FIRST DAY'S SESSION.

St. Louis, June 16 .- Auspiciously and serenely, beneath a sky across whose arched dome not a cloud floated, the chieftains of the Republican party from the pineries of Maine to the orange groves of California; from the everclades of Florida to the placid waters of Paget sound, met in council Tuesday, and, in the presence of about 8,000 spectators, entered upon the work of electing candidates and enunciating policies for the campaign of 1896.

At 10 o'clock the band of 40 pieces took its place in the gallery above the speaker's stand and at 10:20 struck up

national tri-selor pinned to the breast of his black frock coat, stepped to the front, meeting the trio as it ascended the steps and grasped the Nebraska senator by the hand. Thurston faced the areas with his hands clasped be-

hind him and began to speak. He said: GENTLEMEN OF THE CONVENTION: This happy memory of your kindness and con-fidence will abide in my memory forever. My sole ambition is to meet your expectations, and I pledge myself to exercise the important powers of this high office with absolute impartiality. broke loose. As he declared impressively that he and his associates would cling to the fame, let the name go where it would, a Pennsylvania delegate shouted: "Goodby;" and one from North Carolina yelled, "Take a train for Chicago." The galleries hooted, but Chairman Thurston was obliged to interpose and appeal for order. When he said that they would return to their people unullied, the authority given them because the party of freedmen had become a party of oppression, the first great scene followed. Unflinchingly Faced the Audience

A thousand throats from the floor hissed their resentment in the face of the speaker on the platform, and in an instant bedlam reigned. The galleries hissed, shouted loud and long. Senator Cannon unflinchingly faced the irate andience. His face was pale, but on it

was a look of grave determination and he did not wince as he looked those who were hissing all about him in the even. Chairman Thurston tried vainly to

stay the torrent of disapproval and restore order. At last, when he could make himself heard, he set the convention off by a ringing statement that the Republican party did not fear the dec-

laration that was being read. Making History. The delegates, except the bolting deleations, rose to their feet en masse and heered. From the galleries 12,000

throats sent out their brazen approval cheer followed cheer. Arms waved frantically. Canes, handkerchiefs, hats, umbrellas all swayed, and swayed like branches in a storm.

When the signatures were read, Mr. Cannon folded his document and deliberately turned and, reaching across the desk, grasped Thurston by the hand. Teller did the same. As Teller and Cannou stepped into the aisle, a dozen silver colleagues rose and

A resolution was adopted, thanking the city of St. Louis for fulfilling all its promises in the entertainment of the convention. Hon. C. W. Fairbanks of Indiana, was introduced as temporary chairman and delivered a short speech in arraignment of the present administration and in definement of the issues. Then followed the announcement of the list of officers and secretaries and the first session was over with. It was a rather tame beginning for a Republican national convention, but there was nothing in the proceedings to provoke any great excitement or enthusiasm.

SECOND DAT'S WORK.

Sr. Louis, June 17.-At 10:20 o'clock the magnificent band struck up a medley of patriotic airs, which was received with cheers and plaudits by the packing galleries. The belated leaders moved down into their places. Platt and Governor Bushnell of Ohio came in tosether. The Tioga statesman jostled ex-Senator Warner Miller as he passed, but no sign of recognition passed between them. The feud between the New Yorks leaders was bitter.

The convention was in comparative order upon the introduction of Dr. Wilbur G. Williams, pastor of the Union Methodist Episcopal church of St. Louis, who made the prayer.

The committee on resolutions was not ready to report, nor was the credential committee heard from. Efforts were made to adjourn. Finally after the convention had been at a standstill for some minutes, Sewall of New Jersev. moved that the report of the comittee on permanent organization be accepted. There were angry cries of "no, no," but Chairman Fairbanks put the question and the motion was car-

A deathless loyalty to all that is truly American and a patriotism eternal as the stars. No Point of His Speech Lost.

