—The Schuyler Sun says that Herman Oehrich, on the ranch near Richland, "has the finest piece of rye we have seen in years. It is almost perfectly even and stands just level with the eyes of a person sitting in a buggy. From the looks of Mr. Oehrich's premises he does farming strictly on the right plan."

—The open air concert of the Columbus City band Wednesday evening at Frankfort park was enjoyed by a large crowd of listeners. The entertainment lasted for over an hour, several new pieces were rendered, and among those more strongly "hitting" the crowd were overture L'Emotion and "Wake and Listen, Love."

HERBINE gives tone to the stomach and promotes digestion and assimilation. Price, 50 cents. A. Heintz and Pollock & Co.

—Willie Boettcher was taken suddenly ill last Wednesday evening with nervous prostration after a somewhat lengthy practice on the violin. He is better as this paragraph is written, but his father tells us that whenever he tries to sit up, he suffers intense pain between the temples. With quiet and care the physician thinks he will recover.

—Memorial services A. O. U. W. were held at their hall Sunday afternoon at 2 o'clock, Acting Master Workman Ed. Rosier, presiding. Revs. Pais and Yost delivered addresses. There was a goodly turnout of the brethren, and with abundance of flowers, the graves of those whose mortal remains are buried in the Columbus cemetery were covered with flowers.

—The recital given by Miss Ethel Galley's pupils at her home last Tuesday afternoon was enjoyed by a large crowd of invited guests. Miss Galley has steadily increased her class since her musical education was finished, and is now an established musical leader of the city, owing to her own ability to instruct. The class show a steady improvement that is commendable for the teacher.

—W. A. Way bought the Morse property on Tenth street, for the special purpose of having a place to live in while he builds a house on his tract of land just west of the city, but the occupying renter objects to getting out. Right of possession and actual possession being two different things, doubtless rent will be raised and demanded in advance or the place sold at a profitable figure. Trust Mr. Way for devising a way out.

—Mr. and Mrs. Arnold F. H. Oehrich and daughter Olga, accompanied by Miss Emma Cornis (Mrs. Oehrich's niece), started Sunday afternoon for Germany, to sail from New York to Hamburg on the ship Columbia, of the Hamburg-American line, expecting to cross the ocean in six or seven days.

—Miss Cornis does not expect to return to Columbus. Quite a number of the neighbors were at the depot to bid them good-bye, and wish them a safe voyage.

—Last Wednesday, President McKinley sent to the senate, among other nominations for the new judicial offices in Alaska, that of ex-Judge A. M. Post of this city to be U. S. attorney for Alaska.

—Judge Post is very well versed in law, and has had experience in the government service; besides, as attorney, district judge and as chief justice of Nebraska, and his many friends will expect to see his nomination to this important office unanimously confirmed by the senate.

—The Boone County Advance, volume 1, No. 1, published by S. J. Kennedy and W. E. Dishar, has reached us, asking an exchange. Its columns show a good understanding of the field, and certainly the advertising patronage in this number must be an encouragement to the publishers. The new paper is republican in politics, but independently so, and desires nothing in the way of patronage but what it may merit. Mr. Kennedy was a soldier of the republic in the Philippines, and is known as a successful teacher at Osceola, this county, by many JOURNAL readers, and is a young man of decided ability. We are not acquainted with his partner, but THE JOURNAL always welcomes newspaper writers who are conscientiously devoted to the good of the country. The new paper is published at St. Edward.

—W. O. Wirt, reporter for the Mutual Mercantile Agency, was in the city Monday, doing business with our citizens. He now lives at Council Bluffs. He was born in Harrison county, Ohio, our own native hills, and has many pleasant reminiscences of mutual acquaintances and friends. Mr. Wirt's father, a strong republican and political friend of John A. Bingham, who was then congressman, secured the appointment of the son of a political opponent to a cadetship at West Point, who afterwards became the famous General Custer.

—The small pox patient, George Hoolingshead, is getting along nicely. A tent was procured, so as to isolate him, and a nurse from Columbus is taking care of the patient. All the necessary precautions to prevent the spread of the disease are being taken. It is reported that Moore will have a new depot in the near future, and that it will be located on the south side of the main track, opposite where the old one stood.

—Henry & Co. sold their cattle, 340 head, Wednesday, one car bringing \$425 and the balance \$5, weighed at home.—Monroe Republican.

—Messrs. Hoover & Stevens, whose place of business is the Henry Stevens farm this side of Genoa, have sent us by Mr. Babcock, two boxes of the finest strawberries we have ever seen, and certainly they were very delicious to the taste. They have seven acres devoted to strawberries, three of them now bearing, having been set out last year. A moderate estimate, from what has already been produced in that these three acres will give during this season 7,000 quarts to the acre. From the patch, twenty berries have been selected, which filled an ordinary strawberry box. Certainly this is doing well, even with irrigation, which they had. The strawberry is calculated to be 96 per cent water, and they had abundance of the precious fluid.

—The Woman's club held the last general meeting of the year at the home of the president, Mrs. Dr. Baker Saturday June 2d, when officers for the ensuing year were elected: Mrs. J. E. Gietzen president, Mrs. C. Kramer 1st and Mrs. J. G. Reeder 2nd vice president, Miss Martha Turner recording secretary, Mrs. Dr. Voss corresponding secretary, Mrs. W. J. Williams treasurer, and Mrs. J. G. Reeder delegate to the next federation of clubs. After the election of officers Mrs. Baker served dainty refreshments, and Miss Florence Kramer pleased the company with a recitation. Mrs. Baker then gave each lady a clothes pin, two sheets of paper, pink and green, the club colors, and each lady was requested to dress a doll, which was done in artistic style. This meeting finishes the year's work of the club, one of the most successful in its history; although there has not been so many members the work has been carried out with interest in every department.

