He is the son of Henry Delagell, whose arrest for assault started the trouble. The county officials have offered \$100 reward for John Delagell and Governor Candler will be asked to increase the amount.

The seventy-five members of the First Georgia, who were left here two days ago when old man Delagell was taken to Savannah, are patrolling the town tonight. All saloons are closed and the strictest order is maintained. Nearly every negro left town this morning and tonight word comes that they are massed in Delagell's swamp, twelve miles from town. They are known to be armed and a possee of citizens left on a special train for the place tonight. They will maintain a guard over the negroes and keep them from doing any damage during the night. A telegram was sent to Brunswick urging all white citizens to come to Darien. A boat was dispatched to bring them to this city and a special train will be ready in case more want to come. The presence of the whites is wanted to overawe the negroes, who are well aware of their superiority in numbers. One hundred men of the First Georgia are under orders in Savannah to be in readiness to move and if more militia is wanted the Liberty Rifles will be sent. The calling out of these troops is within the discretion of Colonel Lawton.

ATLANTA, Ga., Aug. 26.-Upon receipt of the alarming telegrams from Sheriff Blount of McIntosh county and Colonel Lawton at Darien, Governor Candler took immediate steps to render every assistance to those officers. The governor sent the following telegram to Colonel Lawton:

"A. R. Lawton, Savannah, Ga. Blount, sheriff, wires for Liberty troops. I doubt propriety of sending them and leave it to your discretion. Have wired Hughes, captain Liberty troops, to hold command in readiness to respond if you call for them, but to do nothing until you order him. The people of McIntosh county are excited. The situation demands a cool head. You have it and I must rely on you to exercise that wise discretion which I, so far away, cannot exercise. If necessary return to Darien.

"A. D. CANDLER, Governor." The governor was in conference with Acting Adjutant General Byrd during the day. A large number of carbines have been sent to Darien and a supply of ammunition is en route by special messenger, as the express company refused to carry it, owing to its explosive character.

Midnight-A conference was held at 11 o'clock tonight between Sheriff Blount, militia officials and a citizens committee and it was decided to take decisive action at daylight against the negroes who are massed and armed in Delagell's swamp, twelve miles from this city. The sheriff wired Colonel
