and then they retire him permanently.

especially strong proof because, from all the circumstances, it was thought there were extra guards put on, and a very strict watch kept. It seems that outsiders (not under pay at all as watchers) heard suspicious noises at the jail, and

noticed suspicious lights, not heard and not seen by paid watchmen, or, if heard and seen, then unbeeded. Whoever is to blame, should receive

the censure. If the cage in any part is not steel, as has been supposed, and there is a way of ascertaining that fact, the sooner it is known the better, and the company that furnished it be made pay damages; if Sheriff Byrnes or any of

He was gobbled up in a salo

Broke Jail.

his subordinates have been slack in their duty, a fair investigation should place the blame. At this writing they are out and presumably went south. Mr. Plath. it is said, met on the Loup wagon bridge Saturday night four hatless men going

The New Creamery. The New Creamery. The creamery is located on the Frank Arnie farm, near where Mr. Sheldon had his cattle sheds. The building is nearly completed and will be tested by the con- tractors the last of this week or first of next, and if satisfactory will be accepted by the hoard of directors. Mr. Reed, who will have the management of the creamery, states that it will begin busi- ness about February lst. The Bismark Creamery Company incorporated and organized last Thursday afternoon, and elected Fred. Stenger, Max Gottberg, D.
