

It is therefore quite important that every housekeeper should be familiar with brands of unquestionable merit and absolute purity, put up with great cleanliness and always reliable. Such a brand we have in the Mox-ARCH goods. They have been on the market for over thirty years, every item of which is fully guaranteed. It is a most comprehensive line, in that it embraces more items than any other line on the market.

.

In order that you may see what degree of perfection has been attained in their preparation we will have an opening at our store on Wednesday, June 19th, 1901, when we will cut and serve Monarch goods all day (beginning at 10 a. m.) and cordially invite yourself and your friends to call on us on that date, assuring you that no pains will be spared to make your visit both profitable and enjoyable.

Yours very truly,
