A physician testified that in his opin ion the unskillful use of the X-rays caused the death of James Punze, the man whom George Orme of Elmira, N. Y., is charged with murdering. The Crookes tube was held close to the patient for forty minutes. There were no surface indications.

Ox Thursday in all the shops of the Union Pacific system were posted notices of a reduction of work days from five to four a week, and the work hours from eight to seven. It is said that passenger and freight traffic have fallen off fully fifty per cent within a very short time. Not only skilled workmen but common laborers also are included in the order.

He seemed little worried, and supposed his defalcation had been settled by turning over his equities.

THE popocrat papers are trying to make themselves believe that the present congress will retire the greenbacks. Nothing would suit them better than to have some such a thing done, and though they are holding up their hands in holy horror of the bugaboo that their own minds have hatched, they are hoping that it will be done. The fact is, they are a little short on subjects to howl about just now.-Ord Quiz.
