THE JOURNAL is informed that it is understood at Lincoln that Senator Allen is working for the re-nomination of Congressman Maxwell, and thus against Johnson.

MANY democrats are angry with Smyth, blaming him with not working to have a democratic head the fusion ticket for governor, and this in his own interest as attorney-general.

Restored to Public Domain. Three hundred and sixty-seven thousand acres of land were restored Thursday to the public domain in Minnesota and on October 5 next entries for homestead titles can be made. The land is in the Duluth and Crookston districts and is a part of the Red Lake Indian reservation. The area of ground involved comprises sixteen townships.

WHILE the war is practically at a close and a large number of our boys failed to get near the front, still they have no cause for regret. Uncle Sam is just as much obliged to the boys for the willingness they have displayed as he would have been had they put in some time dodging Spanish bullets. It was the fact that so many volunteer boys were sleeping in tents that made Spain's honor easily satisfied and caused Senator Sagasta to throw up the sponge.—Blair Pilot.

"The Blessing of Free Trade"—The "Blessing of Protection," is the title of a document just issued by the American Protective League. This document clearly demonstrates the effect of the system of Free Trade under the Wilson Tariff, and of Protection under the Dingley Tariff. It is based on the result of the Tariff Commission's Industrial Census, and is sent by the hands of every carrier. Send copies to any address for six cents. Address W. F. SENATOR VEST VERY ILL. In Four Months for Months and Supposed to be Sinking.

A special of the 11th to the St. Louis Post-Dispatch says that United States Senator George Vest of Missouri, now spending the summer vacation at Ashbury Park, N. J., is critically ill. He has been in poor health for several months. The last few days he has been failing rapidly and this morning his condition was alarming. Physicians give but little encouragement to the stricken statesman's family and friends.

As to republican candidate for state senator Leigh has a man who we believe would be popular with the voters in both counties. Our representative is from the south end of the county and we believe it would be fair to select a senator from the north end. The world has in mind L. V. Graves, our real estate dealer. Mr. Graves is not a loud mouthed politician and says but little on ordinary occasions, but can be relied upon as strictly honest and upright and would be a credit to any district as its representative in the legislature. We offer this for republicans to think about.—Leigh World.

Deadly Crime. Saturday night, August 6, John T. Orr of Clarendon, Ark., was assassinated while making a glass of lemonade. He had just returned from choir practice where his wife was present. A coroner's inquest resulted in the arrest of five negroes and Mrs. Orr and a warrant for Miss Morris. It was charged that the murder had been done to do the wife. Orr's life was insured for \$5,000 and it developed at the inquest that Orr and his wife lived unhappily.

Mr. Orr was formerly a theatrical man. In 1880 the couple eloped to a summer resort in Wisconsin and were married. Later they settled in Clarendon, where Orr prospered in business and was considered wealthy at the time of his death.

On the morning of Aug. 10 the widow was found dead in her cell, by a dose of poison, self-administered, while the negroes were stringing up a mob of citizens. Miss Morris, a Jewess implicated in the assassination, was not hanged, she having disappeared.

The strong probability is that Maxwell will be nominated at Norfolk today, Tuesday, for Congress.

MERRITT HAS CITY.

AUGUSTI FLED FROM CITY.

German Warship Carried Him to Hong Kong.

German Consul at Hong Kong Says That Outskirts of Manila Were Bombarded by Americans and That the City Surrendered.

WASHINGTON, Aug. 10.—The department of state has issued the following: The following dispatch was received at the department of state at 11:15 p. m., Aug. 15, from Consul Wildman, Hong Kong: August 15. Dewey bombarded Manila Saturday; city surrendered unconditionally. August 16. General Augustus was taken by Germans in launch to Kaiserin Augusta and brought to Hong Kong. I credit report.

