The One-Price Cash House of

JOHN FLYNN & CO.

P. J. HART, RESIDENT PARTNER.

Boots & Shoes.

UNDERWEAR.

-Mrs. Charles Stanley Brown, (pupil of London Academy, England, also of Prof. U. C. Barnap, Mrs. Doc, and Mrs. Charles Tyler, Dutton, of New York), will receive pupils for singing and vocal culture. Terms moderate. Apply at the Thurston, or Episcopal rectory.

-A. M. Jennings has left with us a very fine specimen of cotton raised the past season at St. Edward, Nebraska. In its glass case this product makes a fine appearance, suggestive that if "Cotton is King," Cotton may be called queen, thus giving it a second place in the agricultural world.

-The Farmers' club will have its next meeting, Friday, Dec. 28, at 11 o'clock, at Mrs. Lockhart's. At the November meeting John Tannahill gave a talk on irrigation and the cheapest ways of obtaining water, which he will continue at the next meeting. This among other interesting subjects.

-An unknown man was found dead Monday about four miles from Platte Center on Elm creek. Coroner Heintz was notified and his jury, after examination, returned a verdict of death by suicide. The body was brought to this city yesterday and the funeral will take place today from Gass' undertaking rooms.

-Union Camp, Sons of Veterans, at their last meeting elected the following officers for the coming year: Captain, E. P. Dussel; first lieutenant, C. M. Young; second lieutenant, J. B. Tschudy; council, John Tannahill, Frank Wurdeman, E. H. Jenkins; delegates, Jenkins and Wurdeman; alternates, Tannahill and Galley.

-W. W. Manning was in the city Saturday. In fact it was a great day for out-of-town people, the nice weather of the forenoon bringing them out in great numbers, the better (that is to say) weather of the afternoon sending them all to cover. Among those from the south side we noticed R. B. Kummer, J. E. Ernst, Chris Meedel, John Engel and Fred Meedel.

-Marvin Broadbent, who is teaching at the Fenton school house, south of town, was engaged in a wrestling match with the boys in that neighborhood one evening last week, and had his leg partly thrown out of joint near the knee. The boys all got together and succeeded in replacing the joint, but Marvin has had a pretty sore limb ever since. [Cedar Rapids Republican.]

-A. P. Kittell, civil engineer from North Platte, is in the city. He has been engaged to superintend matters for the irrigation company. He has had twelve years' experience in the work in Colorado, Utah, Arizona and Wyoming. Yesterday morning, accompanied by Clayton Gates, O. Nelson and C. A. Woolsey, he started on the survey, beginning at a point on the Loup, so we are informed.

-J. E. Mann, M. D., oculist and aurist and eye and ear surgeon to Presbyterian hospital, Omaha, will be at the office of L. C. Voss, M. D., on Friday, Dec. 21st, where he can be consulted by those having any trouble with their eyes, ear, nose or throat. Operations done at your own home and glasses fitted in a manner to best preserve the sight. This chance to consult a specialist should be accepted as it may prevent an early trip to the city.

-The COLUMBIAN JOURNAL has started a boom for the location of a new state normal in that city on account of its convenience as a railroad center. If we could secure another normal school for this state we know of no better location than Columbus. The present normal is located at the southeastern extremity of the state, and is as easy of access to the people of Iowa and Missouri as to those of our own state. [Cedar Rapids Republican.]

-At an adjourned meeting of Baker post G. A. R. Saturday evening J. R. Brock was elected commander for the ensuing year; R. W. Young, S. V. C.; R. L. Adams, J. V. C.; T. M. Wilson, Chaplain; John Tannahill, Quartermaster; R. L. Rossiter, O. D.; Josiah McFarland, G. E. O. Rector, delegate to the encampment (Jan. Wis, alternate. The next meeting (Jan. 5) it was thought best to hold in the evening so that, if the W. R. C. and S. of V. wished to unite in public installation of officers, they could do so.

