Don't forget that satan is always polite to his new acquaintances.

What does it do? It causes the oil glands in the skin to become more ctive, making the hair soft and glossy, precisely as nature intended.

It cleanses the scalp from dandruff and thus removes one of the great causes of baldness.

It makes a better circulation in the scalp and stops the hair from coming out.

#### It Prevents and it **Cures Balaness**

Ayer's Hair Vigor will surely make hair grow on bald heads, provided only there is any life remaining in the hair bulbs.

It restores color to gray or white hair. It does not do this in a moment, as will a hair dye; but in a short time the gray color of age gradually disappears and the darker color of youth takes its place. Would you like a copy

of our book on the Hair and Scalp? It is free. If you do not obtain all the benefits you expected from the use of the Vigor write the Doctor about it. Address, D.R. J. C. AYER, Lowell, Mass.

Dr. Kay's Lung Balm for coughs, colds, less, like Samso it to grow on.

DROPS

For La Grippe Use "5 Drops"

SWANSON RHEUMATIC CURE COMPANY:—I would like to thank you for your great remedy, "5 DROPS", and tell you what it has done for me. I had Rheumatism in every joint and in the heart, and I had Catarrh of the Head for 30 years. I was so poorly that I lost the use of my legs and arms, and could not move without pain. I was so crippled that I had done but little work for seven long years, and our family physician, a good doctor, told me that my Rheumatism and Catarrh were incurable, and I believed him. But now, after using "5 Drope" only two mouths, I can truly say I have not felt so well for seven years. This medicine does more than is claimed for it. At this time my Catarrh is much better and I have scarcely any Rheumatism at all, and the heart weakness and pain are gone. My hearing is now good and my eyesight is much better. I have gained more than 10 pounds of fiesh and can do a full day's work. It is the best medicine I ever saw to give a mother who has a young child.

eyesight is much better. I have gained more than 10 pounds of near and can do a full day's work. It is the best medicine I ever saw to give a mother who has a young child, for it has the same effect on the child as on the mother. It wards off Croup and cures the Hives of the child and causes sweet and refreshing sleep to both young and old.

WM. M. KELLEMS.

SIX TESTIFY TO ITS TRUTH.

Yours very truly, WM. M. KELLEMS, Siberia, Ind. Witnesses to the above: Jas. Brady, J. R. Coz, E. R. Huff, S. Taylor, Dr. S. W. Kellems, Jno. Hays, all of Siberia, Ind.

The wonderful success that has attended the introduction of "5 DROPS" is unprecedented in the history of the world. Think of it! It has CURED more than One Million and a Quarter sufferers within the last three years. This must appeal to you. One million and a quarter people cannot all be mistaken. If suffering we trust you may have sufficient confidence to send for three large bottles of "5 DROPS" for \$2.50, which will surely cure you. If not, then send for a \$1.00 bottle, which contains enough modicine to more than prove its wonderful curative properties. Prepaid by mail or express. This wonderful curative gives almost instant relie and is a PERMANENT CURE for Rheumathem; Sciatics, Neuralgia, Dyspopsis, Backmehe, Asthma, Hay Fever, Catarria, Sleeplessness, Nervousness, Nervous and Neuralgic Headschee, Heart Weakness, Toothache, Earache, Croup, La Grippe, Malaria, Creeping Numbers, Bronchitia, and kindred diseases.

5 DROPS'; is the name and dose. LARGE BOTTLE (200 doses), \$1.00, pre-paidby mail or express; THREE BOTTLES, \$2.50. Sold only by us and our agents. Agents Appointed in New Territory. Write today.

and All the World What "5 Drops" Has Done for Ma."

According to a story circulated in Berlin, the Empress Agusta Victoria met a chimney-sweep in a room of the royal palace on the morning before Christmas. She nodded in a friendly manner and bade him wait a moment. Soon she returned, leading her two youngest children, Prince Joachim, eight years old, and Princess Victoria, aged six, each bearing a Christmas honey cake, which was offered to the sweep. The prince presented his gift with royal suavity. The little princess at first was frightened by the grimy appearance of the sweep. Finally, she handed him the cake in a gingerly

Fast Mail to Scattle The widespread public interest in the contest for the fast mail contract between Chicago and Omaha has caused one temporarily to overlook You use soap in the laundry every the similar achievement of the Great Northern railway in establishing quick mail communication from New

York, via Chicago and St. Paul, to Seattle, and thence to the Orient. The fast Pacific mail service by way of St. Paul to the Puget Sound country is now quite as remarkable as that via Omaha to San Francisco. On January 3 the Great Northern placed in service a fast through mail and passenger train from Chicago to Seattle, on The disquieting microbe of love which the mail pouches never once leave the car after the transfer at