The punctuation of almost every sentence of his address was a period of yells, round off with a fringe of manual

applause and stamping. Thurston is a tall, slender, dark-faced, black moustached, spectacled, scholarly looking man, but he wields a voice keyed for the stump, every word reaching to the farthest corner of the gallery. As the committees were unable to report the convention adjourned to 2 p. m. Afternoon Session.

It was exactly 2:40 when Mr. Thurs-ton again called the convention to to place Senator Teller in nomination order. Quiet came with the first crack of the gavel. Mr. Thurston called upon Bishop Arnett, president of Wilberforce college. Ohio, to come to the platform. The name of this eminent colored divine evoked a round of applause.

At the conclusion of the prayer there were several gavel presentations, and Chairman Thurston called for the report of the committee on credentials. Delegate Fort of New Jersey, the chairman of the committee, mounted the platform and read the report. It ratified the action of the national committee in all the contests except Delaware and Texas, in which the national committee made no findings. In these two latter states the report recommended the seating of the Higgins delegation in

opposition to the Addicks delegates in Delaware and the Grant in opposition to the Cuney delegates in Texas. The minority report recommended the seating of the Addicks and Cuney delegations in Delaware and Texas and the recommittal of all other contests. Thurston's First Decision.

The first shock of battle in the convention was at hand. No sooner had Mr. Hepburn completed the presentation of the minority report, than Mr. Fort demanded the previous question on the adoption of the majority report, which was carried with a shout. Then came

Montana, notably Senators Carter the contest. Hobart received 53015 and Mantle of the latter state, pre- votes, 90 more than a majority; Evans, ferring to subscribe to the platform than his nearest competitor, received 280%. to sever their allegiance to their party, Story of the Day.

Then the delegates, led by Senator Lodge and Colonel W. A. Stone of Pennsylvania, rose en masse. The fact that Senator Pettigrew of garding lot 7, block 241, in the city of Columbus South Dakota joined the silver Republicans in their bolt proved the surprise of the day. He said after leaving the hall that he had formed the determination to join the movement several weeks ago, as soon as it became apparent that the gold standard platform would be adopted. When the senator left his seat several Republicans who were sitting near him shook him cordially by the hand, and Senator Proctor of Vermont walked to the door with him. expressing regret as he went and shaking the Dakotan by the hand as he joined his silver friends on the sidewalk. He walked with the other bolters to the St. Nicholas hotel, spending the afternoon

in conference with the leaders. Finally the platform was out of the way and the decks cleared for action. Chairman Thurston ordered the secretary to call the roll of states for the presidential candidates. Then it was that the floodgates of oratory were opened wide. Baldwin Sponsors Allison

Charles N. Baldwin, the well known lawyer of Council Bluffs, was the first to present a favorite son to the convention. In an eloquent address he pleaded for the nomination of Senator William B. Allison. He was heartily cheered but the cheers were confined to the delegates in the immediate vicinity of the seats occupied by the Hawkeye delegation.

Senator Lodge of Massachusetts followed and named to the convention Speaker Thomas B. Reed. At the close which Senator Foraker made to adopt of his address an attempt, evidently carefully planned, was made to start

one of those overwhelming demonstrations which signalized the attempt at Minneapolis four years ago to stampede the convention to Blaine. An immense portrait of Speaker Reed was unrolled from the galleries. It was greeted with cheers, and immediately the Reed men Teller set the westerners wild. In little started the cry: "Reed! Reed! Thomas B. Reed!" The demonstration, however, failed, for the rallying cry was kept up for less than a minute.

Depew Spokesman For Morton. Chauncey M. Depew of New York re ceived an ovation when he took the platform to place before the delegates the name of Governor Levi P. Morton. While Mr. Depew was concluding his eloquent presentation there were quiet indications that the McKinley men were preparing a little demonstration of their own. Pages commenced to bring into the hall McKinley banners cased in brown wrapping paper. From un-der the seats occupied by the Ohio dele-gates were produced tin horns in large quantities and these were distributed.
