## MAHONEY FOR JUDGE

OMAHA ATTORNEY NOMINATED BY ADMINISTRATION DEMOCRATS.

Telegram From Secretary Carlisle Read to the Convention—Cleveland's Administration, the Platform and the Platform of 1892 Was Read.

Supreme Judge, T. J. Mahoney University Regent, W. H. Ames

LINCOLN, Sept. 7.—When State Chairman Enclis Martin of Omaha called the second Nebraska Democratic state convention to order Thursday 631 delegates greeted him with applause. Every utterance in favor of a national currency in which gold is the basis principle was vociferously cheered as the mention of free silver in the convention of the other wing of the party last month.

The chair first announced that he had received a telegram from Secretary of the Treasury Carlisle, which he would read. The message, which was in effect that it had been impossible for him to accept the cordial invitation to meet with the convention, and that, owing to the immediate stress of business it was equally impossible for him to dictate an extended letter.

His message, however, created a great deal of enthusiasm and the signature of John G. Carlisle evoked another Democratic outburst.

The call was read by Secretary J. B. Sheehan, and Chairman Martin answered that in accordance with the custom of past Democratic state conventions, he would name R. S. Bibb of Beatrice as temporary chairman and C. M. Huebner of Nebraska City as temporary secretary.

The recommendation was unanimously ratified by the convention, and a loud and prolonged shout of cheers. Bibb said that in addition to honest money, tariff reform and the greatest good for the greatest number, the genuine Democratic party, whose representatives were before him, stood for a long and interesting and a storm of cheers.

On motion the chair appointed committees on credentials and permanent organization. The chairman of the committee on credentials reported that there were no contests and that every county in the state was represented. On motion the temporary organization was made permanent, with the addition of Ed McCulloch of Butler county, as assistant secretary.

Platforms as Adopted. The report of the resolution committee was greeted with repeated applause. There was no minority report. These resolutions were adopted with enthusiasm.

The Democracy of Nebraska, in convention assembled, congratulates the country upon the sure signs of reuniting prosperity and the triumph of the policy of protection, tariff reform and the greatest good for the greatest number.

## KILLED FIVE PERSONS

BUILDINGS NEAR DUBUQUE BLOWN TO ATOMS BY DYNAMITE.

Young Lathaw Five a Mile Near a Range Where the Dynamite Was Stored. Force of the Explosion Tore a Hole Fifteen Feet Deep in the Solid Rock.

MINNEAPOLIS, Sept. 10.—A frightful accident resulting in the death of four persons occurred at Specht's Ferry, a small station on the Milwaukee road 13 miles above Dubuque, Ia. A Kirschner of Fountain City has the contract of putting wing dams in the river and has a large force of men employed. These men loaded in a large shanty run by Edward Lathaw, whose home was in Victory, Wis. Sunday morning, Foreman C. H. Owens was passing the building when he noticed one of the Lathaws firing a rifle near the house, and he went in to see what was going on. He found a large amount of dynamite stored. Owens pointed out the danger of an explosion and the Lathaws promised to stop firing the gun. Owens passed along and had got about 50 feet, when the gun was fired again and an explosion of dynamite followed. There were seven persons in the building, which was blown to atoms. Of the seven four were killed, also the boy outside who fired the fatal shot. The killed were:

EDWARD LATHAW, his wife. RAY LATHAW, his son, aged 12. MAT LATHAW, his son, aged 8. HANS BJORNSTADT, his son, aged 10.

The injured were: Mabel Lathaw, aged 15, had her skull fractured. Ed Bench of Lansing, had his eye blown out and sustained other severe injuries. A little girl, aged 5, standing outside, had her clothing entirely stripped from her by the force of the explosion. She was telegraphed to Dubuque, and in a short time several doctors were on the spot. The injured were brought to the city and placed in a hospital. It is thought one of the men and the girl will recover.

The scene of the explosion is a little hamlet containing only a hotel, depot, warehouse and a few shanties. The force of the explosion tore a hole 15 feet deep in the solid rock, wrecked the building above it and damaged nearly every other building in the place. The mother, two daughters and younger son were found in the wrecked house. The baby girl was lying across her mother's dead and mutilated body crying piteously for her father. Lathaw's body was found 200 yards from the scene of the explosion. The boy who did the shooting was thrown over the top of a high tree, falling to the earth a shapeless, unrecognizable mass. Hans Bjornstad's body was found 100 yards from the building, every bone broken by the force of the explosion. The mother's head was crushed to jelly, while her body bore no marks of the terrible explosion.

