SOLDIERS CALLED OFF

Constantinople Reports that Washington Aids Turks to Desert.

FEARS FOR LIFE OF MISS STONE

Does More Danger in Close Proximity than in Waiting Quietly. The Reason is the Full Over at Once—Arrangements for the Transfer.

CONSTANTINOPLE, Oct. 12.—In compliance with a request from Washington, the search by Ottoman troops for the abductees of Miss Stone, the American missionary, has been abandoned. It being feared that the brigands would kill her, should they be closely pursued. Arrangements are now being made to pay the ransom demanded.

BOSTON, Oct. 12.—The misunderstanding existing in various parts of the country, indicated especially in private advices received here as to the progress of the fund to ransom Miss Stone, the missionary, is considered to be sufficient reason for the issuance of another appeal for funds by the clergymen who signed the first one. The idea is to impress upon the people of America the danger which still threatens Miss Stone. The second appeal follows:

BOSTON, Oct. 11.—To the People of America: The promptings of our hearts compel us to issue a second appeal to the people of America to come to the rescue of Miss Ellen M. Stone, the American missionary now held captive by brigands in the Balkan mountains for a ransom of \$10,000. Nearly one-half that sum is yet to be raised. Private advices were yesterday to the effect that it was absolutely necessary to raise the full amount at once. The story of a thirty days' respite is absolutely discredited in the best informed localities.

The public should not be deceived by the idea that the American board, as such, will pay any of the ransom. It has officially declared that it cannot, although its members have unanimously expressed sympathy with the movement. Will not pastors, tender-hearted women, patriotic men and representatives of commercial and financial activity everywhere, will not every one aid by giving and soliciting until the entire fund is in hand? A life is at stake, the life of a Christian, a missionary, a patriot and a noble American.

All contributions should be sent direct to Kidder, Peabody & Co., 115 Devonshire street, Boston, or Baring, Mayson & Co., 15 Wall street, New York. All money contributed will be returned to the donors in case its use is not necessary or in the event of its being hereafter returned by or through the United States government.

LONDON, Oct. 12.—After detailing the history of the abduction of Miss Stone the Spectator remarks: "President Roosevelt and the Washington cabinet maintain justly that the sultan is responsible, as it is his misgovernment which provokes and protects brigandage, and they intend to demand reparation from the porte. It will not be limited, we imagine, to \$25,000. The porte will be required to punish the authors of the outrage, and as Turkey is sure to shuffle and America is tired of being played with, a naval demonstration is quite on the cards. The sultan will of course yield to the first show of force."

MIDDLEBURG, Cape Colony, Oct. 12.—Sentence of death has been passed on Commandant Lotter, the Cape rebel whose command, composed almost wholly of rebels, was captured by Major Schoel, south of Plettenberg bay last month. Lord Kitchener has confirmed the sentence.

NEBRASKA WOMAN'S CLUBS.

State Federation Has a Program of Unusual Interest.

WAYNE, Neb., Oct. 14.—The program presented at the meeting of the State Federation of Women's clubs was of unusual interest. The address of State Superintendent W. K. Fowler on "Women at the School Meeting and in the School Room" has aroused more interest than any talk yet given at the convention.

Reports were received from forty-one clubs, Mrs. H. H. Heller of Omaha made a plea for the assistance of the federation in the establishment of kindergartens for the colored children of the south. The delegation promised to interest their clubs in the project and if possible to provide for the training of a young colored woman for the work. The daughter of Rev. William Vandersee of Lincoln will probably be chosen if the money can be raised.

Mrs. F. M. Hall gave an excellent art program. She was assisted by Mrs. Bushnell of Lincoln and Mrs. Heller of Omaha. Several women also spoke of ceramics.

An amendment was carried which constitutes the presidents of all the clubs as a nominating committee. After prolonged discussion the amendment to increase the annual dues was carried, but will not take effect until next year.

The reception at the home of Mrs. J. T. Bressler, president of the Wayne City federation, was unusually brilliant. The rooms were exquisitely decorated with roses and ferns. Mrs. Ella Peattie of Chicago and Miss Evans assisted Mrs. Bressler, the state officers and the president of the Wayne clubs in receiving.

This money was all that Moore returned of the insurance companies during 1895 and 1896. Auditor Weston would prefer to pro rate this amount among the various companies, but the Providence company strenuously objects to the plan.

WAR OFFICE DEFENDS

Secretary Broderick Answers Criticism of Its Alleged Apathy.

KITCHENER GIVEN ALL HE ASKS

A Statement of the Number of Men in the Field and Others Available—Asks England to Cease Its Pressing Campaign for the Situation.

LONDON, Oct. 11.—The secretary of war, Mr. Broderick, replying to Sir Charles Howard Vincent's offer to raise fresh troops or do anything else to assist the government, declines the proposal and in doing so lengthily reviews the British position in South Africa, obviously in answer to the persistent and searching criticisms of the ministerial journals and members of parliament that the government is languidly content to let the war drag on. Mr. Broderick says, to begin with, that nothing Lord Kitchener has asked for has not been promptly met. He adds:

"We have, roughly, 200,000 men and 450 guns in South Africa, and over 100,000 men are under training at home. We have no difficulty, therefore, in keeping the field fairly up to its requisite strength by drafts, and if a further call be made we are in a position to meet it with the utmost promptitude. Notwithstanding this, there seems to be an impression abroad that the close of the war is retarded by a scarcity of troops or the want of mobility of our columns."

This impression Mr. Broderick combats by reciting what the war office is doing, providing supplies for 314,000 persons, directly or indirectly connected with the war, in feeding 248,000 horses and mules and maintaining four months' reserves of food for men and animals. Sixty-nine mobile columns, perfectly equipped, are now in the field and 10,000 remounts are being landed monthly, besides those captured.

