At this time, when the great packing houses debate the price of beef to both producer and consumer, mutton sheep find a ready market at good prices in the markets of the cities and small towns than beef. Local butchers are not slow in picking up choice lambs or well-fed wethers at a good round figure, but when it comes to buying beef others have something to say about it.—Madison Chronicle.

The Nebraska Mercantile Mutual Insurance Company of Lincoln is a purely home organization, organized April 7th, 1867, under the Mutual Insurance law passed by the last session of the legislature. It would seem that this company is thoroughly organized and carefully managed and that those of our people who believe in Mutual Insurance, will find in it a safe insurer. If you have any witness fees due you at the office of the district court clerk, call and get them, or Geo. Speise will, under a recent decision of the supreme court, be entitled to keep them. The court declares that this is a special trust fund and the officer may retain the same when he goes out of office until called on for the same by the proper party and if never called upon to pay the money over it remains the property of the official into whose hands it was first paid. It is said that several hundred thousand dollars annually of these funds pile up in Nebraska.

Woman's Club. The domestic science department of the Woman's club will meet with Mrs. Brindley, at the residence of Capt. Haight, Dec. 28, at 3 o'clock p. m. Are you lacking in strength and energy? Are you nervous, irritable, irascible, bilious, constipated and generally run down in health? If so, your liver is torpid and a few doses of Herbine will cure you. Herbine has no equal as a health restorer. Dr. A. Heintz and Pollock & Co. At Saturday's session of the senate at Washington a resolution was agreed to increase from \$50,000 to \$82,500, the amount to be expended by the government on the buildings of the Trans-Mississippi International Exposition to be held in Omaha next year, and reduce by \$12,500 the sum to be expended upon the government's display. Many of our readers are making calculations to attend this exposition at least a few days during its progress, and anything evidencing the entire success of the project will be interesting. Much is expected by Nebraskans generally of this exposition in the way of making the world in general better acquainted with the resources of the state.

If your child has thin, pale cheeks, uncertain appetite and restless sleep, it has worms, and during with strong medicines only makes conditions worse, by irritating its delicate stomach. White's Cream Vermifuge is mild but certain in effect, and is a superior tonic as well as a positive worm destroyer. Dr. A. Heintz and Pollock & Co. The Howells Journal says: "Should the owners see it to appoint a postholder to fill the vacancy upon the district bench we trust that J. A. Grimson of Schuyler will be the man. There is not a better qualified applicant for the place, or a man who stands better with the silver voters of the district." The probability is that no man who was formerly a republican will even be thought of for this appointment. And for this there are several reasons mentioned, among them being: that the present incumbent, whose term is to be served out by the appointee, is a democrat, and his successor for the unexpired part of the term, at least, should be a democrat, and thus not offend the democratic hosts of the district; that the present incumbent, being a resident of Columbus, the appointee should not only be a democrat, but also a resident of Columbus. Three names are mentioned under this head: Senator George C. Fry, City Attorney Henry and Judge Duffy—the last with all the deference to the editor of the Plattsmouth Democrat, is in sport rather than in earnest; the main reason, however, why a former republican like Grimson, is not likely to be even considered in this matter is that this component part of the fusion forces is not numerous enough to command that attention required to sign commissions to the offices, they can, of course, do their share of the voting and the campaigning, but as for holding office—Up to high. These reasons are not the unbreakable links of pure logic, but they do conjoin by. In the meantime, it is our opinion that the man appearing to the honor will find his strongest contestant in L. L. Albert, a star of this city, who probably has
