Aug. 7.—Chairman Voorhees of the finance committee has been unable to attend the conference on account of ill health and is still confined to his home. He has not yet been heard from on the points now at issue among the conferees. It has been assumed that he stood with the senate conference managers, not only for the senate duty on sugar, but also for a duty on coal and iron ore.

Compromise Settlement on Sugar. "It seems to me there ought to be but little, if any, difficulty in reaching an agreement between the two houses. The ways and means committee of the house has reported a bill in favor of free sugar, but it was overruled by the house and free sugar put in the Wilson bill. I would have gladly concurred in this, but it was so amended with mathematical certainty that such a bill could go no possibility.

Mr. Caffery has announced in the senate, as I understand him, that Louisiana will accept a 30 per cent tariff without any reference to the trust, especially if the bounty, or at least a portion of it, is continued on the present basis of a few months longer. Under the present circumstances, I am unable to see how any sugar schedule can be made any longer any obstacle to an agreement.

At Wilbur lately three members of the town board were in session. They were discussing the matter of the town board's authority to issue bonds for the purpose of improving the town.

SUGAR IN CONGRESS.

THE POOR MAN'S SUGAR WORRIES THE HEAD OF THE TRUST.

Mr. Havemeyer's Evidence Before the Committee Is Taken to Show—False and Misleading Statements Designed to Deceive—Not One-third of "Poor Man's Sugar."

I spoke of the different grades of refined, the higher grades of refined being made from higher grades of raw, and the lower grades of refined being made from lower grades of raw. The "poor man's sugar" being made from the lower, it not being possible to make out of the higher grades of raw.

Chinese Hatred of Foreigners. The feeling entertained by the Chinese toward foreigners which has caused anxiety for the safety of American missions is given in the report of the Canton plague received Monday at the Marine hospital bureau, Canton, by Seymour, writing under date of June 23, says: "Natives are trying to blame foreigners for the plague and have gotten up riots in Canton and the surrounding country."

House Proceedings. WASHINGTON, Aug. 7.—The house transacted some unimportant business Monday of a routine nature, but spent most of the day debating the amendments to the Indian appropriation bill, providing for the ratification of the treaties with the Nez Percés, Yakima and Yuma Indians, but no vote was taken.

Nebraska Land Office Officials. WASHINGTON, Aug. 7.—The senate confirmed the following nominations: John F. Hindman, North Platte, Neb., receiver of land office, North Platte, Neb., receiver of land office.

Planted the Dutch Right of Way.

WASHINGTON, Aug. 7.—In the house a bill was passed granting to the Duluth and Winnipeg Railroad company a right of way through the Chipewa and White Earth Indian reservations.

England Expected to Ask Indemnity.

Tientsin, Aug. 7.—A dispatch to The Times from Shanghai says: "The Chinese government has refused to pay the indemnity due to the British flag when the Kow Shing was sunk. Li Hung Chang estimates the indemnity due to China from Japan on account of the Kow Shing at \$3,500,000."

Japanese Officers Recalled.

BERLIN, Aug. 7.—The Japanese Major Ando, director of the military school at Tokio, who has been in this city since the outbreak of the Russo-Japanese war, has been recalled to Japan by telegraph. Twelve other Japanese officers have also been ordered to return.

Republican Versus Democratic Wages.

Twenty-six Republican states pay an average of \$1.33 per day in farm wages. Eighteen Democratic states pay an average of 93 cents per day in farm wages. This is from a report of the Federal bureau of agriculture in 1910. Could the south see their folly in remaining Democratic, could they only put aside the old sectional feeling, become Republicans, adopt protection and develop their resources, wages of farm hands would be as high as in the north, and wages of laborers in other industries would be much higher than now.

Why Should Your Wife Buy an Imported Japanese Silk Dress?

NEW YORK, Aug. 7.—Passengers arriving from the steamer Venezia at the Venetian ports bring with them a large quantity of silks, and these are being sold at a low price. It is suggested that American manufacturers should buy a dress pattern that was made in your own country. By doing so you will help to give work to an American and make an American happy.

