WEDNESDAY, JULY 28, 1867. THE Schooner Stella brought \$170,000

in gold into Seattle Sunday. Krowny, Ia., was visited Friday night by a cloudburst, accompanied by a heavy

wind. In a second storm half a dozen houses were struck by lightning. CONGRESSMAN MAXWELL of this district, gets an important place on the committee on coinage, weights and

measures, and reform in civil service. CHURCH Howe has been changed to Palermo, Italy, and Judge L. W. Osborn of Blair goes to Apia-the salary of the

former \$4,000, the latter about \$3,000. THE Pacific coast seems all excitement over the gold fields of Alaska. Last Sunday 283 passengers left Seattle on the steamer City of Mexico for Dyea to seek their fortunes in the Klondyke. The ship also carried 1,800 pounds of freight, consisting almost entirely of outfits of the gold seekers.

PRESIDENT McKINLEY on Saturday sent the expected message to congress on the money question, urging the appointment of a non-partisan commission who will command the confidence of congress because of their special fitness for the work, whose duty it shall be to make recommendations of whatever changes in our present banking and currency laws may be found necessary and expedient.

WHEN, hereafter, banks make application for public money, it ought to be with the understanding that publicity goes with the deposit. The public is entitled to know the location of every cent of public money. The breakdown of the bonding system leaves complete publicity the chief safeguard of city, county and state treasuries. When every custodian of public funds knows that he must make a monthly showing of his accounts, and that the penitentiary will be sure to receive him if he betrays his trust, there will be no more treasury troubles in Nebraska.-Lincoln Journal.

Fatal Boiler Explosion. DENTON, Tex., July 27.-In a boiler explosion at Horton Bros.' thresher near Argyle this morning an engineer was killed and nine other persons injured, two of whom will probably die. The boiler was an old one and had no safety valve. The engineer, name unknown, is supposed to come from East St. Louis. H. Dunham, George Crubaltz, Will Belts, Will Keith, Will Smith and four others were injured. The dead engineer had been remonstrated with several times for allowing his steam to

get so high. Acts Signed by President. WASHINGTON, July 27.—The president has signed these acts: Authorizing the president to suspend discriminating duties imposed upon foreign vessels and commerce; requesting the president to make an investigation into the regie contract, by which certain European governments have created a state tobacco monopoly; to create the office of surveyor general of Alaska and for other purposes; to give the consent of

Meikeljohn to Act For Alger. WASHINGTON, July 27.-Owing to the fact that he expects to leave the city with President McKinley on Wednesday, Secretary Alger has been compelled to decline an invitation to deliver an address at the dedication of a soldier's Assistant Secretary Meikeljohn will be asked to take the secretary's place on that occasion.

Favor Judge Post's Renomination. Lincoln, July 27.-Thursday, Aug. 26, at Lincoln, was the date and place selected by the Republican state central committee for the state convention and the call provides for nearly 800 delegates. The sentiment of the party leaders seemed favorable to the renomination of Chief Justice Post of the supreme court.

Garment Workers Strike. NEW YORK, July 27 .- Two thousand three hundred garment workers went on a strike today, affecting 125 shops in this city and Brooklyn. The strikers demand an increase of wages from \$6 to between \$9 and \$10 a week and a reduction of hours of labor from 16 to 10 a day. The busy season is at hand and

PROTEST MADE BY IMPORTERS.

They Must Settle on Basis of Increased Dutles-Big Saving to Uncle Sam on Beer Stamps-Japan Continues to Oppose the Annexation of Hawaii to the United States.

WASHINGTON, July 27 .- The secretary of the treasury holds that the new tariff was in effect the beginning of the day on which it received the approval of the president, and, therefore, became operative after midnight of Friday, July 23. Assistant Secretary Howell today sent the following telegram to collectors of customs: "Department holds that new tariff law covers and includes all customs business of July 24." Senator Allison was at the treasury

department today and, in the course of a conversation on the subject, said that in his opinion there was no reasonable doubt that the act covered all of the day on which it became a law. This is also the view of all the prominent officials of the treasury department, including the collectors of customs at the leading ports of the country. Statements on which to base a close estimate of the duties have not been received, but it is stated roughly that it probably will be FAMINE IN FUEL NOT LIKELY. between \$100,000 and \$200,000. The internal revenue department probably will save even a greater amount by the new ruling than the customs branch of the service. During the five days from Tuesday, July 20, to and including Saturday, July 24, the internal revenue stamp agencies sold approximately \$5,181,000 in beer stamps alone, and of this amount it is estimated that not more than one-third, or \$1,727,266, reached their destination before the act went into effect. The saving to the government on these sales of beer stamps alone is expected to aggregate

