Rapids Outlook.

tiful to look upon.

fence gang and will leave this week for

tively, of Miss Ward formerly teacher

years old.
—W. H. Slater, veterinary surgeon,
who came to Columbus last fall is so
well pleased that he has decided to per-
manently locate here, and during the
summer contemplates the erection of a
dwelling house and an infirmary for his
horse patients.
—The Howells Journal says that the
bankers' meeting at Fremont last week
proved a sort of family reunion for the
Folds brothers as there were six of them
present, in addition to E. F. Folds of
Schuyler, a cousin, who is president of
the association.
—Cyclists should always carry a bottle
of BALLARD'S SNOW LINIMENT, in

wounds. Price 25 and 50 cents. A. Heints
and Pollock & Co.
—The village of Belgrade is doing now
what every village should do, among the
first things it undertakes—establish a
grade, founding it upon an accurate
survey, so that drainage, foundations,
sidewalks, etc., may be completed on
scientific principles.
—Rev. W. C. Bosch and family are
now located in the city. He has been

out an stated pastor since last September,
when Dr. J. D. Pullis left.
—Louis Held has been converting old
corn planters into potato planters, chang-
ing some four dollars for his part in the
overhauling, and they do say that the
machine is a decided success. Potatoes
conceivably ever fail of being an abun-
dant and profitable crop in Nebraska,
when rightly handled.
—Piles are not only most painful, but
also very dangerous, as the inflamed
nodules are very apt to take on malig-
nant action and cancer of the rectum is
produced. They should be cured. TAB-
LER'S BUCKEYE PILE OINTMENT
will cure the most obstinate cases. Price
50 cents in bottles. Tubes, 75 cents. A.
Heints and Pollock & Co.

—Rheumatism is conceded to have its
origin in a poisoned condition of the
blood, and to be most successfully treat-

liver, kidneys and other blood purifying
organs, thereby diverting the system of
the offending agents. Price 50 cents. A.
Heints and Pollock & Co.
—Wm. Bucher and daughter Pauline
will leave here early in June for a foreign

and leisurely route has been mapped out
through Germany, Switzerland, Italy
and France. Three months or more will
be taken to make the journey.
—James, the eighteen months-old
child of Mr. and Mrs. James Frydick,

of their friends in their affliction.
—When the liver fails to secrete bile,
the blood becomes loaded with bilious
properties, the digestion becomes impaired
and the bowels constipated. HER-
BINE has a direct action on the liver
and excretory organs, and a few doses
will cure any case of biliousness. Price
50 cents. A. Heints and Pollock & Co.
—John Huber was down town Thurs-
day. He said he tried to have as much
ambition as a race horse after the loss of
a heat, but it was pretty tough work with
him lately. He had a crowd around
him, however, and was entertaining
them with his talk, but his lung power
was not so much in evidence as it used
to be.
—Don't despair because you have a
weak constitution. The vitalizing prin-
ciple of HERBINE will assuredly
strengthen it. In every drop of HER-
BINE there is life. There is a stimulat-
ing, regenerating power, unequalled in
the whole range of medicinal prepara-
tions. Price 50 cents. A. Heints and
Pollock & Co.

farewell party Monday evening at the
home of J. J. Sullivan for Mr. and Mrs.