SUGAR IN CONGRESS.

THE POOR MAN'S SUGAR WORRIES THE HEAD OF THE TRUST.

Mr. Havemeyer's Evidence Before the Committee Is Taken to Show—False and Misleading Statements Designed to Deceive—Not One-third of "Poor Man's Sugar."

The facts are that over 70 per cent of the sugar imported into the United States is high grade sugar and less than 30 per cent is low grade sugar. The "poor man's sugar" is high grade granulated sugar, and there is further evidence that low grade raw sugars are not found on the tables of the people, and the darkest colored sugars are used mainly for tobacco curing and such purposes, very little indeed going into direct human consumption.

From Mr. Havemeyer's testimony it is plainly inferred, and was meant to be inferred, that "the poor man" would be oppressed by a specific tariff on raw sugar, and that a further increase of the "poor man's" sugar constitutes the bulk of the sugar refining business, as not one person in half a million of the total population of the United States knows to the contrary.

Imports of Raw Sugar for Eight Years. The American Economist has been to the trouble of compiling statistics to show what were the aggregate imports of raw sugar, according to each and every grade by which the duty estimated under the tariff act of 1883 was collectable. It compiled these imports for the years ending June 30, 1884, 1885, 1886, 1887, 1888, 1889, 1890, 1891, 1892, 1893, 1894, 1895, 1896, 1897, 1898, 1899, 1900, 1901, 1902, 1903, 1904, 1905, 1906, 1907, 1908, 1909, 1910, 1911, 1912, 1913, 1914.

Alleged Murderer Bound Over. FAYAL, Neb., Aug. 7.—Bob Morched, the young man who shot and killed a woman in Oklahoma, had his preliminary trial. The county judge bound him over to the district court in the sum of \$8,000, in default of which he was taken to jail.

Distillers Prepare For Tax Change.

OMAHA, Aug. 7.—Omaha distillers declare that they have private advices on the tariff bill and are shaping their business accordingly. A telegram was received here from Peoria asking that all the gangsters that can be spared be sent to Illinois.

Proving Falsity to Cattle.

JENNETT, Neb., Aug. 7.—R. Palmer turned his milk cows for an hour into a patch of corn and five of them got the colic and dropped dead in a short time. It is believed the hot wind had caused the corn to sour.

Lawyer Ferguson Acquitted.

HASTINGS, Aug. 7.—T. Judson Ferguson, the attorney who was arrested for embezzlement, was acquitted.

Offer Their Services to Japan.

CONNEVILLE, Pa., Aug. 7.—Valentine Nowacki, the leader of the foreigners among the coke strikers, proposes to make an offer to the Japanese government to furnish 5,000 soldiers for use in their war against China. The Slavs have been trying for some time to find a place to go. Nowacki will confer at once with the Japanese legation at Washington.

Found a Counterfeiter's Outfit.

LIBERTY, Mo., Aug. 7.—Lightning struck the house of Mrs. Francis E. Cowles and when neighbors rushed in to help save the goods they stumbled upon a counterfeiter's outfit and a wealth of bogus silver half dollars. Mrs. Cowles' Oliver was arrested and charged with being the owner of the spurious coin and was bound over in the sum of \$1,000 to await trial.

BIG WYOMING FAILURE.

Receiver Appointed For Warren Live Stock Company.

EX-SENATOR WARREN PRESIDENT. His Other Extensive Business Operations Will Not Be Seriously Affected—In 1903 the Company Had 130,000 Sheep—Wool Schedule and Financial Stringency Caused the Failure.

CHEYENNE, Wyo., Aug. 7.—On application of Assignee Foster, of the defunct Live Stock bank, W. W. Gleason, manager of the company, was appointed receiver of the Warren Live Stock company, whose herds of cattle, sheep and horses range the hills of some nine counties in Nebraska, Colorado and Wyoming.