not less than \$183,000. Commissioner Forman today notified structions will apply to all cases where came operative. JAPAN'S LATEST NOTE. Mikado's Government Stands by Its For-

mer Protest. WASHINGTON, July 27 .- That Japan will continue to oppose the Hawaiian annexation treaty is conclusively shown by the latest protest of the Japanese government, under date of July 10. which has been made public. Japan's reply is in part as follows:

Replying to your note of date, the 25th

ult., in answer to mine of the 19th ult., regarding the proposed annexation of the Hawailan islands to the United States, the imperial government has no hesitation in admitting the predominating influence of the United States in the Hawaitan islands. In their opinion, however, the very fact that such predominance has existed so long unquestioned might be urged as a reason against the disturbance of the status quo, more especially as practically the whole population of Hawaii acknowledge the paramount importance of ed States, while it is understood that only a small fraction of their number favor annexation. From this, it may reasonably be inferred that "the predominant and paramount influence of the United States." which, as you remark, "has been the one essential feature of the status quo through three quarters of a century, in which the constitution and government of Hawaii and the commerce of the islands with the world have undergone notable changes,' congress to the compact between South furnishes on one hand the ample guarantee against anything inimical to either Dakota and Nebraska respecting the the United States or Hawaii, while on the other hand it obviates the necessity of a

change in existing conditians, which will injuriously affect the interests of others. The imperial government recognizes it as a well established principle of international law that the completion of annexation would render the treaties and conven tions at present existing between Hawaii voidable, either at the option of Japan or monument at Kane. Pa.. on that day. the United States, but they cannot anticipate without apprehension the conse quences, whether direct or indirect, which would follow the practical consummation of the theory that annexation, ipso facto. means the immediate termination of these treaties and conventions and the consequent cessation for the future of the priv-

Howe Will Go to Palermo. WASHINGTON, July 27. - The president has nominated Church Howe to be consul at Palermo, Sicily, and L. W. Osborne of Blair to be consul at Apia. Howe took the consular examination Saturday and passed satisfactorily to the state department. The position pays less than \$3,000, but is desirable on account of its close proximity to European capitals. Osborne has telegraphed Thurston his acceptance of the appointment. Howe today sent his resignation of the Samoan commission.

Nebraskans on the Committees, WASHINGTON July 27 .- The standing committees announced by Speaker Reed have the names of five Nebraska congressmen, Mercer getting the chairmanship of the committee on public buildings and grounds. Congressman Strode gets a place on the postoffice and post roads committee, and Stark on militia. Green on immigration and naturalization, and Maxwell on coinage, weights and measures. Iowa Republicans secure many good committees.

TOPEKA EMBEZZLER SENTENCED. A. D. Hubbard Makes a Sensations Speech Before Receiving Sentence. TOPEKA, Kan., July 27 .- A. D. Hub bard, who was convicted of embezzling \$8,000 as receiver of the Hamilton Printing company, was sentenced to three years in the penitentiary by Judge

Hubbard was a prominent lawyer here at the time of his arrest, was law partner to Lieutenant Governor Harvey and was state president of the American Protective association of Kausas. When sentence was pronounced Hub

bard made a sensational speech. He

said the trial was a farce and his con-

viction a travesty upon justice. He was firmly convinced he said, that he was convicted because of his connection with the American Protective association and if so, was proud of it. Mr. Hub bard referred to the prosecution as a persecution, but asserted that no man ever went into the penitentiary with a clearer conscience than he.

Mr. Hubbard is an eloquent speaker and there were many wet eyes in the court room when he fluished.

Gracious Reception to Taylor. WASHINGTON, July 27 .- The state department has been informed that a very gracious exception has been made by the queen regent of Spain in consenting to receive Mr. Taylor, the retiring United States minister, and Mr. Woodford, the new minister, at San Sebastian, where she does not maintain a court in the usual sense of the term. The ceremony necessarily will be informal. This arrangement to meet Mr. Taylor's convenience was brought about through the courteous and considerate offices of the Duke of Tetuan. It is without precedent.

Mining Situation at Pittsburg Ouiet and Unchanged.

