Heints and Pollock & Co.

—Columbus sent to the starving Cubans last week \$100, which in itself does not seem large, but if the ratio is carried out through the whole country it will mean a fund of about \$1,750,000, and that amount will purchase a great deal and bring relief to thousands of sufferers on that unhappy island.

—Charles Seggie will be here the first of the week to get the pay factory started. —Mr. W. M. Condon and sister, Miss Mary Otto, went to Columbus Wednesday. —Miss Mae Johnson, whom our readers will remember as a lady preacher and who once lived in Humphrey, is now living in Chicago at 646 W. Adams street.—Humphrey Democrat.

—A. Cosh, H. W. Potter and H. H. Glover, three members of the Grand Island city council who comprise the committee on fire and water, were here Thursday looking over the meter system. They were shown around the city by Councilman Gray. They went to Omaha and will visit Lincoln on their return trip.

—The last of the series of entertainments by the high school pupils was given last Friday evening by Miss Georgia Reid, reader, assisted by Miss Lila Schroeder, as pianist. Miss Reid was equally good in all her selections and entirely captured the audience before the closing piece. Miss Schroeder has undoubtedly musical talent and always pleases her hearers.

—Mrs. F. W. Herrick entertained the domestic science department of the Women's club Saturday afternoon. The ladies were served with a practical demonstration in the way of an omelet, besides other refreshments. The art of cooking is one of the most interesting to women, and she is never so happy as when comparing receipts. The ladies of this department say each one of their meetings is an improvement upon the preceding one.

—The government figures show that the number of cattle in the United States the first of the year, 45,104,000, was the smallest since 1882, and about 10,000,000 short of the number reported in 1900. The number of hogs, 30,700,000, is the smallest since 1891, when there were 33,277,000, and is 7,000,000 less than the yearly average for twenty-three years past. The sheep supply is given as 37,655,000, about 393,000 more than a year ago. The large increase in consumption of mutton this year, owing to the more general employment of labor and the higher price of breadstuffs than for some years past, does not leave much room for those who have been figuring out a lower price for cattle in the near future.—Nebraska Farmer.

—Acetylene Gas—The Light of the Future. Why not be independent and own your own little gas plant which will give four times more light than ordinary gas and electric lights at one-half the cost? Appliances for use in churches, stores, factories, hotels, residences and country houses; safer than ordinary gas or kerosene lamps. Approved by all the Boards of Underwriters throughout the United States. We want a first-class agent in every town. Write for catalogue and prices. THE ACETYLENE GAS MACHINE CO., 21 ALTON, OHIO.

—S. W. Clay of Chicago was here Friday and organized a society of the American Purify League. Mrs. M. Whitmeyer is superintendent, and the association here starts out with a membership of twenty-five. The order is doing a great deal of good in the country, and there is not a particle of doubt but there is ample room here for its good offices. Save the girls and boys.

—A boy about 13 years of age named Folter, who lives east of the U. P. depot was arrested and taken to Columbus last Thursday, for placing an obstruction on the Union Pacific track. The boy was in company with several of about the same age, but acknowledged that he had placed the iron in the "frog" of the switch, and when asked why he did so, he said "I have a brother in the reform school and I want to go where he is."—Platte Co. Democrat.

—Lester Lehman, son of Mr. and Mrs. George Lehman, died Tuesday evening, after a three days' illness, of scarlet fever. About six years ago he suffered a stroke, from which he had never fully recovered, although he had been given the best of medical treatment. He will be remembered as a dutiful, lovable boy, and his parents have the sympathy of all in their affliction. The funeral was held Thursday afternoon, Rev. Weed conducting the services.

—At a meeting of the stockholders of the West End Sewer Co., Saturday night, the stock was well represented, organization was effected by electing six directors, three for two years and three for one year. Those for the long term were O. L. Baker, J. G. Reeder and C. C. Gray; those for short term, Dr. N. C. Gray, George Scott and C. J. Garlow. The directors elected the following officers for the ensuing year: President, C. C. Gray; secretary and treasurer, C. J. Garlow.

