SAUED EVERY WEDNESDAY BY M. K. TURNER & CO.

Columbus, Nebr.

EDWARD BELLANY, the celebrated author, died at his home, Chicopee Falls, Mass., Sunday morning.

WILLIAM EWART GLADSTONE, ODG the most remarkable men of the Englishspeaking race, departed this life at 5 o'clock Thursday morning, in the 89th year of his age. At 4 o'clock Wednesday morning his breathing was thirtyaix to the minute and the members of his family were summoned. Rev. Stephen Gladstone read prayers and hymns, including Mr. Gladstone's favorite, "Rock of Ages." When this was concluded Mr. Gladstone was heard to murmur "Our Father."

THREE entire families lost their lives in the Iowa storm of Wednesday. Riggs, Preston, Brown, Delmar, Blockton, Maloy and Marshalltown were in the path of the tornado. Illinois and Wisconsin were also visited. The property loss cannot be estimated, but is heavy. The force of the storm was terrific. Large trees were torn up, many stripped of leaves and branches, and buildings totally wiped out in many cases. Chickens were stripped of their feathers, and other carious phases noted. Near the village of Deerfield, twenty miles east of Madison, Wisconsin, a funnel-shaped cloud swept through the edge of the village and beyond, wrecking buildings and uprooting trees in its path.

THE feature of Wednesday's session of money would yield to the government other occupants of both trains during the next year, he maintained, fully \$300,000,000, an amount in excess and close and forceful in reasoning. Senators on both sides of the chamber gave it undivided attention.

RIGHT IS MIGHT.

It was really our war, not Cuba's from the moment of the destruction of the Maine, and it must be a war to the finish-no half-way projects, no makeshifts. Whether we like it now, or not, the United States is compelled by the situation of things, by the natural course of events, to take her position as Report That the Mangrove the leading civilizing force on the face of the globe: under Providence a factor to be counted upon to say what ought to be said, and to do what ought by us to be done for the progress of the race, in short to do good as a nation, as we have opportunity. To this end if we are successful Cuba and Porto Rico should be under our flag. Hawaii should be annexed and the Philippines should be properly and strongly cared for, while we are fully coming into our heritage as the leading nation in all times, without any exception. Let us not be unmindful that the right has always been the source of our might, and such it still

FURIOUS CANNONADING IS HEARD

ing In the Windward Passage Off the Coast of Cuba-Fishermen Sight Three Vessels Going Southward at Full Speed. Movement of Warships and Fleets.

(Copyright, 1898, by New York Journal.) KEY WEST, May 24.-This town is all agog over a story of our first naval disaster. The report goes from mouth to mouth that the Mangrove has been captured by the Spaniards.

The wildest stories run. It was said that the little lighthouse tender's entire complement of officers and men had been butchered. Then this was modified to the extent of saying that they had been taken to Santiago de Cuba. Everybody was filled with fear for the worst. The naval station here would not verify the story, but those in charge were evidently uneasy over it.

Telegrams sent to Washington asking whether or not the dread report was true, elicited unsatisfactory replies. HEAVY CANNONADING OFF HAYTI. Confirmation of Report of Furious Firing

In Windward Passage. Copyright 1898, by James Gordon Bennett.)
PORT AU PRINCE, Hayti, May 24. have just received confirmation from a reliable source in Port de Paix of furious cannonading in the Windward passage off the coast of Cuba. This nading was first heard last Thursday. It was reported on the following day and also on Saturday. What resulted from the terrific firing I am unable to learn. Further confirmation of these reports was taken to Mole St. Nicholas by two vessels which reached there yesterday. Fishermen who reached here from the western coast of Hayti report that they sighted three vessels in the Windward passage Sunday. The vessels were going southward at full speed, but the fishermen were not near enough to make out their names or nationality.

THREE VESSELS READY TO SAIL-

Up the First Expedition to Aid Admiral Dower-Pathetic Death of Sorgeant Mo-Carthy After Taps Sounded to Embark. Merritt to Organize Second Expedition.

San Francisco, May 24 -The preparations for the first expedition to Manila are absorbing the energies of all the military departments of the state as well as the enthusiasm of the people. Nothing remains to be done but to finish loading the three vessels, the Peking, Australia and Sydney. The first expedition will be divided on three vessels as follows:

The City of Peking-The First California volunteers, composed of 49 officers and 953 enlisted men, 10 officers and 71 sailors of the navy, making a total of 59 officers and 1,044 men. The City of Sydney-Thirteen officers and 318 enlisted men of the Oregon

volunteers, 9 officers and 300 men of the four companies of the Fourteenth United States infantry, one officer and 50 men of the California heavy artillery and Dr. H. E. McVain, ranking medical officer, making a total of 24 officers and 670 men.