St. Paul. From New York to Seattle the time by this Northern route is fust four days. East of St. Paul the mails are carried on several roads, but west of that city-on a run exceeding the eastern portion by 500 miles-the mail goes through without change across five great States on the tracks of the Great Northern. Forty-five minutes are consumed in transferring the mails in Chicago, and thirty minutes in St. Paul. After that the Northern Oriental flyer does the rest without a pause until the Asiatic mails go on board the steamers of the Japan Mail Steamship Company. Both the importance of Seattle as an Oriental shipping point and the speed of the Great Northern transconti-

nental mail service make the achieve-

ment a noteworthy feature of Amer-

ican railway progress. The Puget Sound cities have already become formidable rivals of San Francisco as regards the freight and passenger traffic for Japan, China and Asiatic ports. The steamer route from Seattle to the Orient seems to be more free from storms than that from San Francisco, and as a large proportion of the Oriental exports are products of the Northwest the freight traffic has naturally taken this course. The fact that the full capacity of the Japan Mail Steamship Company's boats is engaged as far ahead as next August is in itself a striking proof of the growing importance of the Oriental trade that has its outlet at Seattle.

Fifty-One Bridges for B. & O. R. R. Baltimore, Jan. 23.-One of the largest bridge contracts that has been awarded in many years has been let by the receivers of the Baltimore and Ohio railroad. In order to place the lines west of the Ohio river in proper shape to handle the heavy freight equipment that is being used east of the river the receivers found it necessary to rebuild 51 bridges between Benwood, W. Va., and Chicago. That the structures might be rapidly pushed to completion it was decided to divide the work among three companies. The Youngstown Bridge Company of Youngstown will erect 31 bridges on the Central Ohio division between the Ohio river and Newark, Ohio; the Pencoyd Bridge Works was awarded the 11 bridges on the Lake Erie division, Newark to Sandusky, and the Edge Moor Bridge Company of Wilmington, Del., will crect the 9 bridges needed on the Chicago division. The total cost of these bridges is in the neighborhood of \$300,-000 and it is expected that all will be in place by September. Nearly six thousand tons of steel will be needed for the structures.

Some women are afraid in the dark and others are afraid of the light.

A War Romance. Fifteen years seems a long time to wait for a bride, and yet, were it not for the late Hispano-American war, Carroll Hume, of Company L, of the Rough Riders, who was wedded to Miss Mabel White in Wichita, Kan., a short time since, would still, in all probability, be waiting to claim his promised bride, writes a correspondent of the Philadelphia Times. They were ton, which required fifteen years to tronomical etiquette, consummate-fifteen years of rotragedy before two loving and faithful hearts were made one.

In 1882 Mabel White was a charming little lass of 15, with skirts ankle high and a heart full of love, hope and happiness. Hume was 20 years of his father was a member of the Cher- dotting the sea like drowning rats, okee legislature. This mattered noth- and the aged Cervera tearing his ing to the little maid. His skin was | beard in the agony of disaster. Her father was a clergyman who ed Spaniards. had spent many years among the instrumentally aiding them in the at- naive or amusing in "Pinafore." tainment of the high standard of civilization which this tribe has today reached. Among other things he taught her that it was not always the race that makes the man, and in this she had a perfect exemplification in her handsome, straightforward and upright Indian lover. They would wander off among the trees and flowers in her father's grounds and plan as all young lovers do, of a happy future. Life seemed so sweet, so dear to them, the sky so bright and the air so pure. Then of a sudden all was

the one curse of the Indian's existence of the Indian which boils and bursts from control under the influence of talion. sionate words, a quick exchange of time. blows, a pause and an agreement to go out in the open and "fight it out