—Married, Monday afternoon at 4 o'clock, at the residence of Charles S. Hudson, Mr. Peter M. Swenson, who lives two miles north of Richland, and Mrs. Anna Carlson, of this city, Elder H. J. Hudson officiating. A good supper was served by Mrs. Hudson and the newly wedded couple drove down to their future home in the evening. Mrs. Carlson is a truly noble woman with all the qualities to make a good home. The JOURNAL with many friends, extends best wishes to both.

—On the 15th of April the Hengler family will have been in this country forty years. That seems a long time to some of the later settlers. The home-stead is now the farm Joseph Hengler owns northeast of town on Shell creek. Mr. Hengler, the father of Joseph, George and Fred, owned a hotel in Omaha some time before coming here to farm. In those days wild game was more plentiful than Indians, George tells us his mother who was a good shot, could go into the yard almost any time of day and shoot game.

—Mrs. A. J. Rowe of Okadale, Neb., formerly a resident of Colfax county, later of Osceola, died at her home in Okadale, Wednesday last. Mrs. Rowe was a woman of rare refinement and all who knew her could not but feel her gentle influence for their good. For several months she had been suffering with asthma, which caused heart trouble, but not until about two weeks before death had friends thought seriously of her illness. She leaves her husband and three children, Howard, Sadie and Amy, to mourn their loss. The family are known to many of our Platte county readers, who will sympathize with them in their bereavement.

—About a year ago there was considerable talk by consumers of city water against the ordinance governing the measuring. A majority of the patrons were opposed to buying the meters. Most city officials think that the ordinance was a wise measure, as the cost of the water per year to each consumer has been less than before the meters were put in. Besides they shut off a great waste in many cases where patrons were careless. Then again it makes it easier for the pump to keep a good supply in the stand pipe, in fact it has been full to running over lately at midday several times.

—The Bostonians, one of the largest opera companies on the road, passed through here Sunday night on the Union Pacific, on a flying special train en route from Denver to Omaha. There are 65 people in the company and they have a train of two baggage and two coaches. They arrived here about 10:20 p. m., and stopped twenty minutes for lunch. They fairly flooded the restaurants and lunch counters and finally made out to satisfy their hunger until they should reach their destination. If the boys who sell coffee and sandwiches to the trains had known they were coming they could have made a good haul. They were making a fast run, and arrived at 8 a. m., and arrived at Omaha midnight. They were scheduled to leave here at 10:30 and arrive at Gilmore at 12 o'clock—82 miles in 90 minutes with a freight.

—Under date of March 26, the Bee has the following from Clark, Neb.: "Harvey Mitchell, son of Dr. Thomas Mitchell, all deceased was buried at this place today. He was 21 years of age. Harvey Mitchell was born and reared in this village, but for the last three years has been employed in the office of the Mayers Bros' drug house at St. Louis, where he was rapidly rising as a reliable employee. The funeral occurred from the Congregational church, which was beautifully decorated with flowers in appropriate designs. Relatives from St. Louis, Columbus and other points were in attendance at the funeral. The deceased was an exemplary, moral young man and the mainstay of his widowed mother, who has the deepest sympathy of this entire community." The mother will have the sympathy of her old-time friends here, where she formerly lived.

—Death of Mrs. G. W. Galley. Died, Friday morning, after an illness of about two weeks, with pneumonia, Mary Minerva, wife of George W. Galley, aged seventy-nine years. She was born in Oswego county, N. Y., where she passed her youth, afterwards living in Illinois, from where she moved to Nebraska in 1898, when she was married to Mr. Galley. She leaves two daughters and one half sister of her own relatives.

—Mrs. Galley had many good qualities. Her friends will always regret her. She was a constant friend to those whom she admired and would sacrifice a great deal for them.

—During the last war she served for some time as nurse in government hospitals in St. Louis.

—The funeral was held from the home in the eastern part of the city Sunday afternoon, Elder Hudson officiating, a great many attending to pay their last respects to the dead.

—Real Estate Transfers. Becker, Jagg & Co., real estate agents, report the following real estate transfers filed in the office of the county clerk for the week ending March 26, 1910.