behalf of the club, presented Mr. and
Mrs. Sibbernson with a handsome set of
solid silver forks.
—Homer Wilberger, an old settler at
Madison, having lived there thirty years,
took sick Thursday night and died Fri-
day morning. He was 53 years old and
leaves three sons and two daughters.
His wife died a year ago. E. H. Jenkins
of this city was called upon to act as one
of the pall-bearers and went up Saturday
evening.—funeral Sunday.
—Charles Jenkins and Frank Davenport
of Norfolk passed through the city
Wednesday, homeward bound from their
trip to Colorado. Crestona was their
objective point, but they visited Denver,
Colorado Springs, Gripple Creek and
other points. One of the novelties was
a stretch of railroad track in view for
one hundred and twenty miles.
—C. K. Davies sold his famous young
bull Saturday to Ed. Siebach of Loup
township. At the rate his thoroughbred
cattle have been disposed of, Mr. Davies
will soon be compelled to replenish to
meet the demand. Mr. John Novotny,
one of the most prominent citizens and
stockmen of Colfax county, was in the
city Monday to make a deal with Mr.
Davies.
—Bargains! Great Bargains
in all heavy goods. We must
have room for our big stock of
spring goods. Come and save
money. The White-Front Dry
Goods Store. E. D. Fitzpat-
rick. 11
—If you had spent considerable time
and money in setting out trees along
your sidewalk and somebody had come
along in the night, and not satisfied with
looking at the trees and passing on, had
pulled the trees up and thrown them to
one side, what would you feel like doing?
This is what happened to D. N. Miner at
his premises on Olive street, west of the
Grand Pacific and was done Sunday
evening last.
—The last issue of the American Econ-
omist was supplemented by a 40-page
array of political cartoons that have been
used the last three years in the publica-
tion of the Economist. This same set
of what we regard as the greatest publica-
tion in America touching the general
business interests of this country can be
had for 25 cents, by addressing American
Protective Tariff League, 135 West 23d
street, New York.
—Friday, the wind was from the
south, blowing strong; in the evening it
calmed down, the dust had a tendency
to keep quiet, and by Saturday morning,
the air was quiet and so charged with
moisture, that the change was very
agreeable. We don't know of anybody
who likes the dust storms from the
south, except when they are the neces-
sary accompaniment of the continental
air currents that help bring us rain.
—Bond's Concert Band played at the
opera house Wednesday evening to a
goodly audience, who appreciated the
music. It goes without saying now that
Columbus likes good music. A first-
class fine opera will fill the hall almost
any evening, if properly advertised. We
some holds good of a well-directed negro
minstrel troupe. A somewhat common
remark is: "One good concert is of
more value than a dozen poor ones."
—Peter P. Duffy, publisher of the
High School Reflector, has, we learn,
made arrangements for doing the work
on the same in an office of his own. His
brother Charles from Grand Island is
here temporarily, to take charge. We
suppose that the office is to be an addi-
tion to those already in the city. Colum-
bus now has three newspapers that hire
done all the press-work on their papers.
"The more, the merrier," is hardly a
proverb that will justly apply in this
case, but Peter Duffy is a young man of
very considerable ability, and doubtless
has an object in view that will develop
in time. Character is at bottom the
foundation of all strong things.

—Children who are weak, fretful or
troublesome should be given a few doses
of WHITE'S OREAM VERMIFUGE.
They will then become strong, healthy
and active, have rosy cheeks, bright eyes,
will be happy and laughing all the day
long. Price 25 cents. A. Heints and
Pollock & Co.
—Four young ladies of Genoa issued
an invitation as follows to a basket
social last Saturday, says the Leader.
The matter is not new, only the manner:
We cordially invite you,
And many more,
To attend a basket social
Given by us four.
Each girl must bring a basket,
With supper enough for two.
Each boy must bring his pocket book
And of baskets buy a few.
—T. M. Laffer, who last worked for
Carl Schubert, repairing sewing
machines and occasionally helping make
sales, disposed of Schubert's team and
rig at Humphrey the other day, getting
\$30; proceeds of a machine sold at Hum-
phrey, and a collection of \$40, besides
possible other things yet to be heard
from. He left here Tuesday of last
week, and has not since shown up. He
worked for M. Cassin three months.
Mr. Schubert recovered his team, which
had been sold to Mr. Myers.
—Charles C. Pullis (son of Rev. Dr. J.
D. Pullis, formerly of this city), is one of
the lieutenant of volunteers named by
President McKinley for promotion to be
lieutenant in the regular army, under
the army reorganization bill. This is
one of the things that, several years ago,
the young man calculated might happen
him. He was second lieutenant of the
Third Nebraska, Spanish American war,
now first lieutenant and battalion adjutant
Fourth Infantry.
—Ed. W. North came up from Omaha
Saturday evening for a short visit with
relatives, returning Tuesday. Ed. has
an interest in a mining company in
Alaska that has a good prospect ahead,
gold having been found above and below
on the same run. He has a nugget with
a surface about an inch square, that is
estimated worth \$750, procured from
the immediate neighborhood of their
claims. The sight of it is enough to
give an ordinary man the gold fever.
—Kidney Disease.
Why suffer? Get a free sample of an
herb that will cure you. A postal card
will bring it.