—Sister M. Josepha, for twenty-one years at the head of the Catholic school here, has been appointed Sister Provincial of all the St. Francis institutions, schools and hospitals, of the United States. She received the official announcement from the Mother house in Germany last week. Her new duties begin in a few weeks, when she will go to Lafayette, Ind., the Mother house of America. The Sister Provincial will be over about five hundred sisters and is expected to visit each institution once every year. Sister Josepha joined the sisterhood twenty-eight years ago in Germany (Sister Agnes, the music teacher here, joining the sisterhood at the same time). Eighteen years ago, both these sisters were sent to Columbus to start the St. Francis school, which has steadily increased ever since. Sister Josepha is a quiet, modest woman, an ideal of what the Catholic Sisters should be, and the children who have passed under her supervision have a wonderful respect for her, and it has been said she seldom makes a mistake. The honor bestowed on her is a great one from the church and while the pupils are almost heart broken over her departure, they are glad to know of her advancement. It will be her duty, we may say, to appoint her successor here.

HENRY LUBKER.

Ex-Treasurer Lynch and Bondsman Sued.

Last week County Attorney O'Brien filed a petition in the district court—Platte county vs. James W. Lynch and his bondsman, praying judgment for a balance of \$13,278.45 and interest thereon from Jan. 9, 1896, at the rate of ten per cent, and costs of suit. It will be remembered by JOURNAL readers that J. W. Lynch was county treasurer for two terms preceding Hans Elliott; that a shortage was found, after an examination by experts, of \$30,512.25; that portions of this sum were paid at various times by the bondsman, leaving yet due \$13,278.45.

Among other allegations in the lengthy document is one of the substance of which is that to the bondsman was turned over by Mr. Lynch "a great amount of real estate, money, notes, bonds and other securities * * * for the purpose of having the same applied in the payment of the said \$13,278.45, the amount due on the bonds; that this was not done, hence the suit brought under direction of the county board of supervisors.

Of course there will be more to say concerning this important interest of Platte county.

Removal of Mill.

In 1878 Messrs. Glade & Schapp erected a flouring mill on Clear creek in Polk county, that was regarded as one of the strongest and heaviest frame buildings in central Nebraska.
R. B. Kummer became one of the owners of the property in 1890, and since 1896 has been sole owner.

Conceiving the idea that he could find a better location for custom, and greater profit in a change, he goes as a result to Red Cloud, this state; will convert his mill into an up-to-date steam mill, with the latest-improved sifter system.

With a force of four men for a week and two men for three weeks, he has succeeded in taking down the mill and getting it ready for shipment to Red Cloud, where it will be erected right away.

Red Cloud is the county seat of Webster county, has a population of about 3,000, has no flouring mill, and has offered Mr. Kummer the best of inducements to locate, and we believe that he will give them good satisfaction in all his dealings with them.

With all his acquaintances here, we wish him the success he deserves.

In Memoriam.
Whereas, in the battle called life one of our comrades has fallen out of our ranks, called hence to larger duties by the Supreme Commander of the universe, be it
Resolved, by Baker Post No. 9, G. A. R., that in the departure of Thomas M. Wilson to the Spirit world Baker Post has lost a true comrade, his country a faithful defender in time of its peril, and his family a loving husband and father, to whom we extend our sincere sympathy in their bereavement, and for whom we invoke the blessings of Him whose goodness faileth never, and whose gentile care is ever over all his works.

Resolved, that these resolutions be spread upon our record, that a copy be sent to the widow, and furnished to each of the Columbus papers with a request to publish.

Gentry's Dog and Pony Show.

Prof. Gentry's Dog and Pony Show which will exhibit in Columbus, Thursday, June 21, afternoon and evening, is perhaps one of the most wonderful of its kind in the United States. The intelligence of these ponies and dogs is truly wonderful, and it is all done by kindness. Every animal answers promptly to his name, and does everything he is told to do except talk. Professor Gentry has 124 dogs, 57 ponies, 25 monkeys, and 2 small performing elephants 42 inches and 45 inches high. The ponies are all Shetland except "Eureka" and "Doty Dimple," which are East India horses, the only two of the kind in the country. The dogs comprise every species from the Russian pointer to the Indian cur, but they are smart. The backward somersault, the lame dog, the clown dog, the leaping of the troupe of grey-hounds, and above all, the trick of "Omaha" and "Major" and the remarkable acting of "Colone" are very fine. The pony drill is superb, as is all the machief making of "The Tough."

They have had quite an exciting time at Omaha with the school board. A recent copy of the World-Herald says: "The charges against Sears is that of accepting money to influence his vote on contracts for supplies for the school houses in the city. The case was worked up by Detectives Buckmaster and Chiquito, who represented that they were seeking to secure from the board and which contracts it was represented were about to be awarded. George H. Hess, who is charged with the commission of a similar crime, is in attendance upon the court and occupies a front seat, watching the proceedings and occasionally consulting with Sears and his attorneys.