The Australia - The headquarters, staff and two battalions of the Oregon volunteers, comprising 37 officers and

The troops assigned to depart on the Australia and the City of Sydney have been ordered to report at the docks of their respective vessels at 8 o'clock this morning.

The organization of the second expedition to the Philippines will not be determined until the arrival of General Wesley Merritt, who is in command of the whole expedition and who will reach this city at the end of the week. The Zealandia is due to arrive here from Honolulu today. The work of | maintained.

the vessel will probably be turned over to the government Thursday night and the work of transforming her into a troop ship will commence immediately. The steamer China is expected to arrive from the Orient on Saturday. She will be ready for use as a transport by the end of the following week. About eight more large steamers will be required to transport the necessary soldiers to Manila, but no vessels have been chartered, though a number of fine steamers are available.

The Oregon troops underwent an inspection preparatory to embarking for the Philippines. They have been splendidly equipped by their own state and their appearance evoked much favorable comment from the inspecting of-

Sergerant McCarthy, First regiment. Company D, died this morning of pneumonia. He had been sick in the hospital since Monday last, but on Saturday it was thought he would pull through, but he suffered a relapse and died just after "tape" had been sounded for his regiment for the last time before boarding the City of Peking which is to convey it to Manila. The second regiment of Pennsylvania volunteers. formerly the crack regiment of the national guards of that state will arrive today. The cavalry of Utah will arrive here Wednesday morning.

SAN FRANCISCO, May 24.—The work of coaling and provisioning the monitor Monterey is progressing rapidly, and when this has been completed the vessel will go to Mare Island to take on ammunition and undergo a thorough examination before she puts to sea. It is very probable that she will troops. go to Honolulu, there to take on another supply of coal. From Honolulu she will steam as far as possible, when she will either be taken in tow by a collier, which is to accompany her, or refill her bunkers from the collier at sea. It is generally understood that she will make fast time between here and Honolulu to catch the transports which leave this port before her.

Brilliant Massing of Voluntoers on the Historic Battleground at Chickumauga. Mimie Attack Enjoyed by the Spectators-Fifth Iowa Passes Through Chattanooga For Tampa.

CHICKAMAUGA NATIONAL PARE, Ga., May 24.—Major General James F. Wade, until recently in command of the Fifth corps at Tampa, reported here vesterday to General Brooke, having been assigned by the war department to the command of the Third corps now being formed here.

The first division of the First army corps was reviewed by its commander, Major General James H. Wilson. Aithough no particular demonstration was made, yet it was a spectacular scene, made doubly interesting because it will go in history as the first great formal movement by a large body of troops organized for the American-Spanish war. It is moreover said to be the first review of the kind had since the civil war. It began early in the cool of the day.

before 9 o'clock. The three brigades of the First division, nine regiments, practically 9,000 men, formed a line of battle, the right resting north of the historic Kelley field. Thence it ran a mile, perhaps, along the ridge, a portion of the command forming in the rear a second line, as if for a reserve in an assault. After the usual formal inspection of the line, which took some time, the division formed and moved in column of fours, changing direction twice, until on a line parallel with General Wilson, who sat on a magnificent horse in front of a group of brilliant staff officers. The lines were formed with remarkable rapidity and precision. Then in a column of companies, that is, each company marching in line one behind another, the division advanced in splendid form.

It was a grand sight to witness and all the veterans in the camp enjoyed the unusual spectacle. Nothing, they said, since the breaking out of the war. had so strikingly emphasized the fact that hostilities had actually begun, as this spectacle. Each regiment in the lines had a reputation to maintain, and every company and individual was impressed with the necessity of doing the best possible. The result was singularly gratifying. The marching was, as a rule, in excellent time, the alignments accurate and the distances well

General Wilson expressed himself as delighted and very proud of the fact that the division when maneuvering together for the first time should act so much like veterans and regulars. The regimental and brigade drills began yesterday in the First army corps will be prosecuted now with increasing activity each day. The men are being put through the manual and slower movements and such maneuvers as they may be able to stand. It is not intended to force them to severe work at present, the purpose being to inure

INVASION HAS BEGUN. American Army Will Move on Blanco

With a Rush WASHINGTON, May 24 .- According to good authority the movement of troops on Cuba by the American army of 60,-000 has already begun. The first detachment of troops is believed to have landed. Other transports are to sail today. The purpose is to rush the army into Cuba with the swiftness of an avalanche, taking Blanco by surprise. It is the opinion of military experts that our troops will be in Havana in a week's time. The insurgents are rapidly pushing to the coast and opening a landing place for the American

Sixth Artillery Ordered South. NORFOLK, Va., May 24.—The news that the Sixth artillery has been ordered to Chickamanga caused the greatest surprise among the officers and men of the five batteries of the regiment now located at Old Point. They had not expected to be sent south. These officers expressed the opinion that the order means the formation of artillery which will be used in the operations on Cuban soil. The men are not averse to forming part of the army of invasion. Many of them express pleasure at the prospect of seeing active service.

