WEDNESDAY, JUNE 20, 1867.

PROTECTION is growing in the south. Southern democrats, after the order of Sam. Randall, make right good patriots in times like these.

Ourre a number of democrats in congress are abandoning the free-trade theory and supporting high protection.

BARTLEY's sentence, as pronounced by Judge Baker, was to the penitentiary, at bard labor, for the period of twenty years, and to pay a fine of \$303,768.90, double the amount of the embezzlement found by the jury.

WILLIAM DUNPHY, brakeman on Union Pacific freight train, was badly crushed at Kearney, Saturday, while making a coupling. Three ribs were broken and he received internal injuries by the smelting process and they exfrom which it is feared he will die.

If Gene Moore can be accorded the same speedy trial that has been accorded Bartley and if the jury will find him guilty (which of course he is since he admits it) the republican party will be in respectable shape to speak to its people.-Blair Pilot.

CHARLES BROADWAY ROUSS, who has presented to the University of Virginia, a superbly equipped building for scientific research, but to allow Mr. Bryan to become the champion of the founder of strous, unpatriotic and criminal.

THE preliminary trial of Frank Mc-Kenney and others engaged in an assault on Ruth Ellis, aged 15 years, has been provided for, McKenney giving bond in \$2,500, Majors and King in \$2,500 each, and a man about sixty years of age for undue intimacy with various children.

J. H. McKinster, proprietor of the Atlantic hotel, Lincoln, has been arrested on a charge of running a bawdy house. The Call says that he has succeeded several times in having the case continued with a hope of having it dismissed. There are too many questionsble places.

It ought to have been an utter impossibility for Bartley to steal so much as he succeeded in doing from the state. He could not have done so had there been a settlement as contemplated by law. It was another case of favoritism shown to banks, and of the despoiling of public funds by corrupt officials.

THE reports in regard to the earth quakes in California are more damaging than they were at first. At Salina, the county seat of Monterey county, two buildings will have to be taken down they were so badly injured. One had an old erack in the front opened four inches for a length of several feet, and is

On Wednesday and Thursday of last week, C. W. Mosher, the wrecker of the Capital National bank at Lincoln, was before a Chicago notary, to give his deposition in a case of Receiver K. K. Hayden against Thompson and others | the memory of the late W. S. Holman to recover \$200,000 dividends paid to the holders of stock. It came out in his examination that he had lost \$400,000 gambling on the board of trade. A large number of lawyers from Lincoln were present.-Blue Valley Blade.

THE Columbus Telegram calls Judge Post the "tool of the corporations," or words to that effect. Will it kindly tell the faithful, of the demopopocratic persuasion, just what decision of the court, in which the judge made the majority, was against the rights of "plain people," and in favor of corporations. It is easy to cry "corporation cormorant" and plutocratic partiality," but harder to specify cases. Any pop can do that without winking. Let's come down to old fashioned democratic hard pan, and tell "the people" the specific offense of which his honor is guilty. That's what knocks .--Greeley Leader-Independent.

MR. CARR, of the Dolan Fruit Company, says the Grand Island Independ ent, is one of the few men of the Bryan democracy who has been heard to admit that times are improving. "I am free to say," says that gentleman, "that as far as we are concerned business is improving and the improvement is quite our business for the balance of the year, that has been enjoyed since the 1st of January, we will do a third more businees than we did last year. I do not care what the cause of the increase may be, it is there and I am glad it is there." It is pleasant to meet as candid a man as Mr. Carr, whatever his political be-

LET it be recorded that the jury in Bartley case brought in a verdict of guilty of embezzlement of the sum of \$151,884.45 of public funds. If the republican party had started to hold all its adherents to a strict account for all the money paid into their keeping, the of corn. party record would still be one of honor, but in an evil moment, men who did not regard their obligations, tampered with their pledges of fidelity, violated every known principle of right, and brought diagrace and ruin upon the party. No man, having an atom of the true blood of a republican in his veins, can have anything but denunciation for the men who have trailed the banner of republicaniem in the dust of their feet. From now on let there be plenty of men to see

Rocky Mountain (Denver) News. The News is the strongest Bryan organ in Colorado, but it is compelled to admit the truth.