Mr. Broderick says the anxiety can be set to rest at home. The government has never interfered with Lord Kitchener, in whose vigorous prosecution of the war it has entire confidence. He points again to the vast extent of the country.

Alluding to Lord Kitchener's sending back poorly trained yeomanry, Mr. Broderick replies that they would have been trained earlier but for the opinion of military advisers in South Africa and at home, up to November, 1900, that no fresh troops were needed.

"When Lord Kitchener asked for 5,000 more," says the war secretary, "the government sent out to him 61,000 fresh troops during the first six months of 1901, besides arms for 20,000 local levies."

The chancellor of the exchequer, Sir Michael Hicks-Beach, speaking at Oldham, said he believed parliament would be summoned earlier than usual, but would not be called to attend the autumn session, contending that organized resistance in South Africa really ended a year ago and that only guerrillas are now in the field. He said the British government of the Orange River Colony had raised nearly as much revenue as was raised before the war.

HEILBRON, Orange River Colony, Oct. 7.—Thirteen of Kitchener's scouts have been captured in a Boer ambush.

Most Have Regular Diplomas. DENVER, Oct. 11.—The state board of medical examiners today began a crusade against all who practice medicine without regular diplomas. Give Thousands a Feast. WASHINGTON, Oct. 11.—On the 30th of September the navy department issued an itinerary for the battleship Indiana. It was to take a number of landames aboard on a training cruise through the West Indies. The publication was misinterpreted, as indicating a demonstration on the coast of Venezuela, Indiana was to approach no nearer that country than Port of Spain, but no movements will be reported.

Smallpox Among Indians. WASHINGTON, Oct. 11.—The Indian bureau officials estimate that the number of cases of smallpox on the reservations throughout the west is between 100 and 150. About ten deaths have been reported during the last week. There are eighty cases at the Bad River reservation in Wisconsin, but no deaths have yet occurred. Other reservations where smallpox is prevalent include Leach Lake, Millie Lac and Fond du Lac.

BONUS FOR NEBRASKA COAL

Three Saunders County Farmers Claim Reward for Discovery.

LINCOLN, Neb., Oct. 12.—Three Saunders county farmers, John Joseph, John Fafronek and Nels Gibson, have applied to Governor Savage for the standing reward offered for the discovery of coal in paying quantities within the state. They present a lengthy affidavit in which they assert that on October 3 they found a vein of coal over four feet in thickness at a depth of 225 feet and that on the following day they found the second vein, measuring six feet in thickness and at a depth of 245 feet. Both veins are located in the northwest quarter of the northeast quarter of section 9, in township 13, north range 7, in Saunders county. The farmers insist that they are the first to discover coal in Nebraska and therefore are entitled to the full reward offered by the state. They insist that the coal is of good quality and the veins of sufficient thickness and near enough to the surface to be profitably worked.

The law providing for the award says that when it shall be made apparent to the governor that a vein of coal not less than twenty-six inches in depth and of sufficient capacity to pay to mine and within paying distance of the surface has been discovered it shall be the duty of the governor to appoint a suitable person to examine the same, whose duty it shall be to report the probable extent and capacity of the vein. If the report is satisfactory to the governor he shall direct the auditor to draw an order on the treasurer for \$4,000, to be paid to the owner of the mine of coal. A reward of \$2,000 is offered for the discovery of iron ore.

DELINQUENT ON THEIR DUES. Department Commissioner Urges that G. A. R. Be Paid For Up. LINCOLN, Neb., Oct. 12.—General orders No. 7 were issued by R. S. Wilcox, department commander of Nebraska, Grand Army of the Republic. A short review of the national encampment was given, together with a few words regarding the showing which was made by Nebraska. Concerning the dues of different veterans, the following statement was made:

"At the date of forwarding the June consolidated report of the A. A. G. to national headquarters, this department paid for per capita tax on 1,660 comrades who belonged to posts that had failed to make their report or pay dues to these headquarters. This was done to keep up our standing at the next national encampment, as our representation is based upon our June report, and believing those posts that were delinquent would certainly send in their report soon, but at this date, notwithstanding special notices have been sent out, the following posts are delinquent:

"No. 17, 26, 30, 31, 53, 55, 65, 121, 122, 124, 125, 127, 146, 158, 162, 209, 215, 220, 223, 225, 228, 244, 247, 259, 269, 281, 286, 272, 285, 287, 292, 311, 315, 321, 327, 328, 336, 344, 346 and 348."

The commander trusts that the simple mention of these posts will be the means of spurring up the officers and that the department may receive reports from them before many days. We need you, comrades, and you need us. We do not desire to drop you, but unless the reports are in before January 1, under our rules and regulations, such action will have to be taken.

A good many of them are refusing to sign leases for it and intend to oppose the company's efforts.

General Wood Makes Favorable Report of Conditions in Cuba.

WASHINGTON, Oct. 11.—The department has made public the annual report of Major General Leonard Wood says the general condition of the American troops in Cuba continues to be excellent, and, as heretofore complaints against them from civil authorities and individuals are extremely rare. The total number of deaths of officers and enlisted men during the year was 67, a percentage of less than 1.26. Yellow fever has now been almost driven from the island owing to the energetic war on the mosquitoes and the sanitary precautions adopted. However, during last summer five officers of General Wood's staff were taken ill with yellow fever and three of them died. Among the headquarters employes, there were forty-eight victims of yellow fever, with eleven deaths.

General Wood devotes a good part of his report to a statement of the results of the tests of the artillery in fortifications left by the Spanish and summarizing these he says: "The behavior of the guns and carriages was rather better than was expected by the artillery officers."