Railroads Shipping Large Quantities of Coal From West Virginia and Mines East of Pittsburg-Governor Mount Appeals to People of Indiana to Aid Destiinte Miners-Labor Leaders In Conference.

PITTSBURG, Pa., July 27 .- Judging by the present state of the local market, a famine in fuel is not likely to occur, even though the strike should last several months longer. At least 6,000,000 bushels of river coal are now lying in the upper pools, about 5,000,000 bushels having been consumed and shipped during the past three weeks. The railroads are bringing in large quantities all stamp agents to settle only on the every day from West Virginia and basis of the increased rate of 71/2 cent mines east of Pittsburg. One shipment per barrel, and it is expected these in. of 67 carloads came in over the Pittsthe stamps were not actually affixed to today. > River coal is selling at \$1.05 a ton, an increase of 1 cent a bushel since the strike began. Operators report no excepting all orders at the price stated. Railroad operators stated that they could buy all the coal they wanted at 90 cents a ton. Kentucky coal was offered at 75 cents and several large purchases were made at that price to fill Chicago contracts. From these contracts it is inferred that unless the present strike became general the coal market will suffer no serious inconvenience for many months to come.

CONFERENCE OF LABOR LEADERS. May Ask Railway Men to Refuse to Hau-

dle West Virginia Coal. WHEELING, W. Va., July 27.-The indications are that the conference of labor leaders, made up of the executive officers of the various organizations centered under the American Federation of Labor will be largely attended. Among yesterday's arrivals are Eugene V. Debs, head of the Social Democracy: Vice President Rhea of the Decorators' and Painters : President Mahon of the Street Car Workers', and President Samuel Gompers of the Federation, and the relations of their country with the Unit- President Ratchford of the United Mine Workers'.

There is some difference of opinion as to the result of the conference. If the efforts of the agitators in West Virginia has really been a failure it is believed that the railway conductors, firemen and brakemen will be asked to refuse to handle West Virginia coal. There is some talk of a general sympathetic strike, but this does not meet with anything approaching even partial favor. A boycott of West Virginia coal in the event that the miners of this discussed at the conference.

Coal Famine Not Likely, PITTSBURG, July 27 .- The mining sitnation in this district is quiet and unchanged. Both sides are waiting for the result of the meeting of the operators. The arbitrators are highly elated at the prospects. All agree in saying that it will be the largest meeting of operators ever held in this district. All of the western men are here and the eastern people are arriving. Hotel lobbies are meeting places for the operators already here and the strike question is being well discussed. While a large number are not in favor of the old uniformity plan, all are anxious to hear what new phase the peace commissioners have given the subject. Some are decidedly opposed to uniformity, but all are in favor of arbitration for settlement of the strike. The board is busy completing the contract which is to be presented to the meeting at the court-

No one can, at this time, predict the outcome of the conference which is expected to last two and perhaps three

Listen to Debs and Rhes. WHEELING, W. Va., July 27.—Five thousand people gathered around an improvised stand in the central part of the city last night and heard speeches by Eugene V. Debs and Vice President Rhea of the Painters and Decorators union. Mayor Butts occupied a seat on the platform and the meeting was presided over by ex-President Tighe of the Ohio Valley Trades and Labor assembly. Except for an occasional cheer there was unbroken quiet during Debs' speech and at the close he was loudly cheered. He detailed the mining strike situation at length and made the claim that the miners at large have made only 4216 cents a day. Before concluding Debs detailed his social democratic views at some length. Mr. Rhea detailed his experiences in the West Virginia coal fields, but did not speak at length.

Governor Appeals For Ald. INDIANAPOLIS, July 27 .- Mesers. Connor and Terhune, the governor's special strike commissioners, made their report yesterday and Governor Mount at once called a conference of state officials and leading citizens. The result was an appeal issued late last night to the people of Indiana, calling for aid for the striking coal miners. A committee has been appointed to receive subscriptions. The miners in many cases are destitute.

CHICAGO, July 27.- The officials of movement of the season's crop of grain in the west will give the road the largest earnings it has ever had. If the threatened rush of the grain shippers in slowly, allows the elevator to settle casithe direction of Galveston can be averted by the railroads it is thought that the Atchison will move at least 40,-000,000 bushels of grain out of Kansas and Texas before the close of the year. This will be much more business than the road has ever done, but the officials of the line say that they have most excellent reasons to think that this will be the outcome. At present the shops at Topeka cannot turn out cars with sufficient rapidity to meet the demands made upon the rolling stock of the road by the grain shippers. Other western roads report similar conditions and ali are hopeful of largely increased business as soon as the grain begins to ar-

A series of homeseekers' excursions has been announced by the Union Pacific road in territory west of the Missouri river. They will be run until the end of the year, two being set for each month. The rate will be one fare for the round trip, plus \$2.