In the moonlight they silently pass-The shock sobered Carroll Hume,

and, with a realizing sense of what he had done, his first impulse was to surrender himself to the authorities; but with a realizing sense of the severity that flight was his only recourse. He had killed a man in a fair and square fight, but justice would not look at it in that light. Before leaving the country he slipped to the parsonage, and, sounding a soft signal whistle, told his little sweetheart the whole story the battle of San Juan hill, and was of the duel and begged her forgive-ness. Amid tears, she instantly gave which offense the Cuban was put to slunk away, with the mark of Cain on his brow, an outcast on the face of years. the earth. His little sweetheart was heartbroken, for he had passed completely out of her life, and for fifteen In a letter of Oct. 10, 1898, from Mr. Kellems, he says: "I feel it a duty that I owe to God and suffering humanity to announce to you and all the world that I am yet in the ring with untold thousands of others, to testify to the great merits of your valuable remedy called "5 DROPS." I believe I was the first sufferer in this part of the earth to learn of the existence of "5 DROPS," some three years ago. I was then badly afflicted with Rheumatism, Catarrh, etc., which my letter of Jan. 29, 1896, fully speaks of. All I can say is "5 DROPS" cured me. To make a long story short, "5 DROPS" needs no recommendation in this part of the country, as everybody knows the "5 DROPS" remedies around here. It has cured more cases of Rhematism, Sciatica, Neuralgia, and many other pains than any other medicine that has ever been sold or heard of. For the last three years I have noticed the effect "5 DROPS" has on the sick, through my own observations as well as my brother, who is a practicing physician and uses the "5 Drops" in his practice. All ye that wish for further information, write and you are sure to get a reply without any delay. I will (as I have done in this letter) cheerfully recommend it to anyone that I may come in contact with. I myself can never forget what this remedy has done for me and many others.

Yours very truly,

Successful Sheep Raising. A writer in Rural World says: Our sheep have run on the same pastures for twenty-five years, winter and summer. The pastures are principally blue heavily bearded, but recognition was grass and white clover. Our winter mutual. Unfortunately she was not feed is mainly shock corn scattered on sione and feared to imperil him by a the sod or on meadows, just as you public recognition; so with mute would feed cattle, only scattered thinly greetings they went their separate on the ground and quickly as possible, ways. The next morning his troop so as to get an even feed. One hundred and twenty-five sheep are as many as

able shed, 16 feet wide, 48 feet long

and four to five feet high on the sides. for. The worst, and indeed, about all that troubles sheep in Missouri is the in the lamb crop, especially in late lambs. All sheep will do better to have clean pastures in summer, where no sheep have been running through the winter, but this we cannot always have. Sow a field, early in the spring, in oats, clover and timothy, and you all summer. We have 500 acres of be sure of a good corn crop. It is in red and white and alsike clover. Our

sheep do finely on these pastures, just as well as on the high lands. We have pastured some of the low lands twenty-five years with sheep and have nearly always done well on them. There is plenty of lime in the soil there. There is no stock less liable to disease than sheep, and if fairly well handled nothing pays better. Hogs are dying at a fearful rate in this section. I have been convinced for forty years miral Schley and Capt. Cook sat down past that "swine plague," so-called, is a special and direct decree from the Almighty, in part at least, to stop swine worship and to stop the extensive use of pork as food for the human family. Our sheep are enclosed the year round in barb wire fence, and world, the commanders on the United at the end of the year if you should pick all the fence you would not get enough wool to make a pair of socks. straw and well ventilated. To beginners I would say, do not fear diseases have water and salt at all times, good-

dry, comfortable sheds where no other stock can get at them. Hogs or cattle in the sheds with sheep will not do. Do not fear barb wire fence or bottom age, a sixteenth part Cherokee, and and driven ashore, the Spanish sailors land, but look sharp for the worthless curs who love mutton. A few sheep are needed on every farm to keep weeds down in summer, but feed generously on corn in winter. If you make a specialty of the cockle burr erop, don't have sheep. It is a bad mixture. Ewes at six or seven years old raise as good lambs as younger ewes and are better mothers, but it is Cherokees, teaching them of "the terial in this incident for a light op- best to fatten all ewes at not latter

Cattle Feeding in Kansas. The cattle fever is all over this west-

ern country, writes a Kanas correspondent of the St. Louis Globe-Democrat. It is no wonder. Where one man made money on a wheat crop last year ten farmers increased their bank accounts with profits on cattle. Here is Diamond valley, 100 miles and more from Kansas City. Yet for three years corn has brought Kansas City prices at the farmers' cribs. Cattle from the west, southwest and northwest come into this region in a never ending stream. They range in age from calves to 3-year-olds. They eat the blue stem of the prairies in the summer and consume the corn, the millet, the cane and the alfalfa in the winter. They come in all kinds of conditions. Here they are made ready for the market. It may be three months or it may be three years before the animal from the

ranges leaves the pastures and feed lots of the farmers for the market. But this is the half way place between the range and the market. In that capacity it is fulfilling a present destiny. At the same time it is making more money for the farmers than any single crop they raise. Squabs and Capons for Market.-If

Catarrh Cannut Re Cared with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two lagredients is what produces such wonderful results in curing Catarrh. Send for testimonials, free. F. J. CHENEY & CO., Props., Toledo, Q.