THE protective tariff idea is gaining ground so rapidly among the democrats that they have been unable to agree upon a line of opposition to the republican tariff bill in the senate. They came together in a caucus the other day and tried to develop a plan of opposition, but were astonished to find that many of their members had amendments pro posing to increase the tariff on products from their own states, which fact, of ourse, made it impossible for the party to enter any united protest against the protective features of the bill. The result is that the debate will be a "go as you please," so far as the democrats are concerned, and that members of that party will come to the front with appeals for even a greater protection than that now granted by the bill.-Haves Co.

THE gold excitement has been renewed with great vigor in Seward county. C. L. Hartsfield, a mining expert from St. Louis, has been there and has succeeded in operating successfully the five ton smelter which J. S. Dillenbeck placed on his farm some three months ago. Mr. Hartsfield has followed mining all his

life. He says he was surprised to find so large a quantity and so fine a quality of ore as there is. He has demonstrated to the satisfaction of a number of land owners that the ore can be treated pect to put up several smelters that will each treat from fifty to 100 tons of dirt per day. The exact amount of gold and silver taken out since Mr. Hartefield has been there cannot be obtained until he separates the metals and makes his reports. - Fremont Tribune.

WILL ABOUSH THE MACHINES.

TOPEKA, Kan., June 29 .- J. S. Parks. state printer elect, announced that the use of typesetting machines would be abolished in the state printing office with the beginning of his administration on Thursday next. During the last session of the legislature union printers made a strong fight to secure the passage of a bill prohibiting the use of machines in the state office. this they were unsuccessful, but they did succeed in having attached to the appropriation bill a "rider" which provides that the state printer shall receive but 10 cents per 1,000 ems for machine work. It is claimed that at this rate the machine cannot be operated except at a loss, and as a result they will be thrown out and the state will pay from 30 to 40 cents per 1,000 for hand compo-

House Adjourns Suddenly. WASHINGTON, June 29.—The session of the house Monday lasted only long enough to call the roll on Mr. Dingley's motion to adjourn. As soon as the journal had been approved the floor leader of the majority remarked that as he was not aware of any matters claiming the attention of the house he would move an adjournment. Bailey (Tex) challenged that statement with the ob servation that the bankruptcy bill and Cuban belligerency resolution were unacted upon. The opposition applauded when the rising vote showed them in a majority of one, the vote resulting yeas. 85; nays, 97; against Mr. Dingley's motion. Thereupon Mr. Dingley de manded the yeas and navs and the roll was called. The motion was carried yeas, 87. nays, 88. Before the announcement of the vote, on motion of Mr. Steele (Rep., Ind.), July 10 was set aside as a day for paying tribute to of Indiana.

Lynchers Throw a Bomb. LEXINGTON, Ky., June 29.—George Denning, a negro who killed Jodie Conn, a young farmer, last January, and who was brought here for trial vesterday with a guard of two militia companies from Frankfort, seems to be in great danger of summary vengeance. From a squad of three men late last night a dynamite bomb was hurled at the jail. It exploded without doing great damage. Lieutenant F. L. Gordon of the Frankfort militia fired his revolver at the squad and thinks he hit one of them. The militia are searching the Hohenlohe, accompanied by Herr Von town for the bomb throwers.

Pettigrew and Harris Better. WASHINGTON, June 29.—The condi tion of Senator Pettigrew, who was taken ill in the senate Saturday continues to improve. His physician believes he will be able to resume his senatorial duties in a few days. Senator Harris of Tennessee, who has been unwell for some time, but who was grad nally recuperating, has suffered a set back, which at first caused his friends some apprehension, but he is reported

the German Cabinet.

VON BEIRBERSTEIN IS DISMISSED.

Affairs of Foreign Office Will Be In Hands of Baron Von Rotenban Until the Kaiser Returns to Berlin in August-Prince Hohenlohe Makes a Visit to Prince Bismarck-News In Foreign Lands.

Kiel, June 29.-It has been semiofficially announced that owing to the health of Baron Marschal Von Bieberstein rendering necessary his retirement from the post of minister for foreign affairs, the emperor has temporarily entrusted the portfolio of minister of foreign affairs to Herr Von Bulow, who will assume the duties of the foreign office on the return of his majesty to

BERLIN, June 29 .- As the health of Baron Marschal Von Bieberstein, minister of foreign affairs, is in no way impaired, the semiofficial announcement of his retirement from the foreign office which comes from Kiel is regarded as a virtual dismissal. The kaiser is expected to return here during the latter part of August. Until that time the affairs of the foreign office will be in the hands of Baron von Rotehan, under secretary of state. The theory is that this arrangement is made to enable Baron von Bulow to accompany the emperor and Prince Hohenlohe to St. Petersburg, after which Prince Hohenlohe will resign and Baron von Bulow succeed him.

