ses His Eyes and With a Display of Sublime Faith Surrenders Himself to the Inevitable—The Last Words He Uttered.

MILBURN HOUSE, BUFFALO, Sept. 14-President McKinley died at 2:15 o'clock this morning. He had been unconscious since 7:50 p. m. His last conscious moment on earth was sepnt with his wife to whom he devoted a lifetime of care.

He was unattended by a minister of the gospel, but his last words were an humble submission to the will of the God in whom he believed. He was reconciled to the cruel fate to which an assassin's bullet had condemned him and faced death in the same spirit of calmness and poise which has marked his long and honorable career.

His last conscious words, reduced to writing by Dr. Mann, who stood at his bedside when they were uttered were as follows: "Goodby, all; goodby. It is God's way. His will be done." His relatives and the members of his official family were at the Milburn

house, except Secretary Wilson, who did not avail himself of the opportunity, and some of his personal and political friends took leave of him. This patuful ceremony was simple. His friends came to the dcor of the sick room, took a lingering glance at him and turned tearfully away.

He was practically unconscious during this time. But the powerful heart stimulants, including oxygen, were employed to retsore him to consciousness for his final parting with his wife. He asked for her and she sat at his side and held his hand. He consoled her and bade her goodby. She went through the heart-trying scene with the same bravery and fortitude with which she had borne the grief of the tracedy which endangered his life. The immediate cause of the presi-

dent's death is undetermined. His physician's disagree and it will possibly require an autopsy to fix the exact cause.

The president's remains will be taken to Washington and there will be a state funeral. Vice President Roosevelt, who now succeeds to the presidency, may take the oath of office therever he happens to hear the news. The cabinet will, of course, resign in a body and President Roosevelt will have an opportunity of forming a new cabinet if he so desires.

The rage of the people of Buffalo against the president's assassin when they learned that he was dying was boundless.

From authoritative officials the following details of the final scene in and about the death chamber were secured: The president had continued in an unconscious state since 8:30 p. m. Dr. Rixey remained with him at all times and until death came. The other doctors were in the room at times and then repaired to the front room, where their consultations had been held About 2 o'clock Dr. Rixey noted the unmistakable signs of dissolution, and the immediate members of the family were summoned to the bedside. Mrs. McKinley was asleep and it was deemed desirable not to awaken her for the last moments of anguish.

Silently and sadly the members of the family stole into the room. They stood about the foot and sides of the bed where the great man's life was ebbing away. Those in the circle were Abner McKinley, the president's brother; Mrs. Abner McKinley, Miss Helen, the president's sister: Mrs. Sarah Duncan, another sister; Miss Mary Barber, a niece; Miss Sarah Duncan; Lieutenant J. J. McKinley, a nephew; William M. Duncan, a nephew; Hon, Charles G. Dawes, comptroller of the currency; F. M. Osborn, a cousin; Webb G. liayes; John Barber, a cousin; Secretary George B. Cortelyou; Colonel W. C. Brown, the business partner of Abner McKinley; Dr. P. M. Rixey, the family physician, and six nurses and attendants.

Wants to Kill Boosevelt. BERLIN, N. H., Sept. 14.-Learning

that a man who had left here this furenoon for New York has declared that he was on his way to Washington to kill Vice President Roosevelt, Chief of Police Youngeliss has tele graphed the chief of police of New York to look out for him. The man was a foreigner. He tried to buy a ticket to Washington, but could not do so, and bought one for New York.

To Convict Emma Goldman CHICAGO, Sept. 14.-The police of Washington and Buffalo are looking for Charles T. Lafon, a Washington colored man, who was recently employed in the government building at the Buffalo exposition. The following telegram, signed "Prof. Charles T. Lafon," and dated "Washington, D. C., Ceptember 12," was received by Chief of Detectives Colleran here. "Hold Emma Goldman; I have proof to convict her in Buffalo."

Had Been Fearful of Heart. PITTSFIELD, Mass., Sept. 14.-Dr. Charles McBurney, who left Buffalo for Stockbridge, will return. He was seen in Pittsfield as he was taking the train for Stockbridge and said that from the first the president's heart action had caused the physicians some anxiety. From the bulletin issued at 7:40 yesterday, the latest he had rejudge that the president's condition was very critical.

No Plot in Cleveland.

CLEVELAND, Sept. 14.—The police have failed absolutely to in any way connect Czolgosz' movements with those of Emma Goldman. His family denies that he had any of her literature in his possession and no one could be found who had ever seen him at any of her meetings. "I am still of the opinion that there is no anarchist society here and no anarchistic plot to kill the president was formulated in this city," said the chief.

Maggio Makes a Statement. DENVER, Colo., Sept. 14.-A special from Silver City, N. M., says: Antonio Maggio was this evening told that President McKinley was dead. The anarchist at once became very much agitated. He made a statement to the officers which was taken down in writing and which is said to implicate several persons who will be arrested. The officers refuse to divulge anything concerning the statement, which will not be made public.

At the request of the city attorney the hearing was postponed until September 19 in order to allow further investigation of the charge that they conspired to murder the president. Several of the prisoners have admitted acquaintance with the would-be assassin, Czolgosz, and the police are working on the theory that the president's assailant was inspired to do the deed by the teachings he received while here last July. The six male prisoners were held without bail pending the hearing, while the three women arrested with them were held in bonds of \$3,000.

He was taken first to a private room in the station and thence removed to the White House. He had been shot twice, lic to make its own deductions. A PLAIN AMERICAN CITIZEN.

A search through the clothing worn by President McKinley when he was shot revealed the fact that it contained only such articles as might be carried by any one of a million American citizens.

In one trousers pocket was small coins was a small silver nugget, well worn. There were three small ivoryhandled penknives, evidently presents which he valued. In addition there was a battered old coin.

The President's purse, found in another pocket, contained \$45 in bills and a few cards. In a vest pocket were a silver shell lead pencil and three cigars.
