TESTIMONY AGAINST BYRNES. Implicates the Noted Ex-Superintendent in Blackmailing Scandals.

NEW YORK, Nov. 12.—The commission of accounts who have been investigating transactions of the dock board for some time have taken up the investigation covered by the Legros committee and brought forward testimony which for the first time implicates Thomas Byrnes, the noted ex-superintendent of police, in the blackmailing scandals.

The accusing witness was Christian W. Schaeffer, an old man, who testified that he was gambling boss in this city since 1887 and had known Byrnes for a quarter of a century.

Shortly after the latter was appointed captain of the Fifteenth precinct about 1878 or 1879, Captain Byrnes sent for him. He begged Byrnes not to trouble him that night. Byrnes replied that he was king in that precinct and that the witness had presumed greatly in running gambling houses there.

Byrnes consented to wait until the next day before taking any action. The witness went to see Sydney Nichols, the police commissioner, and informed him of Byrnes' threat. Nichols saw Byrnes and told him that if he closed the witness' place he would have to close the other gambling places in his precinct. The witness' place was not disturbed. Afterwards he saw Byrnes again and said to him: "While you are making money by your gambling with other fellows. He made this proposition to Byrnes: That the latter should receive one-fourth share of the profits of the business which was done. It was accepted. Thereafter witness regularly paid Byrnes personally each month a share of the profits. The partnership continued for ten months, during which time he paid not less than \$2,000.

THIRTY-SEVEN BODIES RECOVERED. Victims of the Explosion in the Journal Building at Detroit.

DETROIT, Nov. 9.—The dead body of James B. Thomas was taken from the wreckage of the Journal building. This is the fifth body recovered and according to the list of the missing was the last body left in the wreck. Thompson, engineer of the building, has been arrested.

Negligent care of the boilers was the cause of the accident. Official inspectors and competent engineers examined portions of the wrecked boilers and pronounced the cause as low water, causing a superheated condition of the flues, which was followed by the dangerous injection of cold water. Engineer Thompson's carelessness is strongly condemned. The engineer of The Free Press building states that he has warned Thompson against leaving his boilers without having any assistant to watch them. Some occupants of the building give similar testimony. Thompson insists that he saw the boilers 10 minutes before the explosion and that they contained plenty of water and 65 pounds pressure of steam.

Mayor Piague scolds the fire department for being slow in extinguishing the fire and for primitive methods in clearing out the ruins. He says the entire Journal building must come down and criticizes the owners regarding the construction of the wrecked portion.

Emergency Give Up Prisoners. TAMPA, Fla., Nov. 11.—Panamaers in the colony of Colon, Panama, in an agreement eight days near Camanagua, Cuba, captured 60 prisoners. Rego notified the Spanish authorities to send for them. The authorities dispatched a committee consisting of Colonel Valle, Captain Rios, two lieutenants, a doctor and a priest, who received prisoners from Rego and gave him formal receipt for them. Radical Spaniards are greatly displeased with Valle for treating with the insurgents and practically recognizing them as belligerents. They would rather see the prisoners die.

BATTLE OF BALLOTS.

REPUBLICANS SWING FOUR DOUBTFUL STATES INTO LINE.

New York, New Jersey and Maryland have been lost to Democracy—Drake in Iowa's Governor—Maxwell beaten by Norval in Nebraska.

The Republicans carried New York state by 66,000 plurality; New Jersey by over 2,000; Maryland by 10,000, and have also captured Kentucky. Byrnes swinging these states over into the Republican column, they increased their usual majorities in Massachusetts, Ohio, Iowa and all other states where elections were held. It is a Democratic Waterloo.

Tammany ejected her local ticket by about 17,000 majority, and New York city went Democratic for secretary of state by 30,000, but the Republicans came down to the Hudson with over 98,000 votes to spare.

Amos J. Cummings elected to congress in the Tenth New York district.

Senator Gorman met his Waterloo. Lloyd Lowndes being elected governor of Maryland by a majority of 10,000.

Piague was re-elected mayor of Detroit for fourth term. Bushnell (Rep.) captured Ohio by 100,000 majority. Ohio legislature will stand about as follows: Senate, 37 Republicans and 10 Democrats; house, 77 Republicans and 35 Democrats.

David Martin is elected chief justice of Kansas, his plurality being only about 40,000.

Norval comes out away ahead for supreme judge in Nebraska, defeating Maxwell by a plurality of 7,189.

Utah starts into stake-holding by electing a Republican ticket—Wells for governor and Allen for congress.

Virginia had a most apathetic campaign and the election was very quiet, going Democratic with but few anti-Democratic legislators elected.

Kentucky elected Bradley, (Rep.) for governor by 8,000 to 13,000 majority, and lower branch of the legislature is Republican by 5 or 6 votes. This means a Republican United States senator from the Blue Grass state.

