ACCIDENTALLY SHOT.

the Discharge of a Shot Gun.

Our citizens were shocked Friday evening to hear that Michael Hogan, living a few miles northwest of the city, had accidentally shot and killed himself

The particulars are as follows: About half-past 5 o'clock Friday afternoon Mr. Hogan started from the house to take a lunch to the men in the field, and carried a shot gun with him to shoot rabbits. In climbing through a wire fence his clothing caught and the gun in some way was discharged, the shot entering his chest and passing through his heart, burning the flesh and clothes on his left side. He was found dead in this condition by his sons at 6 o'clock, his coat sleeve and pants caught in the wire.

Mr. Hogan was 58 years old; he came to Columbus in 1869 and has been one of Platte county's best citizens for all these years.

He leaves a wife and eight children. These are: M. J., Stephen, P. H. and T. C., Mrs. John Sullivan, Mrs. M. Burke and Misses Sarah and Agnes. All live here except Mrs. Burke, who is a resident of Omaha.

The remains were buried Sunday at Shell creek Catholic cemetery near Gleason's, a large number of sorrowing friends of the family attending the funeral.

Columbus and David City ball teams crossed bats here Friday, and all in attendance expected, at the end of the first inning, to see a first-class game and a good score, but were doomed to be disappointed, for in the first half of the second, King David stuck his toes into mother earth and when his half of the inning was over they had a pile of runs higher than "Rudy" Miller's head, and virtually winning the game. The David City boys got "onto" Coffee and batted him hard, making ten runs in the inning. David City's third baseman. while after a foul, ran over two kids sitting on the ground and rolled them over several times but missed the foul. Most of the crowd made up their minds after the third inning that David City had too much color for Columbus Eddie, the great, pitched a good ball braska Aug. 25 to Aug. 28 inclusive, and striking out sixteen men. looking on from the outside. We were not present but are informed that the game was interesting from the fact that Clarks came down with the intention of shutting our boys out, in which they reckoned without their host, and but for an error or two on the part of one or two of our boys they would have come within one of being shut out themselves, as one run was all they earned. Kleffner, the new pitcher for Columbus, did put a twist on the balls that Clarks was unable to find. Some of the Clarks batters were great on foul balls, making t dangerous to be anywhere near the diamond; young Schonlau got a hot foul on the foot which knocked him down, and a reporter got off the fence mighty quick. Quite a Blaze. At 1 o'clock Friday morning the firemen were called out to a fire discovered to be in the barn of Charles Snodgrass just west of the Creamery. Before the firemen could get there, the flames had gained such headway that it was impossible to save anything.

Two horses and a cow were burned One of the horses was an imported stallion worth \$1,800 and insured for \$500. The horse was fastened in the stable with two chains and as the fire from their camping expedition on the broke out in the front part of the barn the horse broke the chains and backed ant week. to the rear of the barn but before boards could be taken off, he dropped dead. It is thought tramps set the fire, as some one was seen running from the barn when the fire was discovered.

-A petition signed by fifty-four freeholders was filed with the county clerk Monday praying for a special election for the purpose of bonding the township to raise money to build the irrigation canal. We think all freeholders should be willing to vote a reasonable amount of bonds at the present time in order to give our idle men employment this fall. If this is not done we may have a good number of deserving poor on our hands this winter who will have to be cared for and won't have any canal either. More than that we want the water which runs to waste down the Loupe on our lands which will make fat pocketbooks, fat bank accounts, fat hogs, horses, cattle of his father.

Ryan, was called to the stand. She said she had kept house for Father Ryan at Columbus. When in Chicago ne told her that he would leave her a house and lot in consideration of her services; that he had been forced by the bishop to make the will and wanted her to see a lawyer to ascertain if they could not write to the bishop and have the privilege of rescinding the will. The proponents began their case with

the testimony of Mrs. Mary Lamb. She took care of her brother a long time She had never spoken to him about his property in any way except once when the told him what Mrs. Coffee had said about her inducing him to leave her his roperty. Father Ryan denied ever been told so. After the bishop's second visit he expressed himself well satisfied with the disposition of his property, as the bishop had promised him \$50 a month. This was paid him as long as he lived.

Since the foregoing was put in type other testimony has been published. Mrs. Lamb and her daughter denied that assistance was rendered Father Ryan, by guiding his hand, when he executed the deed to his property. The claim of Thomas Coffee that when he entered the room, after the will was executed, that Father Ryan took hold of his hand, and assured Coffee that he had been remembered, was controverted by both witnesses. Dr. Coffman testified to having noticed no signs of delirium from pain on the day the will was executed.
