In this event the plurality will go above the 7,000 mark. The Bee feels justified by the returns in claiming the election of Dietrich for governor by at reported he has a plurality of 2,-399. The missing counties two years ago gave Poynter a plurality of only 1,589 and if they should vote the same this year it would still leave a plural-

ity of 810 for Dietrich. The gains made elsewhere, taken in connection with the incomplete returns from the missing counties, warrant the belief that this plurality will be materially The World-Herald says: "Complete returns from sixty-seven of the ninety counties in the state indicate the re-election of Governor Poynter by a plurality of 1,100, or about 1,600 less than his plurality of two years ago. These counties give Poynter 90,180 and Dietrich 89,219. These same counties in 1898 gave Poynter 75.848 and Hayward 73,687. This comparison shows a net loss of 1,300 and it covers about three-fourths of the vote of the state. That Poynter cannot be defeated unless there is a larger percentage of loss in the remaining coounties than in those that have already reported is evident. Poynter's plurality two years

ago was 2,721 and as his loss this year can hardly exceed 1,700, according to the returns received, his plurality can be looked for to remain above the 1,000 mark. The later returns indicate that McKiniey carried Nebraska by 5,000 | plurality. Complete returns from sixtyseven counties give Bryan 95.063 and Mckinley 99,913. Four years ago these counties gave Bryan 96,579 and Mc-Kinley 85,107. The state ticket seems to be running right up with the governor, and some of the candidate will than that indicated for Poynter. The returns also show that Deitrich was cut in many localities and in a number of counties runs twenty or more

behind his ticket." LINCOLN, Neb., Nov. 8.-Fusionists at populist headquarters in Lincoln are feeling more electival at a late hour tonight than they have any time since yesterday noon. Unofficial remorning were so discouraging that able. they indicated the defeat of Governor Poynter and the state ticket by from 300 to 500 majority. The returns compiled by the county clerk show the safe election of Baldrige, republican for senator, and Buresh, Corneer, McCoy, Mead, Mullen, Rohwer, Uhl and Wilcox, republicans, for representatives, and the others so close that the official canvass may be required to determine between them.

#### NEW JERSEY.

TRENTON, N. J., Nov. 7.-Latest returns from the different counties in the state indicate that McKinley's plurality is 55,000. The official county canvass will be made on Friday. Corrected returns from Sussex show the election of Roe, republican, to the assembly, and the re-election of Martin democrat, to the senate, the latter by 90 plurality. The next legislature will stand as follows: Senate, republicans. 17; democrats, 14; assembly, republicans. 45; democrats, 15.

#### ILLINOIS.

CHICAGO, Nov. 7 .- Returns received from the state-at-large tonight do not materially change the political complexion of the next state legislature. The probability is that the republicans will have a majority of about twentytwo on joint ballot, which means a republican successor to Senator Cullom. It is impossible at this time to give figures with strong assurances of accuracy, but the next Illinois legislature will be in all probability about as follows: Senate-republicans 34; night Congressman Joseph W. Babrepublican by ten and the holdover senators give a republican majority of eight in the senate and the democrats figure that with but slight gains they will be able to have a majority of one on joint bailot and thus replace Senator Cullom with a democrat.

#### INDIANA.

INDIANAPOLIS, Nov. 7 .- A plurality of anywhere from 27,000 to 32,000 for the republican national ticket, the election of Colonel W. T. Drubin, republican, to the governorship, the election of the entire state and Marion county republican tickets and nine, perhaps ten, congressmen, is a summary in brief of yesterday's battle at the polls in Indiana. An unpected de-velopment is the fact that the repub-Heans made their strongest gains in demooratic strongholds. In seven heretofore strongly democratic counties McKinley and the state ticket showed a greater ratio of gain than was shown by the figures from several strong republicans counties.

Repudiate Republicana. LINCOLN, Neb., Nov. 8 .- Mr. Bryan today gave out the following statement

regarding the election: "The result was a surprise to me and the magnitude of the republican victory was a surprise to our opponents as well as those who supported our ticket. It is impossible to analyze the returns until they are more complete. but speaking generally, we seem to have gained in the large cities and to have lost in the smaller cities and in

the country. "The republicans were able to secure tickets and passes for all their oters who were away from home, and this gave them a considerable advantage. We have no way of knowing at this time how much money was spent in the purchase of votes and colonization. But while these would account for some of the republican gains, they would not account for the widespread increase in the republican vote. The prosperity argument was probably the most potent one used by the republi-

The appeal, 'stand by the president while the war is on had a great deal of influence among those who did not realize that a war against the doctrine of self-government in the Philippines must react upon us in this country.

We have made an honest fight on an honest platform, and having done cur duty as we saw it, we have nothing to regret. We are defeated, but not discouraged. The fight must go on. LINCOLN, Nov. 7 .- The quarterly

report of all state, private and savings banks has been issued by the state banking board. This report shows an increase in all important items excepting rediscounts and bills payable. In the item of deposits there is an increase of \$1,549,048.99. In loans and discounts the increase amounts to \$450,669.11.

Attached to the report is the following comment by Secretary Hail: "This report, like the one preceding it, is a very flattering showing for our banks and will compare favorably with the showing made by the banks of any state in the union.

In comparison with preceding reports the showing of the Nebraska institutions is unparalleled. For three years there has been a steady increase in deposits, but never in recent years has the item reached such a high mark as shown in the last report. Following is the summary of the condition of all Nebraska banks, exclusive of national banks;
