Both bodies lay in a lane only a few bundred yards from Guild's home. Mrs. Guild heard the shooting and rushed to the spot, only to come upon the bodies of her son and husband. She carefully took off the apron which she wore and wrapped it about her dead husband's head. She was later taken home in a dazen condition and now lies in a serious state from nervcus shock.

Guild was a well-to-do farmer, 60 eight children, the oldest 17 years and arms.

Both bodies showed wounds in the chest. The fatal charges were heavy loads of No. 6 shot and were fired from a tweive-gauge, double-barreled shotgun. The revolver used by Guild was a thirty-eight caliber Smith & Wesson. Four or five chamters are empty.

It is believed that the sheoting was Bricker's cattle" in Guild's corn and handcuffed at the time. Bricker claims Guild struck him with a hammer.

WASHINGTON, June 28.-Justice Bradley in the equity court today decided the Manila bay and Santiago bay prize cases. The decision is in favor of the claimants as to vessels captured and as to property taken from vessels so captured, but against them as to property captured ashore. That decision holds that vessels sunk and afterward raised were captured and not destroyed; that property captured ashore is not subject to prize.