The information contained in Consul Wildman's brief message caused no surprise among those officials who received it. For two or three days news of the fall of Manila had been expected. The last dispatches received from Admiral Dewey and General Merritt indicated that it was their purpose to force a surrender of the city as soon as possible. Confirmed by Dispatch from Madrid. It is believed that they joined in a note to General Augustus demanding the surrender of Manila, threatening to make a combined sea and land attack upon the city unless the demand was

CUBANS ACTING UGLY.

Inflammatory Class of Natives Are Breeding Trouble.

WILL DISBAND GARCIA'S ARMY.

Meeting Between Officers of American Army and Cuban Leaders—United States to Pay Cuban Soldiers Off at an Expense of \$10,000—General Schwan's Column Attacked by Spaniards.

SANTIAGO, Cuba, Aug. 10.—Trouble with the Cubans is breeding. Their attitude is one of sullen hostility toward Americans. The better class in Cuba favor the annexation of the island to the United States and a majority of the masses is ready and anxious to work and accept the shelter and protection afforded by an American protectorate, but they are influenced by a certain class of rabid orators and brewers of sedition and rebellion against anything smacking of law and order. This inflammatory class demands and urges the recognition of Cuba for Cubans and spins all offers of suggestions tending to prosperity under an American protectorate, and excites popular discontent. This is exactly the class that pushes itself most into evidence and whose views and opinions are most overheard and published.

Their advice to the Cubans is to repudiate all offers of peace or a cessation of hostilities and to look upon an armistice as an agreement between the United States and Spain on their own account and not binding upon the free and independent state of Cuba whose liberating army not only repudiates pacification, but will ignore the armistice to the point of continuing to wage war and shooting every Spaniard in the field.

A wild garra is afloat to the effect that the Cuban army will attack General Suro and capture it, to the glory of the Cuban arms, as soon as the American garra is weakened. This is directly traceable to the same source. The influence exerted by such a body of men upon law and order is formidable. This hysterical people demand application with an iron hand. While still in embryo this influence is already felt among certain classes who refuse to clear or serve the government until a clear statement of the freedom and independence of their country is made clear. A knowledge of this condition is imperative to the molding of future policy and to explain whatever harsh steps may be rendered necessary in dealing with the insurgents.

WORK OF RECONSTRUCTION.

WASHINGTON, Aug. 10.—The reconstruction of affairs in Cuba, Porto Rico and throughout the Spanish West Indies is receiving earnest consideration in official quarters and at the White House the president saw a number of prominent callers in reference to reconstruction in our new insular dependencies. General Fitchugh spent some time with the president, going over the condition of affairs. Acting Secretary Allen of the navy also called on the president regarding Cuban affairs. It is probable that an American naval vessel will go to Havana harbor before long and at least two naval vessels will be ordered to Havana when the military commission assembled there to determine upon the details of Spanish evacuations.

The president also conferred with the secretary and later determined, the peace terms being matured, to take a week's vacation. He will leave either tonight or tomorrow morning, going probably to Canton, Assistant Secretary Moore will be acting secretary of the state department during July Day's absence.

The secretary's retirement from the head of the department is likely to follow soon after his return from Canton and indeed it may come during his absence, although there is no outward evidence today that he was about to close his connection with state affairs.

The navy department decided during the day to yield as far as practicable to the public desire, at New York, for a naval review of the ship, Admiral Sampson's fleet. The department will direct that, upon arrival in New York harbor, the fleet will steam up the North river as far as General Grant's tomb, fire a salute and steam back to Canton.

The plan is to have Admiral Sampson meet of Sandy Hook with orders for the procession up the North river. It is expected that the fleet will be off by Sunday afternoon, Friday night, but they will be outside the harbor until Saturday morning.

The navy department is taking steps to reduce the force of naval militia men called into service from the several states. The Minneapolis is to transfer part of her crew to Yosemite, thus releasing the Michigan naval militia men, who man the Yosemite. The Columbia is also to transfer her crew to the Dixie and other auxiliary craft, thus allowing the naval militia on these auxiliary boats to go home.

It was reported that the fleet will be off by Sunday afternoon, Friday night, but they will be outside the harbor until Saturday morning.

