World. A. E. Capy was at Lincoln Monday and, as his name has heretofore been mentioned in connection with the sena torship, his presence at the capital created no little interest. If Hayward cannot be elected, Cady has very many warm friends in the state who would be glad to hear of his election. He would make a first-class senator.

DR. FRANK J. LUTZ, ex-President of the State Board of Health of Missouri, states that hypnotism is the cause of many people becoming insane, and further says that the effect of hypnotism upon the nerves of the person submitting to a hypnotic test is a great deal worse than W. THE joint resolution in regard to polygamists has been favorably acted on by the house committee. It provides for submitting to the legislature of the sev eral states an amendment to the sections of the constitution giving the age limit and other requirements of senators and representatives, so that polygamy shall be included as a bar to service.

SWAN JOHNSON of Cuming county, who was adjudged insane by the com missioners of insanity last year and taken to St. Bernard's hospital in Council Bluffs for treatment, was operated upon for the second time by Dr. F. The auditor produces a letter written by Mr. Lichty to an insurance company suggesting that it "fix up" its report to make it document to have flashed and it convinces the public that it is the old game of the pot and the kettle between Lichty and the auditor, both of them being correct in their statements. He was sentenced to six months in the county jail of Douglas county, and fined \$50. The crime for which Vanderberg was sentenced was using the mails to gain students for an alleged business college, which in fact did not exist. He advertised that he had unexcelled facilities for teaching by mail, etc., and in this he claimed to have secured more than a thousand students.

CONCERNING THE SOLDIERS.

It is said, under date of Manila, February 27, that eight thousand Filipinos are anxious to surrender. First Sergeant Co. A, February 21; Private John Alley, Co. D. February 24.

The United States transport Sherman, from New York February 3, via Gibraltar on February 14, having on board one battalion of the Seventeenth regular infantry and the entire Third regiment of infantry, commanded by Colonel Paget, arrived Saturday at Port Said on its way to Manila.

Admiral Dewey has telegraphed for the Oregon, which was in readiness at Honolulu. With that vessel and the two double-turreted monitors, Monterey and Monadnock, all the other vessels at Manila can be used outside the bay. It is said that the Oregon arrived at Honolulu February 5. She could start February 15, and allowing for detention on account of coaling at Guam or some other points between Honolulu and Manila, it is estimated that the Oregon will reach Manila about March 10. The transports Ohio and Senator, with the Twenty-second infantry aboard, ought to give Otis 2,500 men within a week.

We hired a skiff and went out in the harbor. It is contrary to rules to go to the Maine, but we got a few little splinters, scraps of rope, paint, packing, wire, etc., to keep as souvenirs of the great battleship, now famous in history.

After spending the day we returned to our camp near Buena Vista, eight miles west of Havana. The railway is as peculiar as anything else. The engine and cars are very small, and the train stops about every eight miles. The fare is very reasonable - a round-trip ticket eight miles each way, 25 cents. February 13.

The wind tore many tents down during the night, broke the poles, and made things generally disagreeable.
