CITIZENS' TICKET. For Treasurer, C. G. CARRIG, of Lost Creek.

The Telegram aims to be a biographical dictionary in the case of two of its candidates for county offices—county clerk and judge.

Two Object Lessons. Fremont people have had an object lesson during the last few days.

Why not buy it in Hawaii or Hamburg? It can be bought cheaper there than home-made sugar at present.

When those twenty tons of imported sugar were being hauled through the streets a Fremont merchant was unloading original packages of wroten goods.

Why doesn't the Herald apply its practical, sensible sugar idea to other industries? We should be glad to see it enlarge its sphere of usefulness in such a manner.

YANKEE YACHT KEEPS THE CUP. The racing committee of the Seawanhauk Yacht club having charge of the series of international races between Spruce IV, Skipper Edward of the Minima Yacht club of England, and Ethelwynn, Captain of the Inland Yacht club of Connecticut.

CENTRE ISLAND, Sept. 29.—The racing committee of the Seawanhauk Yacht club having charge of the series of international races between Spruce IV, Skipper Edward of the Minima Yacht club of England, and Ethelwynn, Captain of the Inland Yacht club of Connecticut.

HARRISON NOT IN THE RACE. Announcement that he is in no sense a candidate.

INDIANAPOLIS, Sept. 29.—Colonel John C. New, who managed the President Harrison's campaign for the nomination for the presidency, and was counsel general of the United States at London during the Harrison administration, in an authorized interview in the Indianapolis News, today said: "General Harrison does not desire to run for the presidency, and is in no sense a candidate, and the charges that he has withdrawn in the interest of any one are without foundation in fact. Were his advice solicited, he would never either Mr. McKinley or Mr. Hoar as the Republican candidate for president."

AFTER UNION PACIFIC

HEAVY CREDITORS CHARGE MIS-MANAGEMENT OF ITS AFFAIRS. Alleged that the Government Debtors Association is in the possession of the franchise—But Commenced Involuntary Thirty-Two Branches.

SAN FRANCISCO, Oct. 1.—The Chronicle says: The most far reaching suit ever tried in California and one which will attract world wide attention from its economic and commercial bearing, is on the calendar of the United States circuit court of appeals for the present session. It is the struggle of the heavy creditors of the Union Pacific Railway company and its 32 branches to have the entire business of the great trunk line thrown into a common pool and administered on a trust fund by the federal courts. The complainants are in part stockholders and creditors of the company. The allegations of the voluminous complaint of the combined companies is full of startling announcements and vital statements: as to the failure of unrestricted private contracts. The inadequacy of the present management is emphasized and its inevitable trend toward bankruptcy portrayed.

The fight is really between the Farmers' Loan and Trust company and others against the Union Pacific Railway company and its branches. Such distinguished men as ex-Judge John F. Dillon and Attorney Francis B. Condit are involved as codefendants.

The suit involves 32 branches of the Union Pacific system, as well as the main line and its city and depot property, and the plaintiffs appear as a committee for the minority stockholders of the Oregon Railway and Navigation company, as well as for the Farmers' Loan and Trust company and the American Loan and Trust company. The rights of the plaintiffs originally acquired by reason of Frederick L. Ames' ownership of about 25,000 shares of stock in the railroads in question, together with his ownership of a considerable amount of collateral trust property, are sufficient to entitle the plaintiff to the franchise. The fact is reiterated with emphasis that the falling off of the road's revenues is alarming, reaching as much as \$1,400,000 in two months. The complaint recites that the Union Pacific Railway company is unable to carry operating expenses, either upon its main line or branches; that the company will not at any time have sufficient funds or assets with which to pay its interest and sinking fund charges maturing from month to month, and that the result will be the liquidation of the company.

APPOINTED NEW RECEIVERS. None of the Contending Factions Were Given Representation. MILWAUKEE, Sept. 29.—Frank G. Bigelow of Milwaukee and Edward McHenry of St. Paul are jointly appointed receivers of the Union Pacific Railway company, and in place of Henry C. Payne, Thomas F. Oakes and Henry C. Rouse as receivers of the Northern Pacific Railway company. Mr. Bigelow is to be known as the financial receiver and will have charge of all matters pertaining to the finances of the property. Mr. McHenry, who for years past has been the chief engineer of the Northern Pacific, and who knows every inch of the road, is to have charge of its operations. The new receivers are ordered to file bonds in the sum of \$500,000 each within ten days.

PAID UP. The services of the remains of Professor Louis Pasteur, who died on Saturday last, will take place in the cathedral of Notre Dame on Saturday next. The remains will be deposited in the cemetery of Montmartre, and final interment will take place on Oct. 25, the centenary of the foundation of the French institute. The directors, members and employees of the institute viewed the remains this morning, while the general public was permitted to do the same. The floral wreaths and other tokens of mourning are arriving from all parts and are being deposited on the bier.

