Miss Schneck, of Babylon, Long Island, who started an endless chain of letters for the Red Cross ice fund, writing four letters, received four in reply with a dime each. The next day she received sixteen, the next sixty-four, and by last Saturday her receipts were 20,000 letters. She has turned in over $1,000 to the fund and the Babylonian postmaster has rested from his labors enough to calculate that the government must have received over $400 in postage from the venture. He thinks Miss Schneck's mail today will amount to 100,000 letters.

CAUSE FOR ALARM.

How baldness begins.

How to prevent it.

Every person, male or female, shrinks from baldness. It adds to the appearance of age and is a serious discomfort. The cases are rare when the falling out of the hair may not be stopped, and a new and healthy growth of the hair promoted. The hair grows in the scalp like a plant in the soil. If a plant flourishes, it must have constant attention; it must be watered regularly and find its food in the soil where it is rooted. It's so with the hair. Neglect is usually the beginning of baldness. Dandruff is allowed to thicken on the scalp. The hair begins to loosen. The scalp loses its vitality. The hair, insufficiently nourished, begins to fade and to fall. The instant needs in such a case is some practical preparation which, supplying the needed nourishment to the scalp, will feed the hair, give it strength, and so produce a strong and healthy growth. All this is done by Dr. Ayer's Hair Vigor, the most practical and valuable preparation for the hair that can be obtained. It tones up the scalp, does away with dandruff, stops the hair from falling, restores the original color to gray or faded hair, and gives an abundant and glossy growth. Those who are threatened with approaching baldness will be interested in the following voluntary statement, made by Alderman S. J. Green, of Spencer, Iowa. He writes:

"About four months ago, my hair commenced falling out so rapidly that I became alarmed, and being recommended Dr. Ayer's Hair Vigor by a druggist, I resolved to try this preparation. I have been now using it for three months, and am much gratified to find that my hair has ceased falling out and also that hair which had been turning gray for the past five years has been restored to its original color, dark brown. It gives me much pleasure to recommend this dressing."—S. J. Green, Alderman, Spencer, Iowa.

Those who are interested in preserving and beautifying the hair will do well to send for Dr. Ayer's Curebook. A story of cures told by the cured. This book of 100 pages is sent free, on request, by the J. C. Ayer Co., Lowell, Mass.

A limited degree of invention is not a bar to a patent and one of the most simple devices have a high degree of utility. But the degree of utility may also be limited and yet warrant the issue of patents for inventions that are advantageous in the arts to which they pertain.

To draw the line between what is patentable invention and mere mechanical skill is sometimes difficult and authorities differ. In one instance an Examner declared there was "absolutely nothing patentable" in a simple device under consideration and upon appeal to the Board-of-Examiners-in Chief his adverse decision was reversed and a patent granted.

We call attention to the advertisement of the University of Notre Dame in this issue. This great institution of learning takes rank with the first in the country and in the world. It is beautifully situated at Notre Dame, Ind., a place famous in the early history of Christian explorations in the New World. The educational course is fully as complete as at Harvard, Yale or Princeton. A new 184-page catalogue just issued by the institution gives some very valuable information that should be read before arranging to sending your boys elsewhere. St. Edward's Hall for boys under 13 is complete in all its equipments and has many advantages. It is possible for a boy of 10 to enter Notre Dame and remain until he graduates in Divinity, Classics, Letters, Science, Law, Engineering, etc.

The receivers of the Baltimore and Ohio Railroad have purchased 40 miles of 85-lb. sixty foot steel rails and will experiment with them on the Pittsburg division and in the Baltimore tunnel. These rails were originally bought for the Columbia and Maryland Electric Railroad, which was designed to parallel the Baltimore and Ohio Railroad between Baltimore and Washington and to become an important factor in business between those points. The project failed and the material which was purchased has been sold. These are the first 60-foot rails to be used on the B. & O.

YOUNG AT SIXTY.

Serene comfort and happiness in advanced years are realized by comparatively few women.

Their hard lives, their liability to serious troubles on account of their peculiar organism and their profound ignorance concerning themselves, all combine to shorten the period of usefulness and fill their later years with suffering.

Mrs. Pinkham has done much to make women strong. She has given advice to many that has shown them how to guard against disease and retain vigorous health in old age. From every corner of the earth there is constantly coming the most convincing statements from women, showing the efficacy of Lydia E. Pinkham's Vegetable Compound in overcoming female ills. Here is a letter from Mrs. J. C. Orms, of 220 Horner St., Johnstown, Pa., which is earnest and straight to the point:

"Dear Mrs. Pinkham:—I feel it my duty to tell all suffering women that I think your remedies are wonderful. I had trouble with my head, dizzy spells and hot flashes. Feet and hands were cold, was very nervous, could not sleep well, had kidney trouble, pain in ovaries and congestion of the womb. Since taking your remedies I am better every way My head trouble is all gone, have no pain in ovarics, and am cured of womb trouble. I can eat and sleep well and am gaining in flesh. I consider your medicine the best to be had for female troubles."

The present Mrs. Pinkham's experience in treating female ills is unparalelled, for years she worked side by side with Mrs. Lydia E. Pinkham, and for sometime past has had sole charge of the correspondence department of her great business, treating by letter as many as a hundred thousand ailing women during a single year.

Important to Mothers.

The manufacturers of Castoria have been compelled to spend hundreds of thousands of dollars to familiarize the public with the signature of Chas H. Fletcher. This has been necessitated by reason of pirates counterfeiting the Castoria trade mark. This counterfeiting is a crime not only against the proprietors of Castoria, but against the growing generation. All persons should be careful to see that Castoria bears the signature of Chas. H. Fletcher, if they would guard the health of their children. Parents and mothers, in particular, ought to carefully examine the Castoria advertisements which have been appearing in this paper, and to remember that the wrapper of every bottle of genuine Castoria bears the fac-simile signature of Chas. H. Fletcher, under whose supervision it has been manufactured continuously for over thirty years.

Real Warm Weather Rest and Comfort.

There is a powder to be shaken into the shoes called Allen's Foot-Ease, invented by Allen S. Olmsted, Le Roy, N. Y., which druggists and shoe dealers say is the best thing they ever sold to cure swollen, burning, sore and tender or aching feet. Some dealers claim that it makes tight or new shoes feel easy. It certainly will cure corns and bunions and relieve instantly sweating, hot or smarting feet. Allen's Foot-Ease costs only a quarter, and the inventor will send a sample free to any address.