Rossevelt's Riders Ready. SAN ANTONIO, May 24 .- It is thought that Roosevelt's regiment of rough riders will begin moving toward Cuba within the next two days. Colonel Leonard Wood, commanding the regiment, received a telegram from the adjutant general asking him when he would be ready to move and Colonel Wood answered that he could start immediately. The necessary supplies are being now secured for the regiment and further orders are expected.

Wiley For Brigadier General. WASHINGTON, May 24.—President Mc-Kinley gave positive assurance today of the appointment of General John A. Wiley of Franklin, Pa., as brigadier general of volunteers. Announcement of the appointment will be made soon. eral Wiley and Gen the commander-in-chief of the Grand Army of the Republic, had been urged for the place.

LONDON, May 24.-A dispatch to the Daily Chronicle from Barcelona dated Sunday says: "A steamer took 1.000 pines, and there are two transatlantic liners now in port."

Cervers Running Out of Coal. WASHINGTON, May 24.—Naval experts believe that Admiral Cervera's squadron is rapidly exhausting its coal supply, and that as many ports are closed against it the Spanish squadron will not be able long to elude our fleets unless it gets coal at sea from colliers.

Victory Is Expected. WASHINGTON, May 24.—The navy department is convinced that Rear Admiral Sampson and Cervera, the commander of the Spanish fleet, met today in the vicinity of Santiago. But no news has yet been received. A victory is expected.

England Will File a Protest. CHICAGO, May 24.—A special from Washington says: The firing upon the English ship Roth by the Spanish cruiser Isabel promises serious complications. The Spanish say it was a mistake, but the British and Americans

WINONA LAKE, Ind., May 24,-The proceedings of the Presbyterian assem-bly yesterday were of a routine character. The topics discussed were the reports of the board of missions for freedmen, the committee on Sabbath observance, the board of education and the committee on authorized missionary periodicals. As yet no sign of the Princeton Inn or the McGiffert case has been seen. What action may be proposed in the case is still in doubt, though speculation is rife. In the latter case individuals are laboring to secure instructions to New York Presbytery to proceed to judicial investigation of the alleged heresy of Union seminary's professor of history. This case may come up at any time on the report from the committee on bills and overtures, but the Princeton Inn will not come up until the end of the week,

Spend Five Hours In Debate. WASHINGTON, May 24. - For five hours Tuesday the senate had the war revenue measure under discussion. Considerable time was occupied by Messrs. Chilton, Lodge and Turley. While Mr. Lodge confined himself to a discussion of the proposed tax on corporations and bank deposits, strongly urging that such taxes be not imposed Messrs. Chilton and Turley covered pretty fully the general features of the bill. Their speeches dealt comprehensively with the theories of taxation and were therefore in the very nature of things legal and technical dissertations upon the subject. No action of any kind was taken on the bill.

Miss Barton at Key West. TAMPA, Fla., May 24.—The Red Cross ship State of Texas, with Miss Clara Barton, representative of the National Red Oross of America, and a corps of surgeons and trained nurses, arrived at Port Tampa from Key West yesterday and cast anchor near the gunboat Helena. The vessel, which is fully fitted up for hospital purposes, and carries supplies enough for the equipment of several Red Cross stations, will, it is said, follow the fleet of troops into Cuban water.

Rhode Island to Give a Torpedo Boat. NEWPORT, May 24.—Several citizens neaded by F. P. Garretson, have inaugurated a movement for the purpose of having the citizens of Rhode Island build and equip the fastest torpedo boat destroyer affoat and present it to the government. It is intended to give the contract to the Herreshoffs, and to etc., call on name her the Oliver Hazard Perry, in honor of the hero of Lake Erie, who was born in Newport. Mr. Garretson started the subscription with \$1,000. There is considerable enthusiasm here over the matter.

Mining Decisions WASHINGTON, May 24.—The United States supreme court in two instances vesterday decided the question of the right of the owners of a mineral vein to follow the vein outside of the territory covered by the surface area of the location, the opinion being by Justice Brewer.

Fenita Loading Arms. MOBILE. Ala., May 24.—The steamer Fenita is loading ammunition for a Cuban expedition. Brigadier General Rafael Rodriguez, who was a leading figure in the 10 years war, is superintending the loading of several carloads of ammunition and 15,000 rifles and