In Specht's hotel every window was shattered and the building otherwise damaged. The side of the warehouse was blown away and the building was left a ruin. Barges moored on the opposite side of the river were so much damaged by the concussion that it is feared they may sink. The hamlet has every appearance of being struck by a cyclone, there being scarcely a sound left of the buildings. The noise of the explosion was heard at Plattville, Wis., 10 miles away and parties six miles up the river thought a steamboat had burst her boiler. Every boat and train that could be had Sunday was busy carrying people to the scene, and during the day thousands were there. The wounded people in hospitals at Dubuque are doing well. The bodies of the dead were brought to Dubuque. Coroner Gregoire is holding an inquest.

Masonic Temple Burned. BOSTON, Sept. 8.—Masonic Temple, one of the finest Masonic buildings in the United States, was almost entirely destroyed by fire today. The building was magnificently finished and the loss will probably reach \$400,000. The fire was discovered by a passerby at 10:05 and a few moments later an alarm was given from box 53, being noted as located in one of the most dangerous fire districts in the city. At 10:08 the alarm was sounded and the fire was under control. The fire was caused by a gas leak in the boiler room. The fire was caused by a gas leak in the boiler room. The fire was caused by a gas leak in the boiler room.

Asks Ten Thousand For a Broken Leg. FALLS CITY, Neb., Sept. 6.—Charles Kelly, whose leg was broken in the fight with Al Townsend of Topeka, has commenced suit against Townsend for damages to the amount of \$10,000.

Paul Dugan Passes at Annapolis. HASTINGS, Sept. 7.—A telegram was received here announcing that Paul H. Dugan, who is Ralph Saxton's alternate for naval cadetship at Annapolis, had successfully passed an examination.

Morrison Murder Trial. CHADRON, Neb., Sept. 9.—The Morrison murder trial still interests the public. The state's testimony is expected to be all in by Tuesday and the case will then likely go to the jury Saturday.

Three Postoffice Discontinued. WASHINGTON, Sept. 9.—Postoffices have been discontinued as follows: Nebraska—Dorp, Logan county, mail will go to Gandy; Ogema, McPherson county, mail to Tryon. Iowa—Stanley, Buchanan county, mail to Aurora.

Killed by His Brother-in-Law. OMAHA, Sept. 6.—Paul Miller was shot and instantly killed at Sixteenth and Grand avenue by his brother-in-law, August Sauerwein, while Miller was in the act of assaulting the aged mother of Sauerwein during a family quarrel.

Nebraska Beet Sugar Crop. NORFOLK, Sept. 4.—There are 4,000 acres of sugar beets in the Norfolk district all "laid by" and in much better condition than in any previous year. Recent rains have benefited the beets greatly, and with continued favorable conditions for root development the results of the harvest will exceed former seasons, and probably will be more than 40,000 tons, which would mean an output of 7,000,000 pounds of granulated sugar. It is believed that the enormous sugar output of the state will be a factor in the world's sugar market.

Suit to Recover Dividends. OMAHA, Sept. 6.—Papers have been prepared and will be filed in the United States circuit court here in a suit which State Treasurer Bartley has commenced to recover dividends on the state deposits lost in the Capital National bank. When the Capital National bank failed it owed the state the sum of \$238,981.33. This amount had been turned over to State Treasurer Bartley by the retiring treasurer, Hill, in the form of a certificate of deposit in the now defunct bank.

Suit was commenced by the state to recover the amount from Hill. The case tried and the jury disagreed. Now Treasurer Bartley commences action to recover the entire amount.

## TOLD IN A FEW WORDS

EVENTS OCCURRING IN ALL SECTIONS SUMMARIZED.

Happenings at Home and Abroad Reduced From Columns to Lines—Every thing but Facts Eliminated For Our Readers' Convenience.

Wednesday, Sept. 6. The mine owners at Central City, Colo., have agreed to pump out the flooded mines as rapidly as possible.