-The evening congregations of Grace (Episcopal) church have been steadily growing. Last Sunday night Mrs. Evans sang a solo, "Nearer My God to Thee," with organ, cornet and violin accompaniment. Next Sunday evening Mrs. Chambers will sing a solo; this feature of the evening service will be kept up, so far as possible. On the first Sunday of each month will be held a special musical service, when evening prayer will be intoned. A hearty invitation is extended to all.

-Interesting revival meetings were held in the Presbyterian church the last two weeks, closing Sabbath evening. Rev. Dr. S. T. Davis of Omaha assisted the pastor most of the time rendering valuable help. Dr. Davis is a ready, forcible and instructive preacher. His preludes hit hard and cut close. As a result of the meetings, eight were received into the church last Sabbath and more have signified their intention to come, while some will likely unite with other churches with whom they have been associated.

-Half past one Saturday afternoon, as we write this item, rain is falling at a very satisfactory rate; streets are already muddy, the sky is overcast with clouds that are sure to be full of moisture. There are various estimates as to how long such a rain can continue in order to fill the desire of the average man, and the range is from one to two or three weeks. One farmer has already (after a half hour's rain), said that it was worth more than six inches of snow. If now we only had reservoirs and ditches scooped out to hold some of the extra moisture!

-Mrs. Martyn, Evans & Geer have an arrangement for disinfecting a person that is pretty scientific. You step into a small room, holding your nostrils close and in your mouth a rubber tube connected with the outside world and through which you get fresh, pure air. The sulphur fumes penetrate every particle of your clothing, and in the ten minutes that you spend in the box, it is presumed that every living organism on your body or in your clothing has been deprived of life and power of evil. If you have breathed none (or but little) of the sulphur smoke, the process is attended with no ill effects.

-The world seems to have tired a little of the advice against extravagance being mostly aimed at the young, which probably accounts for the great popularity of the new play "The Prodigal Father," which is having such a run in the cities.

-On the margin of THE JOURNAL, or on the wrapper, following your name you will find the date to which your subscription is paid or accounted for. If the date is past, you are respectfully requested to renew your subscription. See rates elsewhere.

-R. Kummer, in from the south side Saturday, says that Mr. Morrell (charged with the forgery of a note for \$850, which he got the money on at one of the Polk county banks), was convicted last week and sentenced to the penitentiary. The proof was conclusive.

-E. B. Hammond has just finished putting down a well for John Ryan, in Colfax precinct, which is a wonder in itself and is a great advertisement for Ed. and his machine. For years Mr. Ryan has had no well on his farm, not being able to secure water in the many attempts, and was had to haul water for use. The well just completed is 285 feet deep and the last 150 feet was drilled through solid stone. It was slow work, but makes a fine well and of course the water is plentiful as it reaches its natural level in the well. [Schuyler Quill.]

-"Men of Omaha" is an interesting little 8-page paper published by the "Y" of that city and in it we find a very appreciable article concerning Edward B. Higgins, son of the late Judge Higgins, whose death was such a severe blow to his widowed mother and his fatherless brothers and sisters. It says "he was a true, bright, manly young man, talented, most highly valued in the office in which he was employed." There is a mistake, however, in saying that Edward had joined the "Y" at Omaha. He was a member here, having joined some months ago.

-Monroe Looking Glass: H. J. Hendryx informs us that he has offered the parties who are ditching the swamp north of him, the use of his outlet pipe, and only objects to them changing the water in its natural course which they are not entitled to do. Certainly they should turn the water into its natural channel where it runs upon Mr. Hendryx' land as required in all laws regarding water courses... S. L. McCoy of Columbus was in town a couple of days this week looking over the ground with a view to locating a harness shop. He called and entertained us with a few imitation bugle calls.