Massachusetts elected Greenhalge governor by about 63,000 plurality, and the legislative department is solidly Republican.

Illinois was carried by the Republicans by pluralities of about 34,000.

New Jersey was lost by the Democrats. Candidate Griggs, having been elected governor by a surprisingly large plurality of about 26,000.

Has Trouble With His Mother-in-Law. SAN FRANCISCO, Nov. 11.—A local paper says that Lord Sholto Douglas, the son of the Marquis of Queensbury, who married a wealthy widow a few months ago, is to be horsewhipped by Mrs. Addis, his mother-in-law. Mrs. Addis has announced that she will start for Los Angeles this week for the purpose of teaching her son-in-law some American manners. The disagreement is said to have resulted from the interference of Mrs. Addis in the management of the Douglas household. Lord Sholto took exception to the action of his mother-in-law and in a letter informed her that when he married Mrs. Addis, he did not marry the whole family, and that he would be pleased if his mother-in-law would manage his own domestic affairs. Mrs. Addis says she will publicly horsewhip her son-in-law.

Illegal Voting Charged. DENVER, Nov. 8.—The election in this (Arapahoe) county was very hotly contested and will undoubtedly result in one or more legal fights. The only material opposition to the Republican ticket was a nonpartisan or "tax-payer" ticket, whose supporters charged the Republicans with extravagance and jobbery. The Republicans elected all their candidates except for assessor and treasurer. The ballot boxes are now in the court-house awaiting the official count, with nine watchers from each side on guard. Everything is quiet, but friends of each side say the case will be contested in court if the count is against them. Illegal voting is charged on both sides.

Five Vegetarian Leaders Released. NEW YORK, Nov. 8.—A cable to The World from Foo Chow says the five Vegetarian leaders in the massacre of missionaries at Hwaling were publicly beheaded there. Before they were put to death there was an imposing ceremony in a tent on the execution grounds. The members of the American and British consular commissions, who went to Foo Chow to watch the trial, the Chinese prefect of the province, two native princes and many British and American residents were present. There was a procession to the execution ground, and the consular commissions were arranged to inspect the execution. Arrivals of persons implicated in the massacre continue to be made at Foo Chow.

Corporation's Profits Sooner. CEDAR RAPIDS, Ia., Nov. 11.—A big sensation was caused here about Oct. 1 when it was discovered the postoffice had collected amounts from numerous business firms in excess of that due for postage over the months of July, August and September. Charles Deppert, who had charge of that department, was arrested and charged that Postmaster Charles was guilty. The grand jury investigated, but made no report. Two postoffice inspectors had just left after a three days' examination, but what report they will make cannot be ascertained. The matter is made public from Washington.

San Francisco, Nov. 8.—Theodore Durrant was taken from the county jail to the superior court for sentence for the murder of Blanche Lamont. The court granted a continuance until Nov. 11, at the request of the prisoner's attorneys, who asked two weeks in which to hold a motion and procure affidavits for a new trial. The charge against Durrant for the murder of Minnie Williams was on motion of the district attorney, continued indefinitely.

Remains About French Cabinet. PARIS, Nov. 11.—The report of the 'L' that the government is about to reopen the question of the Panama canal, and that the present members of parliament were to be proposed on this account, is authoritatively denounced here.

LARGEST CORN CROP ON RECORD. November Returns to the Department of Agriculture Record the Fact. WASHINGTON, Nov. 12.—The November returns to the department of agriculture make the corn crop the largest in the history of the country. The rate of yield, however, was the lowest ever recorded by the returns for October, being 32.3 bushels per acre. This must be regarded as preliminary and not final estimate of the yield. The rates of yield of the principal corn states are as follows: New York, 26.6; Pennsylvania, 28.5; Ohio, 28.6; Michigan, 28.5; Indiana, 28.8; Illinois, 27.4; Missouri, 28.1; Minnesota, 28.2; Iowa, 26.1; Missouri, 26; Kansas, 24.3; Nebraska, 16.1.

In the Atlantic states, except those about middle latitude, the yield appears to be largely of high quality. In the Virginia and the Carolinas, some counties of the great lakes and the Ohio valley, California and New Mexico reports are conflicting owing to the different action of the universal drought upon the different soils.

Gold Withdraws For Export. WASHINGTON, Nov. 12.—The withdrawal of \$1,700,000 in gold for export by crop men of New York was not in any sense a surprise to the treasury officials, yet the announcement was not welcome news. They do not imagine the fact that they are apprehensive of the future. The last shipment of any importance occurred on Sept. 27 last when the reserve stood at about \$90,000,000, which is almost the exact amount at which it now stands.
