WEDNESDAY, JULY 1, 1896.

Coming Conventions: Democratic, Chicago, Tuesday July 7.

Revive industrial activity and give employment to the labor of the country.

The immense tidal wave in California on the 23d, rising seven feet higher than usual, was attributed to the earthquake in Japan.

O. P. MARTIN, near Rogers, lost a pocket-book thirteen years ago; it is the other day Eddie Shuster found it while breaking prairie.

Ir Ross Hammond shall be nominated and elected to congress, he will make one of the best members Nebraska has ever had, and certainly one of the smartest.

EX-UNITED STATES SENATOR LYMAN TRUMBULL died at 3 o'clock Thursday morning at his home in Chicago, aged 83 years.

"TARIFF REFORM" was the battle cry of the democracy four years ago. It wouldn't work again, like it did then, and something else must, of course, be used.

Mr. Cleveland, however, never surrendered all hope of acquiring a perfect tariff from the free trade standpoint.

"McKINLEY will never be president of these United States," so says the last Argus. Of course that settles it.

The keynote of the republican campaign this year will be sounded from time to time at Canton.

What clearer ring, what plainer challenge could be given to the friends of protection than that which Cleveland refused to attack his signature to the Wilson bill with his 600 attachments, though regarding it as "a vantage ground from which must be waged further aggressive operations, he indignantly proclaimed, through the medium of Hon. T. C. Catchings, as follows:

"I take my place with the rank and file of the Democratic party who believe in tariff reform and who know that it is the only way to secure the results of a free trade policy."

"The tariff reform party disowns the existing law except as a vantage ground from which must be waged further aggressive operations. Their 'liverty' has been stolen. It must be recovered from the Republican protectionists. Secretary Morton must mix up his strongest insecticides to exterminate the rot and mildew in the Democratic party caused by 'the deadly blight of treason'."

"The millions of our countrymen who have fought bravely and well for tariff reform should be exhorted to continue the struggle, boldly challenging to open warfare and constantly guarding against the treachery and half heartedness in their camp."

What nonsense to talk of the currency question as being the issue of the presidential campaign of 1896. Was Grover Cleveland ever known to be a backslider? Did he ever shrink his duty to his country or hire a substitute to continue the struggle while "boldly challenging to open warfare?" To do this would be "the deadly blight of treason."

Is there "treachery in the camp" that "furnishes a vantage ground from which must be waged further aggressive operations?" Cleveland a traitor to tariff reform? Cleveland a coward in the cause? Nonsense!

What need is there of a Democratic convention being held in Chicago? The gauntlet has been thrown down by the Democratic president. "Let the country ring" with the issue of protection versus free trade. Grover Cleveland is the logical Democratic candidate for president. His cohort, in the effort to lock out American labor from our factories, can be none other than Professor William Lockout Wilson. Unfurl the banner for "the benefit of a patient and long suffering people."

LOGICAL CANDIDATE.

CLEVELAND IS THE MAN FOR THE DEMOCRATS.

Professor Wilson Should Be His Running Mate—Tariff War to Be Waged From Germany's Vantage Ground—A Bold Challenge.

While the Democratic party has been devoting so much earnest attention to the nomination of a Republican candidate for the presidency, it must not for a moment be assumed that its own affairs are being neglected.

It is well known that the Gorman tariff bill was more to their liking. But it was intended to send 500 party leaders, under the guidance of certain Democratic senators, till President Cleveland admitted that "there are provisions in this bill which are not in line with honest tariff reform."

Mr. Cleveland, however, never surrendered all hope of acquiring a perfect tariff from the free trade standpoint.

LINCOLN CONVENTION.

Republican Candidates Anxiously on the Hustle.

SITUATION IS RATHER COMPLEX.

All Admit That the Choice of Governor in the Selection of Silver Leaders Gathered at Chicago—Attention Will Be Given to the Contest For Seats and Selection of Officers—Working For Senator Taylor.

LINCOLN, June 30.—The Republican state convention will assemble at 10 o'clock a. m. tomorrow in the Lansing theater, which has been handsomely decorated. Many of the smaller delegations have been assigned to the 20 boxes, and the seating arrangement for the rest is most excellent.

It is well known that the Gorman tariff bill was more to their liking. But it was intended to send 500 party leaders, under the guidance of certain Democratic senators, till President Cleveland admitted that "there are provisions in this bill which are not in line with honest tariff reform."

Tragic Ending of a Picnic Party on the Missouri.

THREE DROWNED AT TEKAMAH.

Boiler Explodes at Tekamah, Mo., Wrecking a Boating and Killing Three People. Their Party's Boating Trip Was a Fatal Ending at Tekamah, Mo.—Four Drowned at South Bend.

TEKAMAH, June 30.—Two young men and two young women were pleasure riding in a boat on the Missouri, near Tekamah, when the boiler exploded, sending the boat to the bottom and drowning three of the party.

CONFERENCE OF FREE SILVER MEN.

Leaders Will Map Out Plans For the National Convention.

CHICAGO, June 30.—Commencing today meetings of the Democratic silver forces under the auspices of the bimetallic national committee will probably be held daily until the beginning of the convention and possibly while the convention continues, if there appears to be occasion for it.
