-The general freight agent of a large railroad says that eighty-five per cent of the mistakes made in his office by 200 clerks are traceable to the thirty-two who use cigarettes. Ella Rogers, wife of John C. Rogers, deceased, by her attorney, Messrs. Wooley & Stiles and A. M. Post, has brought two suits against Wm. H. Hayes of Wisconsin, one for \$10,000 and one for \$500, and lands in Nebraska have been attached.

Henry T. Speery gives it as his opinion that \$25,000 is too big a bond to place on the district just now for additional school room; that all the assessment property should first be placed upon the assessment list, now short tens and thousands of dollars.

There is a disposition abroad in the land to bring to time those who charge exorbitant fees. A justice of the peace at Brady Island was sued for \$50 damages because he charged twenty cents more than the law allowed for making out some legal papers.

A few minutes after 1 Monday, while the wind was at its height, the large smoke-stack at the Elevator Roller Mills fell with a loud crash, owing to the breaking of a guy. The stack was recently put up at a cost of about \$150, and was forty-two feet high.

The Platte County Democrat, which has been published in this city since last August under the management of the Messrs. Duffy, was removed to Humphrey the latter part of last week, where the paper will be continued, under the supervision of Mr. George Duffy, the junior member of the firm. Gen. Carpenter made a new boat this week for Jim Jerden, who has now moved onto Phil Smith's farm on the banks of the raging Platte. Jim says he is not quite ready to sail for Spain and help hold down the Spaniards, but he is going to try and hold Leo Vincent down, who lives on the opposite side of the river from him, and keep him from trespassing in Jerdon's waters. Bell wood Gazette.

President Burt of the Union Pacific railroad has announced that the company will contribute \$25,000 to the Trans-Mississippi Exposition, which was good news to the management. As the time draws nearer, it looks as though the exposition is to be one of the grandest successes in the entire history of such ventures. Some very competent judges are already, from present indications, predicting the eclipse of the World's Fair.

The Gluck store building occupied by H. Ragatz & Co. has been undergoing quite a change the past week. The stairway was taken down and placed in the middle of the room, the stairs leading coming to the extreme back of the building. The office is moved to the back and east part of the room. The new arrangement gives more room and light and is more convenient in many ways. Mr. Ragatz occupies the basement and upstairs and is still crowded for room for his large custom.

REPUBLICAN CITY CONVENTION.

The republican electors of the city of Columbus are hereby called to meet in delegate convention at the council chamber on Monday, March 21, at 7:30 o'clock, p. m., for the purpose of placing in nomination candidates for the various city offices, to be voted upon at the coming city election, and for the transaction of such other business as may properly come before the convention.

The different wards will be entitled to representation as follows:

First ward, 10 delegates.

Second ward, 9 delegates.

Third ward, 10 delegates.

Primaries for the selection of delegates to the said convention will be held Saturday, March 19, 1886, from 12 o'clock noon, to 7:30 o'clock p. m., as follows:

First ward at the court house.

Second ward at the council chamber.

Third ward at the office of Frank Mills.

By order of the committee.

W. M. CORNELIUS,
C. C. SHERIDON, Chairman.
Secretary.

It would be to the people to decide, and of course it is their business.

The proposition is to issue \$25,000 in bonds of the district, four and a half percent interest, running twenty years.

Mr. O. H. Burns returned Saturday from a visit with friends in Central City.

Mrs. Dave Baker, sister of Mrs. Lamb, came down from Madison Saturday.

Mrs. Jerry Burdick of Harvard, mother of Mrs. C. J. Scott, is here on a visit.

Mrs. O. H. Archer left Wednesday evening of last week for her home at Carbone, Wyoming.

Al Schram arrived here from Seattle Thursday, coming by way of St. Paul, and will make a ten days' visit.

Miss Alice Plumb left this morning for Upland, Neb., where she will make a visit with her brother Henry.

Miss Mamie Gallagher left Wednesday for Maryville, Mo., where she will visit during the summer, with an uncle.

Mr. G. H. Guth left today (Tuesday) for Holton, Kansas, where she was called by her mother.

The majority of the board give this as their solution of the problem, and we do not doubt their fairness or their integrity in the matter.

Individually, we are not prepared to vote for the proposition, but we shall express our word of sorrow if the proposition carries.

There is also no doubt but that, if the bonds are not voted, the current levy will be increased, and additional buildings will be put up, to last some three years more, and another bond proposition will again be inevitable, and there you are.

The majority of the board give this as their solution of the problem, and we do not doubt their fairness or their integrity in the matter.