The other extensive business operations in which he is engaged will not be seriously affected by the receivership of the live stock company. The cause that led up to the receivership are stated by Mr. Warren to be the free wool schedule and the financial stringency that has held the whole country in its folds the past year and the labor troubles of the past few weeks. Up to and including 1902 the Warren Live Stock company ran on its 130,000 sheep, the largest individual ownership in the United States. Its present herds are still in all probability the greatest in the country.

Senator Irby Strongly Denounces the Present Session of Nebraska Legislature.

LAURENS, S. C., Aug. 7.—In a speech before a reform convention Senator Irby denounced the proposed tariff law as a humbug and a fraud and declared that for the McKinley law he would not support it. He did not caucus with the reformers of the state, and his nomination. Cleveland, he said, was a hypocrite and a fraud and no Democrat, but an aristocrat, all his associations being with the money power. The south and west, he stated, must combine on Boies, Tillman or Stevenson in 1906.

Heavy Shipments of Fruit.

SAN FRANCISCO, Aug. 7.—The Sacra mento river steamer arriving Monday morning brought in over 22,000 bushels of fruit. There were also heavy shipments by rail, and the local market became so badly glutted that peaches and plums sold at 5 cents per bushel. As each basket of fruit weighs from 30 to 40 pounds, the price realized does not pay freight and commission charges.

Freight Train Wrecked.

WALLA WALLA, Aug. 7.—A freight train on the Oregon Railway and Navigation company's road was wrecked at Alto bridge. Seventeen cars went off the bridge, which was 90 feet high. Conductor W. E. Watson, brakeman David Wright and Fred Harrison were killed, though not fatally injured. The bridge gave way under the heavy train.

Zimmerman at Birmingham.

BIRMINGHAM, Aug. 7.—A 10-day's strike of cotton bales began here Monday. In the quarter mile race, Zimmerman finished in 28 2-5 seconds.

In Honor of Emperor William.

COVING, Aug. 7.—The queen gave a grand banquet at Osborne in honor of the German emperor.

Marine Boys at Fayal.

GIBRALTAR, Aug. 7.—The cruiser Saragat, with a detachment of the United States school of Philadelphia aboard arrived at Fayal.

The News in a Few Words.

Henry A. Tedger conspired openly at Osawatimie, Kan. Fire at Marion, Ind., destroyed property to the value of \$75,000. Governor Flower will stamp New York fire insurance. Joseph B. Hunt of New York killed his wife and committed suicide. Louis Gilson is in trouble at New York on account of having two wives at once. The White Supremacy league has been organized in St. Landry parish, Louisiana. Richard Roberts, aged 85, a veteran of the Mexican war, died at Vandalia, Ill. Hon. Charles Denby, minister to China, believes that that country will win if there is no outside interference. China is trying to secure Alaska, a ship built in England for a South American republic that cannot pay for it. The steamer Windward, with the Jackson Arctic expedition on board, sailed from Anchorage for Franz Josef Land. Millionaire Byers was kidnapped by the Sicilian bandits at St. Joseph and taken to Kansas City. Fire on the United States man-of-war Marion, on the dock at Mare Island, caused a damage of \$2,000. Five men were arrested for a riot at a park during a game caused a panic and several people were injured. A sailboat capsized in the river near Burlington, Ill., and Mrs. C. C. Campbell, that city's widow, was drowned. The son of Baron von Hilden of Vienna is in Cleveland, O., searching for his sister, who disappeared from home two years ago. The railroads of Kansas refuse to make the cut of 25 per cent in freight rates ordered by the commissioners. The company charge that the order is the result of a Populist political conspiracy. The penitentiary at Joliet, Ill., is declared to be free from smallpox and visitors will again be received. A brick assault on two laborers at Brazil, Ind., has caused the citizens to organize for the maintenance of law and order. Spring Valley, Ill., miners threaten to prevent operation of the mine at La Salle and Peru. Sheriff Taylor, with 100 armed deputies, will endeavor to preserve order. Bring your orders for job-work to this office. Satisfaction guaranteed, and work promptly done, as agreed upon. Full information upon application to local B. & M. R. agent, or to J. Francis, G.
