—In Nance county this year sheep are to be taxed upon a valuation of 50 cents per head, in Colfax \$1 and in Dodge county \$2. What justice is there in asking a Dodge county citizen to pay four times tax on his sheep that a Nance county resident does, or twice as much as a Colfax county farmer is requested to do? What is true of sheep is equally true of all stock and other personal property.—Howells Journal.
—Ache & Ryan will occupy the Henry building for several years used as a second-hand store by Hopkins & McDonald, just east of the Ache & Ryan grocery. —There is considerable work being done at the Court House grounds. The volunteer walk that had been made across the plat have been spaded up and will be seeded down. A number of trees will also be planted along the sidewalks. With the advancing green of the old sod, and the thrifty shade trees already in the plat, the grounds will present a handsome appearance, and the chain and wire fence will keep people from going across lots.
—The deadlock in the supreme court over the appointment of nine commissioners and as many stenographers as the court finds necessary has not been broken, as we write. Judges Norval, Sullivan and Holcomb have spent considerable time trying to agree, but so far no decision has not been reached. We have heard two names from this city mentioned, Chief Justice A. M. Fox and W. A. McAllister. Either one would doubtless fill the position with ability and honor.
—The new water tank lately put into operation by the Union Pacific Railroad company, has a capacity of 50,000 gallons. Engines can take water in about one-third the time as formerly. The tank is kept full at all times from the city waterworks, and although there is the same meter as before, there is a saving of some fifty dollars a month in the water bill, for some reason or other. There will be the advantage that during a fire, the work of supplying the railroad engines with water will not be interrupted.
—The general meeting of the Woman's club convened Saturday afternoon at the home of Mrs. A. Heintz, the Art department having the meeting in charge. After the regular business of the month and roll call, Mrs. Carlow and Mrs. Frading rendered a beautiful vocal duet. Mrs. W. C. Phillips of Lincoln then addressed the club on the subject of "Art's Practical Influence for Good." The substance of her argument was that the love and cultivation of the beautiful, as seen in true nature, is necessary to our happiness. The address was listened to with great interest by all present. Mrs. Phillips was the guest of relatives, the Turner family, while in the city, returning home Monday.

Death of M. Weaver.

Sunday morning last, April 7, at 5:30, after an illness of about an hour and a half, Michael Weaver departed this life at the age of 73 years. Death was caused by the bursting of a blood vessel. He had been at work in his garden only the day before, and seemed in his usual health. Mr. Weaver was one of the early settlers of the city, coming here in 1857.
Mr. Weaver was born in Wittenberg, Germany, January 7, 1828. Was married to Miss Dorothea Heckman at Columbus, Ohio, in July 1850. He leaves his widow and the following children: Mrs. Louise Bonsteel of Denver; Mrs. L. Gorrard; Mrs. Cramer; Louis W. Weaver; Miss Jennie Weaver; V. A. Weaver and Miss Clara Weaver.
Ever since settling here in 1857 (excepting about two years some ten years ago, when he sojourned in California), Mr. Weaver had made Columbus his home. Here most of his children were born and reared to honorable manhood and womanhood, a family of whom any community might well be proud.
One who had known Mr. Weaver well for forty years has said of him that in all that time he had never known of an oath passing his lips, or an expression improper for all the family to hear. "So far as possible live peaceably with all men," seemed to be one of the mottoes of his life. His memory will long be cherished by his acquaintances, who knew him as a sincere and kindly neighbor.
The funeral services are to be held at the family residence this Tuesday afternoon, at 2 o'clock, Rev. Munro conducting the services at the residence, the Masonic fraternity taking charge of the burial ceremony. The Fire department, of which organization he was a member in 1874, will also be present at the funeral.
—Some seven years ago, a few good friends of Fred Stenger succeeded, after much coaxing, in getting him away on a day's fishing at Blinman's lake. The day was fine and the enjoyment great, but ever since, there had lurked with Fred a feeling that if he had not gone out that day at the earnest solicitation of a friend, he might still be the possessor of a twenty-dollar gold ring he valued very highly, and that he was sure he had lost while fishing that day. A few days ago he was indeed surprised when one of his friends handed him his long lost ring, having found it in the house plat in the city.