-Christmas day (Tuesday, Dec. 25), will be duly observed by the Episcopal church. The service begins at 11 o'clock. After morning prayer and sermon the holy communion will be celebrated, to which all baptized Christians, of Evangelical churches, are cordially welcomed. As this is probably the only Protestant service in Columbus on that day, the other pastors have kindly offered to announce this invitation from their pulpits. The Grace church choir, assisted by extra, well-known singers, will render, under the efficient direction of Mr. Schroeder, appropriate music, and Mrs. Brown will sing the famous Christmas hymn "Nazareth."

-The Madison Reporter has this to say concerning the men captured here by our police, and wanted at Tilden for robbing a store of \$300 worth of goods: "John Martin the leader had on his person an overcoat stolen from McDonald's store. There is evidently a gang that makes its headquarters at Omaha and comes out as far as Columbus and then scatters. Martin confided to the madam of one of Columbus' public residences where he was hiding that he intended to tap the Columbus post office the evening he was arrested. Postmaster W. E. Powers came down from Pierce to see the prisoners thinking they might be the fellows who robbed the post office at that place a week ago."

-The premises of M. K. Turner, corner of Kummer and Ninth streets, were quarantined Sunday. The case is that of Rosa Turner, aged nine years, Dr. Voss pronouncing it a light attack, so far as developed, of scarlet fever. Three members of the family, the mother and two sons, have been temporarily residing at the farm north of the city. The mother came in Sunday and will stay with the afflicted, giving them her entire time and attention. The father, after being fumigated, left the premises Monday morning, under written permit of City Physician Evans, and will remain away, unless a change for the worse should take place, when he will return and stay.

-N. P. Larson, who went to Louisiana on the 20th ult., with a party of eight, returned from there on Saturday, and reported having a splendid trip and says the country he visited—Crowley and vicinity—is beyond his expectations in all particulars. Mr. Larson stopped off two days at Houston and one day at Beaumont, Texas, and looked over some land which he says took his fancy very much. During his visit at Beaumont he picked some oranges and figs from the trees and very kindly remembered the editor with a sample of fine fruit. ... Rev. Pulis of the Columbus Baptist church, preached at the Baptist church at this place Sunday evening, in the place of Rev. Wirth. Rev. Pulis will preach here again Sunday evening. [Platte Center Signal.]

-The Herald of Schuyler has this to say: "The irrigation meeting called at Pene's hall Monday night was not so well attended as the importance of the subject would warrant. Messrs. Gates and Nelson explained the plans of the company. The incorporators are Orlando Nelson, Clayton A. Gates, Ira E. Gates, Charles A. Woodley and Elton W. Nelson. The purpose of this incorporation is, as the title suggests, to construct a canal principally for irrigation purposes. The canal is to start from a point in the Loup river about two and one-half miles southeast of Genoa, Neb., and run through Platte county and through Colfax county either as far as Schuyler, there emptying either into Shell creek or the Platte river, making a ditch about forty miles in length and carrying sufficient water to irrigate at least 150,000 acres. Articles of incorporation have been filed at Lincoln."

-Already, what THE JOURNAL had to say about the location here of a state normal school is having its effect. Let our representatives and senator elect be encouraged by our citizens to look after this matter, and we believe that the close of the coming session of the legislature will find the project well begun. There is absolutely no single reason that we know of why the additional institution (which is certainly needed and in great demand) should not be located right here, where so many railroads center. There is no other place in all this northern Nebraska except Norfolk that could begin to compare with Columbus, and that already has one state institution, so would not be seriously thought of for this one. Let a splendid, free public library be fully equipped and put in first-class running order by the city, and that one fact alone, in connection with all our conceded other advantages, will do much towards securing the state normal school.

-At my farm four miles east of the city 30 HEAD OF HOGS. They will average about 60 pounds each, are Poland China, and have no distinguishing marks. The owner will prove property, pay damages and charges, and take his hogs, or the law take its course. 5-Dec-5 E. O. WELLS.

1894 HOLIDAY ADVICE. 1894

Remember Christmas comes but once a year and it's a long time a coming. The great question is, then, What shall I buy for a Christmas Gift? We will answer the question. Call at J. H. GALLEY'S and examine their large stock of