Baron von Kiderlon-Wachtoe, now German ambassador at Copenhagen, will be appointed foreign secretary. Both men are highly esteemed by the emperor, but the appointments will certainly provoke a great deal of criticism. because, though of the first rank in diplomacy, they are quite without experience of parliamentary life.

Although not officially announced is said that Dr. Von Boett, minister of the interior, has actually resigned and will be succeeded by Count Posadowski-Wehner, the present secretary of the treasury. Dr. Miquel's chances appear to be temporarily clouded. General Podbielskyat will shortly be gazetted as postmaster general. This, as well as the visit he has recently paid to Prince Bismarck, is looked upon as confirming the report of the early resignation of Prince Hohenlohe, who has always strenuously opposed placing such offices as the postal department in the hands

Altogether Germany appears to be in the throes of a far reaching crisis, of which it seems impossible to see the outcome, beyond the fact that the emperor is more than ever taking the reins

Victoria Will Leave All Crown Duties to Prince and Princess of Wales. LONDON. June 29.-The queen re turned to London this afternoon-her final jubilee day, but one-and made what most probably was her last jubiled appearance in the metropolis, for, with the celebration that closes on Thursday next, the state appearances of her majesty, it is said on official authority, will be finished: that henceforth for whatever span of life may be left to her. Queen Victoria will confine herself to such work for the state as can be done at Windsor, Balmoral or Osborne. All those official functions, drawing rooms, public ceremonies, opening town halls, hospitals and the like, which bring the sovereign face to face with the people, will now be relegated to the Prince and Princess of Wales.

Fighting at Gibara and Banes. KEY WEST, June 29.—Private advices from Santiago province gives further details of the fighting during last week around Gibara and Banes between insurgents and Spanish troops. The advices state that the insurgents under General Garcia and Colonel Torres, numbering between 5.000 and 6.000 men, attacked both seaports simultaneously, but met with stubborn resistance. The demonstration against Banes, which is less than 10 leagues' distant from Gibara, was a ruse, and was partly successful, Garcia with his forces entering Gibara. His success, however, was only of short duration, as he was subsequently driven out after a hot fight, during which many were killed and wounded on both sides. Colonel Machado, a veteran of the 10 years' war, says General Gomez has planned the campaign and put it in operation. He has distributed columns of men through-

tian Endeavorers. CHICAGO, June 29.—Beginning this morning city passenger agents will sell tickets from Chicago to San Francisco for \$25 for the west-bound trip. This bargain sale will continue until the close of business Saturday, the cheapest long distance excursion on record. The distance from Chicago to San Francisco via Denver is a trifle over 2,600 miles. so that the rate of \$25 from Chicago to San Francisco, one way, is less than a cent a mile. In addition to the San Francisco excursionists, there will be a small army of other travelers, if the estimates of passenger agents are proved to be correct. The low rates put in for San Francisco necessitated the making of correspondingly low rates to intermediate points. These are as follows: From Chicago, westbound, one way, no round trip tickets to be sold, to Missouri river points, \$7.50; to Colorado common points, \$12.50; to Utah common points, \$20. Roerse Reform Law Denounced. Berlin, June 29.—Delegates from the grain, produce and milling trades of Germany met yesterday and passed a resolution declaring that the Boerse reform law is a serious and unwarrantable injury to trade and expressing sympathy with the Berlin corn and produce dealers in the struggle forced upon them by the government. The resolution also recorded the opinion of the delegates that unfettered dealings, as conducted by the exchanges, were an absolute necessity to the sound system of time bargains, and that as a basis for accurately fixing prices, they are indispensable.

Fresh Figs For Northern Markets. Fresh figs are not known or appreciated in northern markets, and consequently the demand is too limited to encourage shipments. It seems doubtful if the distant shipment of fresh figs will ever become a profitable business. The fruit is more perishable than any other that is generally marketed. It can be handled only by the most careful and experienced persons, and even then he northern markets are crowded with many well known fruits and not being especially attractive to the eye, fresh

figs would at best gain favor slowly. The fact that many people do not care for them at the first would be another obstacle in the way of their popularity. Moreover, the fig is a tedious crop to asking any principal agent west of the from it, unsolicited and out of pure handle when in proper condition for the Missouri river for a ticket over the sympathy to those poor mortals who market.
