"Laugh Out, Oh, Murmuring Spring."

It is the time to laugh, the year's fresh prime. Sensible people now do the same that Nature does - aim to be purifled, and for the same reasons. They use that marvelous blood purifier, Hood's Sarsaparilla,

that never disappoints. Its work and worth are known world wide as a household medicine.

Catarrin - "Disagreeable catarrhal droppings in my throat made me nervous and dissy. My liver was torpid. Hood's Sarsaparilla corrected both troubles. My bealth is very good." Mrs. ELVIRA J. SMILEY, 292 Main St., Auburn, Maine. Eruptions - "I spent hundreds of dolars to cure eruptions on my right leg with-net permanent good. Six bottles of Hood's Sarraparilla completely cured me. I am very grateful." HERNAN BARTLETT, 462 Ninth Ave., New York City.

Acthma-"I was troubled with asthma for many years, being worse spring and fall. No medicine availed until I took Hood's arsaparilla which completely cured me. Many others heard of my cure and they use Blood's." C. L. RHODES, Etna, Ohlo.

Catarrh, Creeping Nervousness, Asthma, Heart Weakness, Toothache, Earache, La Grippe, and diseases of the liver and kidneys. "Five Drops" is not a patent medicine, but was perfected only after vast research in scientific fields, and at great

expense. It never can be fully appreciated until it is used. Many of its cures border on the miraculous. Words are almost inadequate to express the great benefit which suffering humanity is daily deriving from the use of this most wonderful remedy. Its merits and medicinal properties are as far above the other remedies offered for sale as the mountain is above the valley. It is worth its weight in gold to anyone suffering from any of the diseases for which it is recommended. days, we have not found one settler who was not more than pleased with the country and its productions, and will not return to the land he left. We have seen people here from all parts of the states and all doing well. We met a Dakota farmer by the name of McLean, who has informed us that he has raised more grain here in three years than he did in thirteen where he came from, on half as much ground. We have seen a number of others, both men and women, and all speak in the rame strain about Alberta. They all look well and contented; even the children are happy. In our drive over the country, in passing the countless school houses we could only see happiness in the faces of the little ones. We noticed them all well dressed equal if not better than the same class of children in the state of Minnesota. The wheat that is raised here is just beautiful, the kernel full and plump and may well be termed golden grain, yielding 30 to 55 bushels to the acre. This statement is not from one farmer but from hundreds who tell the same tale. Oats yield from 70 to 100 bushels to the acre, barley from 40 to 60 bushels and potatoes from 300 to 400 bushels to the acre. We have taken particular notice of the climate in regard to the difference between this country and our own. CARTER'S INK CO., Boston, Mass. WANTED-Case of bad health that R-I-P-A-N-S

Funny booklet " How to Make Ink Pictures" free.

The fact that the Chainless wheel girl is helping the chain wheel girl up the hill does not mean that chain wheels are of no use. We make chain wheels ourselves and can assure you that they give you excellent service. What the picture shows is that the Chainless is the better hill-climber. Why is this? Simply because the bevel-gearing cannot be cramped or twisted under the extra strain. This same uniformity of action makes the Chainless an exceptionally easy running machine under all conditions of riding.

Chainless, \$75; Columbia Chain, \$50; Hartfords, \$35; Vedettes, \$25, \$26. Ask any Columbia dealer for a Catalogue. POPE MFG. CO., Hartford, Conn.