JEFFERSON CITY, Mo., Oct. 1.—The Bank of Monette and the Bank of Purdy, both Sary county banks, have been closed by Secretary of State Le Seuer upon notification of the state bank examiner of their insolvent condition and are in the hands of receivers. This makes 13 banks closed by the secretary of state since the execution of the new bank examination law began on July 1.

SIX KILLED WITHOUT WARNING. Results of a Premature Explosion at a Quarry Near Independence. KANSAS CITY, Oct. 1.—Six lives were crushed out at a quarry six miles from Independence by the premature explosion of a blast. The men were caught under a huge rock and instantly killed. The victims are: MILES McCLELLAN, contractor, Kansas City; CON PRUITT, a farmer 25 years old, lived near Sibby, Mo.; DANIEL LARKIN, quarryman, Kansas City; ANTONIO CARLIN, quarryman, Kansas City; PAT WELSH, quarryman, Kansas City; TOM FERGUSON, boy 9 years old.

WHAT WILL TEXAS LEGISLATORS DO? Governor's Supporters Jubilant and Begged Passage of New Law Certain. DALLAS, Tex., Sept. 29.—While the governor's call for a special session of the legislature, requesting the body to pass a law prohibiting prize fights, met not entirely a surprise, yet it had the effect of starting a rapid discussion. The governor's supporters were jubilant and regard a law to take immediate effect as a certainty. The opposition maintain that the required two-thirds of the legislature will not be obtained for an immediate act, but do not doubt that a law will be passed to take effect in 90 days. While taking this view the opposition are wondering what the governor will do next if a law to take immediate effect is not passed. The question on all sides is will the governor rest his case on legislative action? Conservative opinion insists that two of the three branches of the government, the judicial and the legislative, should and will settle the matter. The judiciary has spoken and the legislature will be heard from by Oct. 2.

CUBANS HAVE FRIENDS. Uncle Sam Asked to Recognize Them as Belligerents. CHICAGO, Oct. 1.—A much of the population of Chicago as could find entrance to the auditoriums of Central Music hall and the Y. M. C. A. building Monday night, shortly after 8 o'clock, approved of a series of resolutions in which the United States government is asked to recognize the Cubans as belligerents. Such genuine enthusiasm has seldom been witnessed in this city and on no occasion were words spoken by men more full of heart and soul than by the speakers. Mayor Swift presided at the main meeting in Central Music hall, while Judge William A. Vincent was chairman of the overflow meeting. The 75 vice presidents who occupied seats on the platform were chosen from among the leading business men of the city and each one of them had expressed himself as in full accord with the object of the meetings.

LABOR LEADERS RETURN HOME. Samuel Gompers and F. J. McGee Arrive in New York. NEW YORK, Sept. 30.—Samuel Gompers, ex-president of the American Federation of Labor, who left here on Aug. 14 to attend the trades' union congress at Cardiff and to make a study of labor questions in European cities, arrived home on the steamer New York. As a result of his observations in Europe, he said: "There is no workman in the world the equal in energy and possession of the comforts of life of the American workman. He is superior to the English, French or German workman. He has longer hours generally, but he is almost universally better paid, and spends more in living than the average European laborer earns. He holds a higher social position and the conditions of his life are far more sympathetic with the ideas of mankind."

IMPERIAL DECREE ISSUED COMPLYING WITH BRITISH DEMAND. Crisis Imposing in China, Involving a Naval Demonstration by the British. Foreign, Is Abandoned—Independent Investigation into the Cheng Tu Riots.

LONDON, Oct. 1.—A dispatch from Peking to Reuters' agency confirms the news given out by the British foreign office that the decree has already been published in the Peking Official Gazette ordering that Liu, viceroy of Szechuan, be stripped of his rank for failing to protect the missionaries in his district and that he be not again permitted to hold office. The Peking dispatch adds that the French minister to China demanded reparation for mission outrages on French subjects. The Times published a dispatch from Berlin which says that the Chinese have informed Germany that the leaders of the attack upon the German mission at Szechuan have been arrested and measures will be taken to arrest others concerned.

WASHINGTON, D. C., Oct. 1.—Minister Denby called the state department from Peking, today to follow up the news given in the Peking dispatch. Responsibility for Szechuan riots rests with officials. Viceroy Liu careless; took no notice of the beginning of the riots. He is deprived of office, never to be employed. Other officials are to be punished. This would seem to indicate that the crisis impending in China, involving a naval demonstration by the British forces, has been averted for a time at least by a compliance with the principal demands of the British. It cannot be learned whether the decree concedes all of the demands made, and "imperial decree makes no reference to the sweeping conditions imposed by the British minister that the guilty officials be punished by suspension for three years in the promotions and appointments in the civil service in the province of Szechuan. Viceroy Liu, whose fall is announced, was in trouble before. It is alleged he was found guilty last November of misappropriation of funds, and later on the French investigations showed that he was responsible for the Cheng Tu riots. He was obliged to pay an indemnity of \$800,000 to the French Catholic League in connection with the Cheng Tu riots. He was found guilty last November of misappropriation of funds, and later on the French investigations showed that he was responsible for the Cheng Tu riots.