Eastbound shipments last week were 46,829 tons, against 51,924 for the preceding week and 46,454 for the corresponding week of last year.

Special Muster For Kansas Roads. TOPEKA, Kan., July 27.-George Sharritt, clerk of the federal court here received a telegram from Judge Sanborn, at St. Paul, directing him to be in Leavenworth on Friday next to make record of proceedings by which Judge Sanborn will appoint a special master to take charge of the foreclosure proceedings against the Union Pacific lines in Kansas. It is the understanding that Judge William D. Cornish, who was made special master by a decree entered at Omaha, will be named.

Damaging Hailstorm. KEARNEY, Neb., July 27 .- A damaging hailstorm, accompanied by heavy wind visited this place last evening. Hailstones of prodigious size fell, breaking most of the west side windows of the town. There was a copper-colored funnel-shaped cloud and other conditions favorable to a tornado, but it 20 miles southwest was swept bare. Reports from south central Nebraska tell of winds sufficient to blow down hundreds of wind mills, but no other great damage was done.

Son Is Arrested For Forgery. DES MOINES, July 27 .- Thurlow Polk, a student of the Iowa college at Grinnell and living at Humboldt, Ia., is under arrest for forgery. He came to this Humboldt bank and bearing his father's name. The forgery was discovered after he had left here for Chicago. Every effort was made to find him, and he was finally arrested at Vermontville, Mich., and is on his way back under | Sup're Rolf, Wiggins and Bender. the espoinage of a Des Moines officer.

Bryan to Maken Tour of Montana. HELENA, July 27 .- Governor Smith oday received a letter from William J. Bryan, who left Blackfoot, Ida., today for National park, accepting an invitation to be the governor's guest while in this city. Bryan, through the efforts of Congressman Hartman, has changed his original plans, and after spending two weeks in the park, will make a tour of state decline to join the strike will be are preparing to give him a big recen-

Gold In Mexico. CITY OF MEXICO, July 27 .- It is predicted here that when the gold placer mining is developed in the state of Guerrero more gold will be taken out than in the Klondyke region. Some placer mining is being done with excellent results and labor is cheaper and water abundant even in the dry season. One miner, an old Californian, reports taking out \$24,000 in gold in May and his average is \$15,000 a month.

Will Not Enforce Alien Law. OTTAWA, July 27.-The cabinet has decided not to attempt to enforce the alien law in the Klondyke district. Eighty additional mounted police will give the right-of-way through disputed territory. Two customs officers will be sent to Lake Tagish on the British frontier to collect customs duties.

---FOR--

To ALL SUFFERERS:- I write this for the benefit similar sufferers may derive 19 50 from it, unsolicited and out of pure sympathy to those poor mortals who may be afflicted with that dread disease

In September of 1887 the disease known by the medical fraternity as lupuserethemustosus first made its appearance on my face and soon spread across the nose and over a greater part of the face, causing unsightly sores. After nearly ten years of constant doc toring with many noted physicians and deriving temporary benefit at times, my system at last reached a stage of complete collapse, and I was flat on my back with no ray of hope. At this stage I was recommended to try Dr. Lieber of Omaha; after an examination he said he could cure me. As a drowning person section one-half mile and terminating at Shell grasping at a straw I entered his private Now all objections thereto or chains for head. hospital, and in a short space of time I was able to leave the hospital a well woman. My face is now clear and shows but little sign of the dread disease.

Now all objections thereto or claims for hospital a gee caused thereby must be filed in the cond? elerk's office Wednesday, July 21, 1897, or such road may be established without further reference.

Dated Columbus, Nebr., June 29, 1897. While in the hospital there were also removed from my body seven cancers. and that without the use of the knife. The medical fraternity scoff at the idea of cancers being removed without the UNDERTAKING! knife. But I am a living proof that it can be and is done by Dr. Lieber. To all those poor mortals who have given up the battle against this dread disease. I say don't despair, but consult with the doctor. I make this statement out of pure sympathy for similar sufferers, and will be glad to see or answer any inquiries in regard to my case.