The substance of all the talk is the law and obey it, just the same as other citizens. They have a right to carry a revolver to protect their persons in case of emergency, but have no right to use it in making arrests for minor offenses. Should the charge against the person be a felony the case would be quite different. Then, if the accused refused to surrender the officer as a last remedy might shoot.—Platte County Democrat.

WORLD-HERALD DAY. The Exposition Management Names August 24th as World-Herald Day.

In honor of the thirteenth anniversary of the establishment of the Omaha Evening World, which later consolidated with the Omaha Morning Herald, the exposition management has designated August 24 as World-Herald day.

On that day the railroad will sell tickets from all parts of Nebraska at one fare for the round trip and on some sections for even less. The exposition will make a special half rate admission in the evening and a grand display of fireworks will take place upon the exposition grounds at 9 p. m. At noon upon World-Herald day the editors of Nebraska papers will take lunch with the World-Herald upon the exposition grounds and in the afternoon and evening as guests of the World-Herald will visit the Midway and take in as many of its thirty-four attractions as time will permit. At 4 p. m. the United States life saving service will give an exhibition of saving ship-wrecked and drowning people upon the harbor near the government building. The great Mexican band from the City of Mexico will play both afternoon and evening upon the exposition grounds in open air concert.

The Indian village, Chinese village, Streets of all nations, Streets of Cairo, Ostrich Farm, Old Plantation, Hugenback wild animal show, German village, Wild West and all other attractions will give their best shows, and such places as the giant sea-saw, shoot the chutes and all others will be in full blast. On account of the low railroad rates and extra attractions as well as in honor of the World-Herald a great attendance is expected.

COODY DAY AT OMAHA.

Nebraska's Famous Son Deported to Prison. International and national exhibitions during the last fifteen years have not been considered complete without having as a supplementary attraction Buffalo Bill's Wild West and Congress of Rough Riders of the World. Only two, the World's Fair at Chicago in 1893 and the American Exposition at London in 1887, retained it during the entire six months they were open, but the Paris Exposition in 1889 kept it about four months. The great Cotton Exposition at Atlanta and the Southern Exposition at Nashville, found in it their greatest attraction.

August 30th and 31st Colonel Coody will have his great exposition exhibition at Omaha, and in honor of this most famous of Nebraska's sons the Commissioners of the Trans-Mississippi Exposition have set apart Wednesday, August 31st, as W. E. Coody Day at the Exposition. During the day Colonel Coody and his soldiers from the armies of Europe and America, and his Rough Riders, gathered from five continents, will be publicly received and reviewed at the Exposition. After the reception they will parade through the grounds, thus making the Exposition for the thousands from all quarters to which it is doing honor to the man whose home in Nebraska has in itself made the state famous.

A most interesting fact is that Colonel Coody gave his very first exhibition of his Wild West upon the same grounds now occupied by the Exposition.

Wednesday, August 30th, is Missouri Day at the Exposition, and Colonel Coody and his exposition will be in Omaha on that day also, so that Missourians will have an opportunity of seeing both the Exposition and Buffalo Bill's greatest of all exhibitions.

To the Voters of Platte County, Nebraska. GENTLEMEN: If the voters at their respective primaries for the election of Township officers will nominate the Judges and Clerks of Election according to the statute, Sec. 17, Page 558, they will confer a great favor upon me, and at the same time avoid any trouble at the opening of the polls on the morning of election day.

If I interpret the law right, the Democrat, Republican and Peoples Independent parties are each entitled to one Judge of Election, and if the Free Silver Republicans have an organization in the Township, and cast any votes at the last election, they are entitled to one Clerk, and the party in the Township casting the greatest number of votes is entitled to the other Clerk. If there is no Free Silver organization in the Township, the party casting the second number of votes will be entitled to the Clerk.

I hope the electors will make the nominations of the election boards and forward the names and postage addresses to me as soon as possible after the caucuses are held.

W. D. ROBERTS, County Judge.
