Table as a Whole the Outlook is Highly Favorable.

IT COULD HARDLY BE BETTER.

Corn Will Be Very Fine—New Year's in the Northern Part of the State—Wheat Yield Will Not Be Heavy—Oats Strong—Miscellaneous Notes—

University of Nebraska, Lincoln.

The past week has been cool, with heavy rains in southern counties. The average daily temperature deficiency has been about three degrees. The maximum temperatures for the week have generally been below 90 degrees.

The small part of the week has been below normal in the northern part and in most of the extreme western counties and heavy in the southern counties. In several southeastern counties it ranged from two to slightly more than four inches.

The past week has been an excellent one for the growth of vegetation in all parts of the state. Winter wheat has ripened rapidly, and harvesting has commenced. The quality is everywhere good, but the acreage is small and the yield per acre is also small.

Corn continued to grow rapidly, and is now too large for cultivation, except in northern counties. Corn is laid by fairly free of weeds, but the earliest planted corn is tasseling out in the southern counties. Taken as a whole, corn continues in exceptionally good condition.

A good crop of tame grass is being cut for hay in eastern counties. Wheat is doing well, and is turning out very rapidly. Oats are turning out very well, and will make a good crop. Fall wheat is being planted in the northern part of the state.

Wheat and oats are doing well, and are turning out very well. Corn is doing well, and is turning out very well. Potatoes are doing well, and are turning out very well. Beans are doing well, and are turning out very well.

HE MEANT TO MASSACRE

Aguaileto Gave the Order for Slaughter of Europeans.

THE FINNISH PLAN FRUSTRATED

Spilled Disgrace of American Soldiers All that Prevented Calamity of a Disastrous Purpose—A Returned Bishop Gave Light on the Rebellion.

CINCINNATI, O., July 15.—J. M. Thoburn of the Methodist Episcopal church, who has spent forty years as a missionary, mostly in India, is here with his family, some of whom are in ill health.

The bishop spent some time in Manila in March last and was an intimate observer of events. He says there is no doubt that the outbreak between the Americans and Filipinos was intended by Filipino leaders as a general massacre in the city of Manila. He stated that the testimony of two Filipino servants who were summoned to service in the army by Aguinaldo, and who dared not disobey, but who warned their American employers to keep within doors that night, as orders had been given to kill all Europeans who were in the city.

The bishop was in London when the thrilling news of Dewey's visit came to him in the person of a naturalist who had been in the Philippines at the time of the outbreak. He said that it meant the permanent possession of the Philippines by the United States. To questions put to him why Dewey should leave Manila after his victory, he said the shortsightedness of the United States government made it impossible. Dewey had not coal enough to carry him to the nearest American coaling station and he was bound to take Manila in self defense.

The whole history of the present Philippine situation showed such a natural and logical and even inevitable course of events that the United States is bound to assert its authority there. The bishop would follow the withdrawal of the United States forces. The only trouble lies in the Luzon island. All the other islands are peaceful. The bishop thinks the proper policy of the United States is to enlist the men of the other islands, who are the natural enemies of the inhabitants of Luzon, to fight Aguinaldo's army.

When the Presidio was reached the men were given a rest and then commenced the work of going into camp. The men will rest under military discipline for two or three weeks. Then the final muster-out will take place, and they will be sent to their northern homes by train.

TEAR DOWN A GERMAN FLAG.

Explosive at Honolulu Which May Cause Employment.

HONOLULU, July 17.—(Via Victoria, B. C., July 17.)—There was a flag incident here on the Fourth of July which promises to be made an international episode. Carl Klemme, the proprietor of the German restaurant, hoisted his building in American colors, hoisted the American flag over it and under the fact that the duty of the United States forced upon the circumstances of the Spanish war, to hold the Philippines, and to preserve order, and extend the United States government to that region. Moreover, in the interest of morality and Christianity, he hoped for the dissolution of the Chinese empire, which he characterized as the most helpless government on earth.

In that event Russia should have a portion, giving it an available Pacific coast. The United States should have its portion of the coast opposite the Philippines. Such a division of China would bring untold blessings to the people of that empire, and would advance the civilization of the whole world.

The bishop declines to discuss the subject from the standpoint of American politics, but he says he cannot imagine why the United States should shrink from giving up her exclusive policy and hesitate to take her place among the nations when she can so manifestly thrust upon her. If China falls to pieces, as nearly all well informed people believe she will, it would be unwise if not morally wrong to concede that the European nations have a right to settle the destiny of that great empire without any reference to America. The United States must inevitably become the dominant naval power of the Pacific ocean, and if such a future is in store for her she certainly ought to hold an important section of the coast line of eastern Asia.

A LEADING TO IMPERIALISM.

Deputy Divine Thinks It Tends Toward Christianity.

RICHMOND, Va., July 15.—At the afternoon session of Baptists reports were submitted and addresses were read. The board of managers set forth that the last year has been one of persistent effort. Difficulties were encountered, such as the various social and complex interests, but over against those were many favorable reports. The bible reading and missionary work has been encouraged. The annual meeting of the Y. M. C. W. of North Branch spoke in place of R. H. Tillman of Iowa on "The Church and the Union."

The banner for senior work in the "conquest missionary course" was presented to Woodruff Place church of Indianapolis, Ind., after which President Chapman delivered his annual address. President Chapman alluded to the friendship existing between this country and England, and leaned to imperialism as tending to advance the cause of Christianity.

The board of managers of the B. Y. P. U. decided last tonight that next year's convention shall be held in Cincinnati.

OREGON VOLUNTEERS LAND.

Democratic Reception Accorded the SAN FRANCISCO, July 15.—Not since the departure of the regiment of California volunteers for the Philippines have the streets of San Francisco presented such a scene of animation as they did today, nor have there been such a number of honor created such a rumpus. The cause of the demonstration was the landing of the Oregon volunteers and the California sign corps, preparatory to going into camp at the Presidio and the final mustering out.

Both Tann and Mataafa Show Faith in the Patronage of the Tribunal and Agree to Abide by its Findings—The Whole Situation Goes Over.

WASHINGTON, July 15.—Consul General Rose, the German official who has been one of the foremost figures in the recent events in Samoa called at the White House yesterday and was introduced by Secretary Hay to the president. A brief talk on Samoan affairs occurred and hopes were expressed on both sides that the cause of recent friction had disappeared. Herr Rose afterward saw a representative of the Associated Press and gave an interesting outline of the conditions up to the time he left Samoa.

"Prior to the arrival of the Samoan commission," said he, "an armistice had been proclaimed between the forces. Mataafa and his men were back of a line sweeping around the city of Apia, and extending from the sea to the mountains. The Tann men were armed, but the Tann men had in addition to their old arms about 700 modern rifles, furnished by the British ships at the time of the conflict.
